Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Voters' Pamphlet Translations

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. [Follow the instructions!](#)

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

→ No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

(This information furnished by The Constitution Party of Oregon.)

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose "**None of the Above**" for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Andrea Salinas (Democrat, Congressional District 6)

These incumbents have continually shown their willingness to put the interests of their constituents second to that of foreign powers and the arms industry, proving their unworthiness to hold office. **The LPO is actively recruiting candidates for THESE and ALL OTHER races** across our state and encourages ANY interested persons to **contact us at campaigns@lporegon.org**.

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

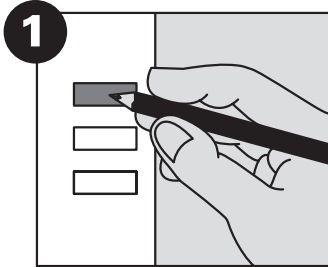

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

Prior Governmental Experience: Voter

You're probably asking yourself why Teresa Orwig? She has no political experience! To that I say, **exactly!** I am... Oregon's Congressional District 3. Born and raised Oregonian. Proudly put myself through college as a single mother (to an amazing young adult) and became a proud first time homeowner in my late 40's. However, It wasn't long ago in the summer of 2020 that I started noticing a drastic change in the Oregon I love. I honestly became alarmed at what I was seeing and began visiting other states thinking "I gotta get out of Oregon". After visiting many other states, I realized that we truly do live in the most beautiful and unique state in America. I am 100% committed to the residents of District 3 and Oregon.

So, with your support, we will bring back common sense governance by the people as it was intended to be. Never support special interest groups. Represent equality for every Oregonian but never at the expense of another. It is possible and together we can bring back the voice of those that feel they are not heard. This is a commitment I make to you, your children and your grandchildren so Oregon continues to remain the state we all love and cherish!

Thank You for considering me to represent you as your Oregon District 3 US House of Representative.

Issues:

Responsible gun ownership: Get guns out of criminals hands, 2A rights for law abiding citizens

We the people deserve a Representative who protects us from an overbearing government that destroys our rights and prosperity. I will fight for everyday families to keep their freedoms and hard-earned money. I'll listen to the People.

Top issues include:

Security: Americans have the right to live in peace and safety. I'll work to incentivize leaders to uphold laws, secure our borders, and fund first responders.

Inflation/Economy: Return to a robust economy through energy independence and cutting wasteful spending.

Affordable Housing & Homelessness: Lower the cost of housing development; compassionate solutions to the homeless crisis that restores human dignity and hope for their future.

Education: Education freedom for students through school choice and student-based funding solutions.

Tolling: No tolling without the vote of the people.

Medical Freedom: No medical mandates.

Small Business & Farms: I will fight for Oregon's small businesses and farms, not huge out-of-state or foreign corporations that get special favors from D.C..

Health Care: Cut costs of health insurance with more coverage options while protecting pre-existing conditions. We cannot afford universal health care controlled by a government agency wielding excessive power to limit our medical options.

Sex & Human Trafficking: Stop the exploitation and slavery of humanity. Support the victims.

Sustainability: I will seek sensible natural resource and transportation policies that preserve both jobs and the environment. The "Green New Deal" will bankrupt our country and over tax the power grid.

Accountability: Full accounting of each federal agency to ensure efficiency and effectiveness. Eliminate wasteful spending. I won't vote for laws that exempt politicians.

Vote Joanna Harbour, who will fight for your safety, prosperity, justice, and the Constitution.

Lori grew up in a farm community and **became the first in her family to graduate from college**. She settled in Happy Valley with her husband, Shawn, where they raised twin daughters. Together, they founded an anesthesia management company and several mental health clinics throughout the Pacific Northwest. In 2023, Lori became the first Republican Latina to represent Oregon in Congress.

Improving Public Safety

In Congress, **Lori has backed tough-on-crime policies and supported law enforcement** to get dangerous drugs like fentanyl out of our communities. She has also supported legislation to secure the border and disrupt drug smuggling and human trafficking.

Providing Tax Relief and Practicing Fiscal Responsibility

\$2.1 trillion will be saved over the next six years due to the Fiscal Responsibility Act, a bill Lori supported and was signed into law. She also voted for **tax relief to make life more affordable** for Oregon families.

Supporting Our Nation's Military and Veterans

Lori has prioritized supporting our service members and veterans, backing the largest pay raise for troops in two decades. **Her HOME Act passed the House**, which will help lift struggling veterans out of homelessness.

Standing Up for Parents and Children

As a mom who founded the Happy Valley Youth Council, Lori is passionate about standing up for parents and students. As a member of the Education and Workforce Committee, she led two proposals that were included in the House-passed Parents Bill of Rights – **ensuring parents have a right to know what their children are taught**.

Working to Stop Tolling

Lori led the federal charge to prevent tolling from moving forward on Oregon's freeways.

US Representative, 6th District

Mike Erickson

Republican

Occupation: Tigard Small Business Owner; Supply Chain and Logistics

Occupational Background: Transportation & Logistics Management

Educational Background: B.S., Business, Portland State University

Prior Governmental Experience: None

Why Oregon Needs Mike Erickson's Experience in Congress

Mike Erickson is a Tigard businessman who started his business out of his garage and grew it to one of Oregon's fastest-growing companies. Working two jobs, he put himself through college. He was the first in his family to graduate. Mike's wife is a healthcare nurse.

Mike understands how to run a successful business and stay within a budget. He is an everyday problem solver who helps companies save money. Mike will work across party lines to find solutions.

As the son of a 30-year police officer, Mike understands law enforcement and keeping **our community safe. Mike will work to fully fund the police and stop the legalization of dangerous drugs.** This includes increasing border security and the influx of human trafficking and drugs.

"Mike Erickson is a strong and proven conservative business leader. Congress needs someone like Mike whose business background is badly needed." - Kevin Cameron, Marion County Commissioner

Securing Our Southern Border

Mike Erickson wants our southern border secured, now. Allowing 8 million illegal immigrants to pass through our borders without going through proper channels is unthinkable. The pressure on our States and cities with the massive influx of fentanyl is compromising our communities, stressing our healthcare system, and costing millions. It must stop.

Fighting Inflation & Growing our Economy

Let's say what inflation is: a tax on America's families. Incompetence by politicians and out-of-control spending policies have led to record inflation. Families are seeing massive price increases at the grocery store and gas pumps.

"Mike is the one candidate who will fight to support our hard-working police officers." - David Bishop, Former Beaverton and Newberg Police Chief

God

The Constitution

You

These are my highest priorities.

I am an America First Servant Leader, Patriot Warrior

and I am asking for your vote.

You voting and being an informed voter are much more important to me than who you vote for. This important decision should not be taken lightly. PLEASE research the candidates thoroughly before voting. If you just vote for the person who bought the most radio/TV ads and filled your mail box with the most garbage you could be making a big mistake. A good place to start is the candidate's website. Mine is RussIsForUS.com. Instead of cramming a bunch of "triggering" bullet points into this pamphlet statement I direct you to my website for the whole story. RussIsForUS.com has my stance on nearly everything, and you will be able to contact me directly.

Thomas Sowell said, "If you want to help people, tell them the Truth. If you want something from them, tell them what they want to hear." I am committed to telling you the truth and restoring the Constitution for The United States of America.

I will always act in your best interest in Washington DC and not be subject to bribery or blackmail. You can believe this because I:

- 1) am accountable to God when I leave this world
- 2) do not have a multi-million dollar business that I am afraid of losing or want favors for, and
- 3) do not have huge donors, or people that appointed me to office, that I fear losing support from.

I am not elite and I will fight to the death for you and the USA. In these times of upside-down morality, how many people will tell you that?

Vote for Freedom, Liberty and Local Control.

Vote for Russ, he's for US.

"Dennis is the perfect leader to ensure voter integrity, oversee corporate registrations, and audit state agencies." –Senator Brian Boquist

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

Educational Background: U.S. Air Force Technical Training, Leadership School, Realtors School, Business, Law Education

Prior Governmental Experience: United States Military, USPS

For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shoplifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

Educational Background: Associate degree in Production

Agriculture, Bachelor of Arts in Business and History

Prior Governmental Experience: President of the Association of Oregon Counties; Morrow County Commissioner, Governors Alcohol & Drug Policy Commission, Jefferson County SWCD chair, Morrow County SWCD, NACo Representative

Jim Doherty: Proven Leadership. Delivering Results.

I deeply value the residents of Senate District 29. Instead of just pledging my dedication to their needs, I seek to actively listen and work with them through compassionate conservatism. My goal is to engage directly with our diverse communities in policymaking and serve as a reliable bridge, bringing the voices and concerns of District 29 to Salem, ensuring that Eastern Oregonians have a significant role in decisions impacting our robust rural communities.

"Jim's leadership capabilities have been tested and proven time and time again. He is the right person to represent Senate District 29 in Salem" – Sheriff Brad Lohrey, Sherman County

Illegal Immigration

I support legislation that was introduced in the recent legislative session which would immediately notify federal authorities when an illegal immigrant is arrested for delivery or manufacture of fentanyl in Oregon. The person would not be eligible for release, except as provided by the Oregon Constitution. We must protect our communities.

Inflation and Increased Taxes

Under the Biden Administration's policies, everything has skyrocketed in cost: gas, utilities, groceries, cars, rent, and more. Oregon must be a leader in cutting costs for Oregonians, we can't have Portland and Washington DC policies dictating how we live here in Eastern Oregon.

Protecting Our Gun Rights

Our 2nd Amendment rights are quickly being eroded. We have more than enough gun laws on the books. In fact, some need to be repealed. Protecting our 2nd Amendment rights is a priority for me.

Office of Rural Policy

I will bring legislation that will ensure we are once again heard in Salem.

Small Business Owner

As a small business owner, Dave has experienced firsthand how policies in Salem affect working families trying to make ends meet. Dave knows how to balance a budget and meet a payroll, and he will work to lower taxes and allow employers to invest more in their workers. Communities thrive when businesses are allowed to succeed.

Protecting Conservative Eastern Oregon Values

Our constitutionally protected Second Amendment rights are being eroded, and the sanctity of life is being undermined and disregarded. Dave will stand firm in his support for lower taxes, safer communities, the right to life, and defending our Second Amendment.

Fiscal Responsibility

Inflation and ill-advised tax policies are hurting our families and businesses. State government continues to spend more and offer one-size-fits-all solutions that don't work for rural Oregon. Dave believes state government must be accountable for every dollar it spends and will fight for a transparent process, making the best use of available revenue and not putting additional tax burdens on families and businesses already struggling to afford everyday expenses.

Eastern Oregon is a great place to live, yet we are facing challenges that require experienced leadership in natural resources, economic development, and our community. As Senator, I will preserve our way of life and ensure your voice and priorities are represented in Salem.

I believe we are entitled to our Constitutional rights, individual choices, and personal freedoms. **I am 100% pro-life and pro-second amendment.** I support local control and decision-making and believe in reducing government overreach.

Addressing public safety is paramount. **We must fully fund** our police, first responders, and public safety professionals to combat increasing crime rates in our communities.

Inflation and Salem's tax-and-spend policies are making it harder to provide for our families. **I will oppose tax increases and vote to protect your Kicker** so your hard-earned money stays with you.

We need to prioritize natural resources and agricultural opportunities. **These industries are key to our economies**, and need support from our state leadership. **We need to bolster businesses**, putting money in our local economy, creating job opportunities, and increasing resources for public safety, schools, housing, and essential services.

As your Representative, nothing is more important to me than upholding my oath to defend the Constitution. Since 2020 I've fought the establishment to stop the massive corruption behind the DEI, homeless, drug, housing and climate scams defrauding millions of taxpayers in Oregon. As government swindles us out of our property rights, parental rights, gun rights, speech rights and voting rights, our children are cheated of their innocence, education, safety and fair competition. For too long we've stood on the sidelines as progressives wreak havoc on our communities and, for too long, we've allowed legislative Republicans to vote right alongside them.

IT'S TIME FOR A NEW REPUBLICAN ESTABLISHMENT IN SALEM.

I'm leading the next generation of **America First** Republican politicians with zero tolerance for corruption and progressive communism in Oregon. You have my *solemn promise* that I will continue to protect our children from Gender Theory and DEI indoctrination fueling the division, violence and failure in our schools. I'll protect women's rights; affordable energy and I'll stand against the Chinese globalist agenda tearing at the fabric of our economy. I'll defend our borders, eliminate immigration sanctuary status and reduce human and drug trafficking throughout Oregon. I'll eliminate computerized ballot counting and allow public inspection of election records without interference.

As your State Representative, I'll protect the rights and ability of local law enforcement to keep our communities safe and free from rampant drug use, homelessness and crime. I'll continue to fight for the soul of our state and do everything in my power to change our future course. So, help me God.

Educational Background: Master of Business Administration, University of Redlands; Bachelor of Arts, Marshall University

Military: U.S. Army Reserve 1999-2007

Having transitioned from competitive collegiate athlete to serving in the U.S. Army Reserves and thriving in the business world, I have a proven track record of excellence and dedication. Today, I'm driven to channel that same passion and commitment into advocating for you in the State Legislature.

Returning to Law & Order

Our criminal justice system needs to return to deterring crime by enforcing existing laws and prosecuting offenders. Graffiti and retail theft may be a lower priority than violent crime, but we can't ignore it either. I want to see our neighborhoods clean and safe, and law enforcement supported and respected.

Families First, Not Bureaucrats

COVID shutdowns were an eyeopener for our family. As the mother of a special needs student and young twins, it was challenging when we were forced to administer lesson plans at home. We quickly learned that our schools were more focused on extreme political agendas than education or socialization. Our kids deserve objective, outcome-based learning that prepares them for the real world.

Advocate & Leader in Equal Rights

Since coming out at the age of 13, I've carried a deep-seated commitment to empowering individuals to embrace their true selves. Even during the era of "Don't ask, don't tell" in the U.S. Army Reserves, I fearlessly advocated for equal rights. I've spearheaded initiatives promoting diversity and understanding in the workplace and volunteered for crisis support services focused on preventing teenage suicide.

Stopping Runaway Inflation, Tolling and Tax Hikes

The last things struggling Oregonians need right now are added daily expenses. I'll stand firm against tolling our freeways and oppose tax and fee increases.

Culture of Service

As a MEDEVAC helicopter pilot who has served in Syria, fought Oregon wildfires, and evacuated injured hikers from Mt. Hood, I have answered the call of public service. I’m ready to answer again as your next State Representative.

A Local Candidate Focused Your Priorities

I’ve lived in Milwaukie my entire life, from being born here to raising our diverse family. As a fourth generation Milwaukie resident, I understand our neighborhoods and want your family to enjoy them with the same inclusion and opportunity I’ve experienced.

Crime and Vagrancy Must Be Addressed

There’s nothing compassionate about allowing the mentally ill and addicted to go unsheltered and untreated. We need to start enforcing any laws that provide an opportunity to approach treatment as an alternative to punishment.

Putting the Brakes on Property Tax Increases

Voter-approved bond measures have caused massive property tax increases that are making housing more expensive for everyone. I’ll work to reform the loopholes that exempt certain bonds from compression and introduce legislation to require a 3/5 majority vote for any bond measure that raises revenue.

It is 20 years ago now since Oregon had a thriving economy and a reputation for environmental integrity.

Today, I don't have to tell you that Oregon is beset by higher costs of living than most other states, higher taxes than most other states, and a deteriorating quality of life.

The crux of Oregon's decline in the last two decades is a false hope in the state government's ability to tax, spend and regulate Oregon to a better quality of life.

The truth is that Oregonians have it within themselves as individuals to apply themselves and let their talents and skills drive Oregon to a higher quality of life. (Small business entrepreneurs of all walks of life are waiting to be unleashed.)

The state government needs to allow Oregonians as individuals to become more responsible and accountable, allowing Oregonians to seek out each other - rather than the government - to exchange value in constructive ways.

This is the wonder of collective individual transactions, a network of individual experiments finding the highest benefit with least cost.

If elected I intend to foster the free and unobstructed individual pursuit of happiness and well being for all Oregonians.

Prior Governmental Experience: Damascus City Councilor; Finance & Budget Committee Chair for the City of Damascus
Community: Past Vice Chairman, Mt. Hood Legacy Health Foundation Board; Former Board Member of Portland Youth for Christ; Youth Sports Coach.

When COVID hit, I was a single father and had to balance my job with educating two boys at home. I was shocked by the inefficiencies and complexities in what should have been a straight-forward online learning system. Having run large sales forces for technology companies my entire career, I have the skillset to bring common sense ideas and pragmatic solutions to Oregon's overly bureaucratic state government in education and beyond.

Stable Funding for K-12

It is unconscionable that Oregon's Cosmetology Board and Advisory Council on Hearing Aids have stable funding, but our public schools don't. We need to protect school funding as a priority by locking in funding permanently.

Raising the Bar

Oregon keeps lowering the bar to access subsidies. What was intended as a safety net has turned into a trap, leaving Oregonians stuck in a cycle of poverty. We need to discourage long-term use of government subsidies with clear paths to job training for more lucrative careers that lead to self-sufficiency.

Tools to Fight Trafficking

I'll work with law enforcement agencies to coordinate training and tools to recognize and address human and drug trafficking along I-5. As someone who has worked in communications technology my entire career, I can help police coordinate between jurisdictions to break the cartels' grip on Oregon.

No New Taxes or Tolls

I'll vote against any new tax or fee that threatens to make life more expensive for Oregonians.

The Conservative Choice

I'm a small business owner, father of two, and your neighbor. I've grown up in this community and understand its unique needs. I still drive the first car that I bought 36 years ago, and I am not afraid to get my hands dirty.

A Voice for the Silent Majority

We can't afford more of the Democrat mismanagement that's driving Oregon into the ground. We must speak out against the lawlessness, taxes, and extreme ideologies that are threatening our families.

We need more people in the Legislature who understand what it's like to sign the front of a paycheck and fewer people who make a career out of spending our tax dollars.

Government works best when hard-working Oregonians get involved. As your State Representative, I'll be YOUR conservative voice in Salem!

A Common Sense Conservative Who Can WIN

Democrats have complete control over Oregon. To turn the tide against their failure, we must WIN. In the last election, **I came within just over 600 votes of beating the radical Democrats** as a first-time candidate. This time, with your help, we can win!

In Salem, I'll fight the extreme agenda of Portland progressives by:

- Protecting the unborn
- Supporting the 2nd Amendment
- Advocating for the end of Oregon's sanctuary state status
- Supporting parental rights and school choice
- Restoring graduation standards
- Focusing schools on the basics: reading, writing and arithmetic
- Ensuring election integrity
- Standing up for law enforcement against rising crime
- Stopping over-taxation and over-spending that drive inflation

PARENTS' BILL OF RIGHTS

The pandemic shined a spotlight on the role our public schools have taken in pushing an extreme agenda at the expense of academics. I'll continue my work to pass a Parents' Bill of Rights, fight for school choice, and restore graduation requirements.

CUTTING TAXES & REDUCING COST OF LIVING

At a time when families are struggling to make ends meet, Oregonians are burdened with the second highest taxes in the nation. I will fight for lower taxes and cut the red tape burdening Oregon's small businesses.

ADDRESSING THE CRISIS IN OUR STREETS

Homelessness, drug abuse, and violent crime are leaving Oregonians less safe. I will fight to reverse the failed policies that got us into this mess, will advocate for mandatory drug treatment programs, and will always stand with law enforcement.

Bringing People Together. Getting Things Done.

As your State Representative, I fight for family-wage jobs, parental rights in education, government accountability and safe communities. Elected officials in Salem are drunk on power and need to be held accountable. I held people accountable as a police officer, and I will continue to hold politicians accountable in Salem.

Advocating for safe communities. Oregonians deserve safe streets free of drugs, crime, and homelessness. I support policies that restore accountability and support treatment for those struggling with addiction. I stand with our law enforcement and first responders who put their lives on the line to serve our communities.

Fighting back against government overreach. Politicians in Salem believe they can control all aspects of our lives with mandates. I will fight every day to stop this trend. We live in a free country, it's time our elected leaders start acting like it.

Investing in education: As a father, I know first-hand the importance of ensuring our schools have a robust curriculum and are transparent with parents. My commitment will always be to support our schools, students, parents, and teachers.

Promoting economic growth: We need high paying jobs for the people of this district, and we need policies that will attract and retain those jobs. Without small business, everyone suffers. I will continue to advocate for policies to help develop and grow businesses in our community.

Senator from Delaware (1973-2009)

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of *Roe v. Wade* so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

I stand for Oregonians **thriving together**; that means putting the well-being of our communities first. We're often forgotten in rural Oregon. I will make sure that no matter how far from Salem or DC you live, you can have a job, family, and meaning. Our path forward is built on innovative approaches to critical barriers in our region.

Thriving begins with **education**. Too many students in our district don't have the resources they need. Many Oregonians seek a better life for their families but can't gain the new skills needed to command higher wages while working full-time. In congress I will work on legislation to fund Career and Technical Education, expand broadband access for hybrid programs, and provide new options for flexible learning. By strengthening our educational infrastructure we can provide everyone better opportunities to achieve individual potential.

We face a major **housing** crisis. The dream of homeownership is unrealistic for many families due to skyrocketing costs and lack of availability. I will work to secure federal investments for innovative housing projects and promote policy that encourages development of sustainable, low-cost housing options. Everyone deserves a safe and affordable place to call home.

Since the last election, Oregonians were devastated by a global pandemic and regional wildfires. Our **behavioral health** has plummeted. Oregon ranks near last nationally for youth and adult mental health and access to care, according to Mental Health America. I will work with local leaders to create treatment options, transitional housing, and a stronger workforce of providers. With comprehensive and equitable programs, we can *thrive together*.

Each day, MAGA extremists spread disinformation to undermine our rights and democracy. Our next representative must be prepared on day one. As a physician and state representative, I always listen to the challenges Oregonians face, look at the data and science, and work with others to find solutions.

In the state legislature, I found common ground to successfully: protect abortion access, secure historic housing investments, improve public safety, protect the environment, increase addiction treatment, and close firearm law loopholes.

But when I help patients struggling to afford care they need, or work to help patients find housing, I see these victories aren't enough. We need a progressive who will get results in Congress. **I will use my experience as a physician and representative to:**

- **Address our homelessness and addiction crises:** Build more shelters and housing, increase federal support for addiction and mental health services.
- **Ensure healthy communities:** Champion universal healthcare, including abortion, hold Big Pharma and Big Oil accountable, and expand renewable energy.
- **Rebuild a fair economy with opportunity for all:** Fight for high-quality schools, universal childcare, good-paying union jobs, and a lower cost of living.

Americans Have Become Demoralized

Due to corruption, we haven't seen our interests played out in decades. For too long, our political system has been captured by money and special interests who have bought and sold our politicians, our parties, and our policies. They have *gamed the elections, our laws, and our institutions.*

Our Election System is Broken

The current system ensures that the elections are handed to the choices of the DNC Elite. Since the start of the cycle, my campaign has been *ignored & rejected* by DPO allies that claim to support youth involvement. Local news has actively campaigned for the "establishment" candidates while ignoring campaigns like ours that didn't start with *money/power*. To be clear, we aren't soliciting voters for donations. We recognize that CD3 works *paycheck to paycheck* and cannot afford political donations, so we're asking for volunteers instead. We believe that if we are going to save the Democratic Party, we **MUST** take Big Money out of elections.

Our Campaign is Run Entirely by Students

I'm 26 years old, and if elected would be the 2nd Gen Z member ever to join Congress. A benefit of my youth is that I'm an optimist. I believe that we in fact **CAN** lift Americans out of poverty, give care to the sick, and preserve God's Green Earth. It is up to us. We've seen our representatives sell our futures to the rich. **It's time we stand up and demand it back.**

We need:

A CEASEFIRE NOW

A CLEAN PLANET

CRIMINAL JUSTICE REFORM

MONEY OUT OF POLITICS

HOUSING, EDUCATION, & HEALTHCARE

to **TAX THE RICH**

to **END FOREVER WARS**

to **PRESERVE SOCIAL SECURITY**

US Representative, 3rd District

Eddy Morales

Democrat

Occupation: Gresham City Councilor
Occupational Background: Progressive Organizer, Small Business Owner
Educational Background:

University of Oregon

Prior Governmental Experience: Gresham City Councilor (2018-present); Council President (2021-22)

With chaos, dysfunction, and far-right extremism in Washington, here's why **Eddy Morales is the best choice for us in Congress:**

Eddy has the lived experience to fight for what matters most to Oregonians: Eddy's mom immigrated from Mexico and then fled to Oregon to escape domestic violence where she brought generations of her family together under one roof. Eddy lost two brothers to gun violence and a sister to addiction. That's why Eddy will fight to improve housing, public safety, and healthcare.

Eddy is a 25 year community organizer who has led progressive efforts to improve our communities:

- Leads the local board of Planned Parenthood
- Founded East County Rising, a nonprofit training people for roles in government
- Created a first-of-its-kind Youth Violence Prevention Program, addressing the root causes of crime

Eddy has successfully addressed housing and public safety as a Gresham City Councilor:

- Delivered affordable multi-generational housing, allowing grandparents, aunts, and uncles to live together as his family did
- Brought new funding for police training while supporting strict accountability and improving community relations

Eddy will bring new perspectives to Washington, as the first Latino, child of immigrants, and LGBTQ+ person to represent this district.

This record makes Eddy Morales the best Democrat to fight for us on our biggest challenges:

- Protecting our Democracy
- Defending Reproductive Freedom
- Reducing Homelessness and Expanding Affordable Housing
- Fighting for Affordable Healthcare
- Combating Climate Change

Democrat

Occupation: State Representative, Local Business Owner

Occupational Background: Electrical Engineer

Florida A&M University; M.B.A., University of Michigan

Prior Governmental Experience: State Representative; North Clackamas School District Parent Leadership Alliance

The daughter of teachers, working mother of four, small business owner and our state representative since 2016, Janelle has been a champion for our community and is standing strong against MAGA extremists threatening to pass a national abortion ban and take away our voting rights.

Janelle's beaten Republican Lori Chavez DeRemer twice. She'll do it again and fight for equality and justice for all Oregonians.

- **Our rights and freedoms have never been under greater threat.** Janelle believes a woman's health decisions are between herself, her family and her doctor. She will lead the fight to restore women's right to abortion nationally.
- Janelle sees how hard things are for Oregon's families. **She has a track record of fighting for lower costs, higher wages, paid leave, and equal pay.** In Congress, she'll go after price gouging corporate CEOs and lower housing and grocery costs.
- **Janelle's making health care affordable and accessible,** voting to cap insulin costs. Janelle will stop MAGA extremists from repealing Obamacare so Oregonians don't have to worry about losing lifesaving coverage.

Cody Reynolds

Democrat

Occupation: Business Owner

Occupational Background: Owner, Investor, Advisor, and Soldier

Educational Background: West Point Graduate

Prior Governmental Experience: Enlisted Soldier, United States Army Officer

As a single father, Army Veteran, West Point graduate, and a businessman I've faced many challenges. At 13, I took on the responsibility of caring for my disabled brother while we lived in a trailer. Despite the hardships, we persevered.

My journey took a turn at 25 when I was injured, ending my military career. However, I didn't let that stop me. I built successful businesses and dedicated myself to mentoring disadvantaged youth in my community. I'm self funding my campaign without relying on support from unions, corporations, or special interests. I firmly believe that my allegiance should be to the people of Oregon, not rich men in Washington DC.

Our nation stands at a critical juncture. We can either follow the same old politicians or opt for fresh voices with new ideas.

In Washington, my priorities are clear:

- **Confronting the homelessness crisis head-on by funding effective programs while demanding accountability from those we're trying to help. The hands off approach of our current leaders has failed.**
- **Ensuring everyone has access to high-quality, affordable healthcare. I propose opening Medicare to all who wish to enroll.**
- **Making substantial investments in our future economy. While we may not immediately transition away from fossil fuels, we can invest in the necessary infrastructure and technology to ensure that the United States remains the center of innovation.**

I take pride in serving my country and community.

It would be my honor to earn your vote and serve you.

Andrea Salinas

Democrat

Occupation: US Congresswoman

Occupational Background: Environmental, Health Care Advocate

Educational Background:

University of California, Berkeley, BA

Prior Governmental Experience: Oregon State Representative, Oregon Complete Count Committee, PEBB Member, Oregon Commission on Hispanic Affairs

As the daughter of a Mexican immigrant who worked in the fields before serving our community in the military and as a police officer, Andrea knows change can happen in a generation through hard work. As a mom and a member of Congress, Andrea's driven by a commitment to create opportunities for all Oregonians and build a stronger future for her daughter's generation.

Andrea's delivering results for Oregon through:

INVESTING IN AFFORDABLE HOUSING – Andrea knows we must tackle our housing affordability crisis head on. In Congress, she secured federal funding for affordable housing initiatives in Tigard and Newberg. She also supported legislation that would pave the way for two million affordable homes to be built in the next two years.

IMPROVING ACCESS TO MENTAL HEALTH CARE – Andrea's a leading advocate in Congress for improving access to mental health services. She founded the Bipartisan Rural Health Caucus and introduced legislation to improve mental health support for firefighters, rural Americans, Medicare and Medicaid recipients, and others that face disproportionate barriers to care.

TACKLING THE FENTANYL CRISIS – The health and safety of our community is a priority for Andrea. She meets regularly with law enforcement and local stakeholders to find solutions to the national fentanyl crisis. She secured two federal grants for Oregon's rural communities that will help to get fentanyl off the streets and improve public safety.

FIGHTING FOR REPRODUCTIVE RIGHTS – Here in Oregon, Andrea helped pass the nation's strongest reproductive rights law so Oregon women have the right to choose no matter what. As your Congresswoman, Andrea will continue to fight to protect access to abortion.

Secretary of State**James Jim Crary**

Democrat

Occupation: Retired**Occupational Background:** Attorney; Supply Chain Management**Educational Background:** BBA-Pacific Lutheran University; J.D.

University of San Diego

Prior Governmental Experience: Greensprings Rural Fire District; Pinehurst School District; Army 1972-73**"I'm not asking you to vote for me, vote for yourself."** (Harry Truman)

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

Questions/comments; call me at 541-531-2912 (Good luck getting ahold of the other candidates).

Vote for yourself, by voting for me!

*(This information furnished by James A. Crary.)***Secretary of State****Paul Damian Wells**

Democrat

Occupation: Retired**Occupational Background:** Electrical Engineer**Educational Background:** BSEE Purdue 1984**Prior Governmental****Experience:** Voting Rights Advocate since 1992**Ranked Choice Voting (RCV)**

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

Delivering on our Values**

As a legislator and State Treasurer, Tobias:

- Responsibly invested billions of dollars in Oregon's pension fund to ensure a secure retirement for hundreds of thousands of workers, and created OregonSaves, so Oregonians without a pension plan can save for retirement.
- Helped lead the effort for full-day kindergarten, so a good educational start doesn't depend on income or zip code; increased options for families to save for college; and passed Open Oregon, which has saved 1.5 million students over \$152 million on textbooks.
- Protected our environment by saving the Elliott Forest and creating the plan to bring Oregon's pension fund to net zero carbon emissions.

Tobias Read is the only candidate for Secretary of State with successful managerial experience running a statewide agency.

The Right Priorities for Secretary of State

- Defend election integrity by fighting misinformation and by making it easier to vote.
- Protect Oregon's election workers by strengthening security against threats and intimidation.
- As "auditor-in-chief," use audits to make sure our tax dollars aren't wasted, have the impact we need, and are free from political interference.

1. Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. Also, the submerged pipelines will push water down the river at a faster pace in order to avoid river flooding. Videos on Dave's invention are at:

Facebook <https://www.facebook.com/Staufent11/videos/527860141260379>

2. Dave Stauffer's second invention, when installed on every house in America and throughout the world, will greatly decrease every household's use and cost for heating their house, air conditioning their house, heating water in every house, generating pollution-free electricity in every house so it will drastically reduce the air pollution that is caused by burning coal, fuel oil, and natural gas to heat, air condition, heat water, and provide electricity to houses and buildings. Info on Dave's "Zero-Fossil-Fuel-Using Heating and Cooling Apparatus for Residences and Buildings" is at:

www.facebook.com/Staufent11/videos/2812893908778011

3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4. Another invention will generate pollution-free electricity from ocean waves.

- Form a broad coalition of institutional investors and use combined corporate governance votes to develop and champion post-carbon business plans.
- Better disclosure around climate-related risks on bond issuances and investments.

Jeff is the only candidate for Treasurer to pledge NOT to accept fossil fuel money.

Strengthening Schools

Dear Neighbor,

I was raised in District 37. I've watched our lawmakers fail to keep our community safe, livable, and affordable.

CORPORATE DEMOCRATS

The ones who vote for big business.

They allowed:

- PGE to raise our rates by 18.5% this year
- OHA to tax health care
- Big Pharma and Corporate Medicine drive up healthcare costs
- Billions in tax dollars to large and out-of-state corporations Harm to small farmers and excessive food price increases

I've watched **Corporate Democrats GIVE BILLIONS of DOLLARS** to big businesses, leaving small businesses and families behind. **Nike and Intel pay a lower rate** than working families.

FAKE ENVIRONMENTALISTS

They passed laws to shred our urban growth boundary and let developers **PACK THOUSANDS of HOUSES INTO STAFFORD** – increasing traffic and decreasing quality of life.

As a prior board member of Oregon Wild, I've worked to protect and conserve our environment!

Good bills Democrats killed in Salem recently include:

- A bill to cut income taxes to 4% for WORKING FAMILIES (Oregonians pay up to 9.9% - BIG CORPORATIONS PAY LESS);
- A tax deduction for people renting homes (while Landlords got a 10% rent increase); A bill to allow families to deduct student loans from income taxes;
- A bill to FREEZE SENIOR PROPERTY TAXES;
- A bill to LET VOTERS VOTE on FREEWAY TOLLS;
- A bill to RESTORE the OREGON PROMISE to kids who missed out on free college tuition because of Covid lockdowns;
- A bill to let parents help their addicted teens into drug treatment; and
- Many more laws that would've helped PEOPLE, Not Big Corporations & Corporate Medicine.

Who are Democrats in Salem really representing?

NOT US.

I'd like to fix that.

Sincerely,

Brian Maguire

Climate change is the main reason Mark first ran for office. It remains his top priority to this day. During his first term in the legislature he professionalized the Environmental Caucus and brought on visionary staff, championed groundbreaking environmental policies, and successfully killed efforts to weaken environmental protections to create more profit for wealthy interests. Mark has also set the stage for the next big push: modernizing how we plan and build out our electrical transmission systems.

Mark Gamba Champions Solutions to the Housing Crisis

Homeownership is the traditional way of building generational wealth and it is increasingly out of reach for regular Oregonians. Solving this crisis requires an all-hands-on-deck approach. Mark has led the charge on reforming how we finance affordable housing, on renter protections, on lowering the cost to construct new housing, and more. We can trust him to continue the fight in Salem.

Mark Gamba Fights to Rebalance the Scales of Wealth Inequality

Nearly all of our societal ills may be traced back to the diminishing share of wealth held by the middle and lower classes. From diseases of despair like drug addiction, to rampant unsheltered homelessness, to Americans' shortening life expectancy, the concentration of wealth into the hands of a relative few has left the rest of us increasingly struggling to survive. Mark is unafraid of taking on monied interests and pushing for bold, transformative change. We need an undaunted voice like his fighting for us in the legislature.

Educational Background: Tulane Law School, JD, Pacific Lutheran University, BA, Klamath Union High School

Prior Governmental Experience: Circuit Court Judge, Reedsport Municipal Judge, North Bend School Board, Oregon Commission for Women, Governor's Child Foster Care Advisory Committee.

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

WHAT IS JUSTICE?

"Justice is one of the two primal forces that defines the quality of every human life. Love makes sense of the heart inside us; justice makes sense of the world outside us. These two elemental ideals are embedded in our intellectual and emotional DNA, and are so powerful that they can inspire us to unity – or corrupt us to war.

I believe justice is our shared expectation of fairness and dignity in all human behavior. Judges seek to restore justice amid human conflict, so we need a resilient affection for people that transcends superficial categories, and perceptivity about how to protect the vulnerable. The pursuit of justice requires analytical skill, to reach a fair result, and communicative skill, to help others understand why the result is fair.

I believe justice is our shared conviction that fairness and dignity are every person's birthright. It's the essence of humanity, the cornerstone of civilization, and the prime directive of free government."

Seeking Justice. Keeping Clackamas County Safe.

With over 25 years of courtroom experience, I have prosecuted Clackamas County's most serious crimes, including child abuse, elder abuse, domestic violence and murder. I've trained hundreds of prosecutors, police officers, victim advocates, and community partners, and led efforts for stronger laws protecting Oregon's elders, victims of domestic violence, and sexual assault.

My priority is to seek justice. That means getting to the right outcome the right way, and considering all options---from treatment to incarceration---and determining which is most appropriate given the facts of the case and the needs of the community. Justice also means treating victims with dignity and giving them a voice.

My leadership, partnerships, and commitment to fairness and justice are why so many community leaders endorse me to be Clackamas County's District Attorney. I'd be honored to have your vote as well.
