

Saginaw Ore.
Governor McNary -
Dear Sir:

I have just listened
to John B. Hughes news
at Boeckelock.

I'm an American 100%
it makes me disgusted
to think how the Alien
Japs and some Ameri-
can, born, are allowed
to go free to do their
dirty business against
our government.

How can Americans
turn a deaf ear and
blind eyes on what
the Japs are doing to
our people in Manila
they are threatened with

death if they leave their homes. While a few ^{Japs} who are arrested have a lovely place to live, radios, meat twice daily (we are lucky to have meat twice a week) The Japs have fruit (fresh) for breakfast.

I have also hear and read how American prisoners are treated why America has to over do the thing in being so nice to the Japs who would stick a knife in our back first chance they get.
John B Hughes told of

thousands of Japs running loose in San Francisco. They should be put in Con. Camps and fed on rice,

The aliens in our midst are waiting for orders from their father land. As long as they are loose they can start a killing destroying war right under our noses. Good old USA, are afraid to hurt anyones feeling. But our enemies aren't worried about how they treat us.

We hear that a percent is to be taken out of our pay checks for -

war funds.

I want to buy all the defense bonds and stamps that we possibly can but unless proper steps are taken against those who are undermining America, all the Bonds we can buy won't do much and all the lives lost will be lost in vain.

Hoping you will say something to Gov. Olsen of Calif. as I suppose you know all about what I have been writing about,

I believe Mr. Hughes knows what he is

talking about and if
you wish further in-
formation I believe
he would furnish it.

Thanks for your patience

Yours Truly -

Alta Bridges.

Dear Sir:

I hope you have been
listening to John B. Hughes
every morning at
nine o'clock.

This morning he says Mexico
has cleared the gaps out of
their vital territories while
our U.S.A. are allowing
them to go un molested!
