Robert G. Kieran <i>Assistant Vice Chancellor for Institutional Research and Planning</i>
Charles L. Triplett III <i>Board Secretary</i>

System Universities

Eastern Oregon University—EOU was founded in 1929 as a teachers college and today serves its regional mission through programs in the liberal arts; professional programs in business, education, and community service; and cooperative programs in agriculture, dental health and nursing. EOU is located in La Grande, Oregon.

Oregon Institute of Technology—Oregon Tech, the Northwest's only polytechnic institution, was founded in 1947 and serves the state with programs in business, engineering and health technologies, and cooperative programs in dental health and nursing. Oregon Tech is located in Klamath Falls, Oregon and offers statewide opportunities with an expanding presence in the Portland metro area.

Oregon State University—OSU, one of only two universities in the country to hold land, space, sea, and sun grant designations, was founded in 1868 and provides programs in the liberal arts and sciences, and professional programs in agricultural sciences, business, education, engineering, forestry, health and human sciences, oceanography, pharmacy, and veterinary medicine. OSU is located in Corvallis, Oregon. OSU-Cascades Campus, in Bend, Oregon, opened in Fall 2001 as a branch campus on the site of its major partner, Central Oregon Community College.

Portland State University—PSU, located in downtown Portland, Oregon, is an urban university founded in 1946 and offers liberal arts and sciences programs and professional programs in business, education, engineering, health, performing arts, social work, and urban and public affairs.

Southern Oregon University—SOU, located in Ashland, Oregon, was founded in 1882 and provides liberal arts and sciences programs; professional programs in business, education, and performing arts; and a cooperative program in nursing.

University of Oregon—UO was founded in 1876 and is a major liberal arts and sciences university with professional programs in architecture and allied arts, business, education, journalism, law, music and performing arts, and planning and public policy. UO is located in Eugene, Oregon.

Western Oregon University—WOU was founded in 1856 as a teachers college and provides programs in liberal arts and sciences and professional programs in education, business, and public services; and a cooperative program in nursing. WOU is located in Monmouth, Oregon.

UNIVERSITY PRESIDENTS

Message from the Acting Chancellor

This past year reflects great change for the state of Oregon and its institutions of public higher education. Aside from growth in enrollment and degrees awarded, and an over-arching focus on tuition, access and affordability, Oregon has undergone major reforms by way of institutional governing boards for its public universities and additional authority being granted to the Higher Education Coordinating Commission (HECC). In short, these efforts have focused on maximizing student success and persistence, institutional flexibility and coordination of the P-20 continuum in an effort to reach Oregon's 40-40-20 goal.

Improving Student Access and Affordability

Oregon's public universities have carried forward the tradition of accessible, high-quality academic programs. As a national leader in enrollment and degree production, the Oregon University System's commitment to efficiency and affordability demonstrates the flexibility of public universities during a time in which state resources are limited and highlights the diligence of faculty and staff to serve students in a variety of ways. As of Fall 2013, OUS institutions enrolled over 100,000 students, including 80,000 undergraduate students, and accepted over 5,000 transfer students from Oregon's community colleges. In the Spring of 2014, OUS institutions awarded over 16,000 undergraduate degrees. From affordable programs, to student support services and co-curricular opportunities, students are utilizing pathways that lead them toward degree completion and workforce connections.

A source of pride for Oregon University System campuses is the Tuition Freeze for the 2014-15 academic year. The State Board of Higher Education approved a "freeze" on tuition for resident undergraduates, locking in tuition at the 2013-14 rates. The groundwork for the freeze was laid by the Governor and Legislature during the 2013 legislative session and Fall 2013 special session, which provided \$40 million in additional state funding in order to reduce tuition increases in 2013-14, and freeze tuition during the 2014-15 academic year. The Board's decision to freeze tuition was endorsed by institutional governing boards at Oregon State University (OSU), Portland State University (PSU), and the University of Oregon (UO). The last time a freeze occurred in the Oregon University System was in 2001.

Transfer of Responsibilities to the Higher Education Coordinating Commission and Universities

Over the course of the last year, Oregon University System staff created a work plan to delegate and transfer statewide coordinating functions from the State Board of Higher Education to the HECC. As part of the transition, the work plan detailed responsibilities and transition points for the HECC, with many responsibilities being articulated in House Bill (HB) 3120C. In addition, a matrix was developed detailing the transition of work from OUS for academic strategies, budget, financial oversight and services. Letters explaining the transition of responsibilities were sent to stakeholders at the state and national level.

Moving forward, the HECC will be responsible for statewide coordinating, including but not limited to; academic program approvals, institutional missions, biennial budget recommendations and capital project requests.

In addition to the delegation and transfer of authority to the HECC, individual universities have also absorbed duties and responsibilities formerly held by OUS. For example, university presidents have agreed to continue the President's Council and to convene the statewide Provost Council and Administrative Council in order to stay connected and provide valuable feedback to the HECC and the Oregon Education Investment Board (OEIB). In addition, many campuses have taken on the task of evaluating their involvement in various academic initiatives like the Learning Outcomes and Assessment Working Group and the College and Career Readiness Alliance, allowing institutions the flexibility to prioritize their engagement based on their mission and readiness to participate.

Governance Changes

In response to legislation passed during the 2013 legislative session, a working group on University Shared Services was established to look for efficiencies in essential operating functions, which have previously been provided by OUS. All seven public universities are participating in shared services (formally known

Acting Chancellor Cathy Dyck

Message from the Acting Chancellor — Continued

as the University Shared Services Enterprise or USSE) through at least June 30, 2015. Universities have been granted the flexibility to opt-in and opt-out of shared services based on the needs and capacity of the institution. Mandatory shared services (through June 30, 2015) include employee benefits, risk management, and collective bargaining. Other optional shared services include: financial accounting and reporting, treasury operations and internal bank, payroll services, and fifth site operations.

In addition to the creation of the USSE, institutional boards for OSU, PSU, and UO became operational on July 1, 2014 with those institutions becoming separate legal entities. This will, therefore, be the last consolidated financial statement for all seven Public Universities. However, the Chancellor's Office will continue to provide support to the Technical and Regional Universities (TRU) by way of the State Board of Higher Education through June 30, 2015. On July 1, 2015, the TRU institutions will become separate legal entities with their own institutional governing boards.

This is certainly an interesting time for higher education in Oregon. OUS staff continues to work hard for the benefit of Oregon's public universities and students.

Thank you to everyone that supports our students, faculty and staff. With 40-40-20 as the state's education north star, we all look forward to realizing the benefits of this important investment.

Cathy Dyck
Acting Chancellor

OSU

Top University Accomplishments

- EOU was ranked first for affordability among Oregon's colleges and universities offering online degrees in a survey conducted by Affordable Colleges Online.
- Shakira Bandolin received the National Outstanding Medical Student Award from the National College of Emergency Room Physicians. She is a 2009 EOU biochemistry graduate completing her residency at UC Davis School of Medicine.
- Oregon Society of CPAs Circle of Excellence honored a record five EOU accounting students, each selected for their interest and participation in the accounting program and club.
- EOU joined Colleges of Distinction, a national guidebook of member institutions focusing on excellence in student engagement, quality teaching, vibrant campus communities and successful graduates.
- Chemistry Professor Anna Cavinato joined the 2013 class of American Chemical Society Fellows. Members are nominated by their peers and chosen by committee based on their outstanding achievements in scientific research, education and public service.

- Fall 2013 term saw record-high student enrollment of 4,414, bolstered by the new Wilsonville campus that began admitting students in fall 2012. The increase also reflects demand for Oregon Tech's specialized polytechnic degrees, which boast the highest return on investment ranking among Northwest universities.
- To better prepare cardiovascular ultrasound students to compete and thrive in the evolving healthcare environment, Oregon Tech partnered with Esaote North America to update department capabilities with five new Esaote MyLab® Seven ultrasound systems. These systems engage students in significant hands-on training time to learn both fundamental and advanced imaging techniques they'll routinely use once in the work place.
- Oregon Tech's Klamath Falls campus was the first in the nation to harness both geothermal and solar energy to produce 100% of its present and future electricity needs. Entirely

heated by geothermal water for several decades, Oregon Tech commissioned a 1.75-megawatt combined heat and electrical power plant to meet campus energy requirements; and installed a 2.0-megawatt solar array on 9 acres of campus land to accomplish total clean energy production.

- The Renewable Energy and Engineering Master's Degree Program received \$20,000 to conduct research to reduce carbon emissions from automobiles. Graduate students will research solutions for cleaner running cars through a grant from the National Institute for Transportation and Communities (NTIC) and the Oregon Transportation Research and Education Center (OTREC).
- After making news last year for the best return on investment (ROI) among colleges and universities in the Pacific Northwest, Oregon Tech has done it again, according to an annual report by the Seattle-based compensation data company PayScale. In a four-way tie, Oregon Institute of Technology is listed as 34th out of 1,312 for annual ROI, an assessment of long term financial returns for graduates of Oregon Tech.

- Oregon State University's growing research enterprise achieved its second highest level of funding support ever, in the fiscal year that ended June 30 – \$285 million in total grants and contracts to support work in public health, the environment, advanced engineering and projects to help develop Oregon's and the nation's economy.
- The Campaign for OSU – Oregon State's first comprehensive campaign – stood at \$1.06 billion as of June 30, 2014 with six more months until the official close of the campaign. The original campaign goal was \$625 million, which was increased to \$850 million and finally to \$1 billion. More than \$182 million has been raised for student scholarships, fellowships and awards.
- Oregon State launched the Oregon State University Advantage in 2013 to serve business partners – especially in the areas of innovative materials, advanced manufacturing, energy and clean technology, high tech, health care and innovation related to food, water and the environment.
- Oregon State's Ecampus program has expanded to offer more than 35 degree programs and is one of the nation's top-ranked programs for online education.

Top University Accomplishments - Continued

- The first step in Provost Sona Andrews' reTHINK PSU—the Provost's Challenge—has spawned 24 new funded projects, many of which are already beginning to bear fruit. For example, in the STEM area, faculty members working to rethink chemistry and biology education at PSU have submitted a 3-year, \$1.9 million grant application to the National Science Foundation. Also, the School of Social Work has begun a new fully Online Master of Social Work Degree in Community and Leadership Practice (95 students have applied for 40 slots).
- Besides being selected again this year as a U.S. News & World Report's "Top 10 Up-and-Coming National University," other 2014 accolades included top 50 U.S. News & World Report rankings for our City Management and Urban Policy, Public Affairs, Rehabilitation Counseling and Social Work programs. PSU was also a recipient of this year's Washington Center's National Civic Engagement Award.
- PSU's Urban Honors program has grown so much over the past two years (268 percent) that it has been elevated to an Honors College, Oregon's first and only in an urban setting. The college now has 600 students and has plans to grow to 650 by 2017, and statistics show that 85 percent of these students will go on to graduate school.
- Fiscal year 2014 was a record year for PSU faculty, students and staff competing for Fulbright scholarships. Faculty from the College of the Arts and the College of Liberal Arts and Sciences, as well as seven students from throughout the University and one staffer from International Affairs, were awarded Fulbrights this year.
- New undergraduate enrollment was up 7 percent this fall, reversing last year's flat enrollment. Our campus graduation rate was up again as well, as was the total number of degrees we awarded—6,400—another "all-time" record for Oregon. Of particular note is the progress we continue to make in serving Underrepresented Minority Students; student diversity increased again this year, from 27 to 29.2 percent.
- The two \$20 million bond match campaigns to renovate the Peter W. Stott Educational Center (aka, the Viking Pavilion) and expand the School of Business Administration continue apace. PSU has now raised \$16.3 million towards the SBA match: this is 82 percent of the total needed. The Stott Center/Viking Pavilion campaign has raised nearly 65 percent of the necessary funds.
- In Fall 2013, SOU launched the SOU Honors College with the first cohort of 25 students. In addition to intellectual rigor for top students, the program includes student projects internationally as well as locally, and a community mentor for each student in their area of professional interest. SOU is now participating in the National Collegiate Honors Council and Western Regional Honors Council (WRHC) and will host the WRHC conference in 2017.
- The SOU House Experience started with two themes in Fall 2013 – Green and Social Justice. SOU Houses are not buildings and not majors—they're new communities of learning and doing. Faculty, students, and staff collaborate across traditional majors to create novel academic experiences that involve active learning, real-world research/performance, adventure, career mentoring, and real-world application.
- In 2013, SOU launched its five acre Center for Sustainability to serve a regional hub of innovative sustainability training, leadership, and technology. Faculty and staff have worked closely with students to establish a greenhouse, barn, apiary, orchards, outdoor classrooms, and operational farm. In the spring of 2014 we launched the Raider Farm Stand with support from the Gordon Elwood Foundation. Students involved with the stand learn management, marketing, agroecology, and other valuable skills while providing low cost local fruits and vegetables to the student body.
- SOU was actively involved in multiple projects designed to achieve the Governor's 40-40-20 goals. As part of this work, SOU developed partnerships with regional school districts programs, regional community colleges and the Southern Oregon Success (SORS) collaborative to help create an Early Learning Hub (OEIB/ODE grant supported), a STEM Hub (OEIB/ODE sanctioned), and a Post-Secondary Success network (OEIB/ODE grant supported). SOU also joined with the SORS collaborative to receive a Regional Achievement Compact grant, and the SORS collaborative is one of two pilot projects for the Governor's Prosperity Initiative in Oregon. All of these projects will help students achieve success in the K-12 and the post-secondary educational sectors.
- The Student Health and Wellness Center at SOU has achieved accreditation by the Accreditation Association for Ambulatory Health Care (AAAHC). Accreditation distinguishes this integrated university medical/mental health center from many other outpatient facilities by providing the highest quality of care to its clients and patients as determined by an independent, external process of evaluation.

Top University Accomplishments - Continued

- The University of Oregon transitioned to independent governance under the UO Board of Trustees, creating opportunity for focused advocacy and more operational agility.
- The UO enrolled its most academically prepared and ethnically and socioeconomically diverse freshman class ever, advancing its mission of providing educational access to students.
- UO researchers submitted a record number of proposals for research, a 16.3 percent increase from the previous year. Among the many awards: the Department of Education awarded the UO a \$3.5 million grant to Prevention Science Institute researchers to provide custom interventions for Oregon students during early elementary school years and awarded an \$11.7 million dollar grant to education researchers to develop new models of student achievement.
- Five additional UO faculty members joined elite national academies. Additionally, chemistry professor Geraldine “Geri” Richmond was elected by her peers as president-elect of the prestigious American Association for the Advancement of Science.
- The UO opened the new 145,000 square foot Hatfield-Dowlin Football Performance center and added a new exhibition wing to the Museum of Natural and Cultural History. Progress was also made on the renovation of Straub Hall adding 1,000 new and renovated classroom seats, and the 110,000 square foot expansion of the Student Recreation Center, both of which are scheduled for completion in 2015. Construction also began on an 80,000 square foot renovation of the Erb Memorial Union.

- The Teaching Research Institute and College of Education received a \$200,000 grant from the Oregon Department of Education to support Project High Five – Culture, Collaboration, Commitment, Communication and Community. The project is a collaborative endeavor between WOU, Central School District (CSD) 13J, the Ella Curran Food Bank, and the Oregon Child Development Coalition to develop a strong Professional Development School partnership program between CSD and WOU and will advance the ability of teachers to meet the needs of culturally and/or linguistically diverse students, which is a key component of Oregon’s 40-40-20 goal.
- WOU’s new Elementary Mathematics Instructional Leader program (EMIL) received unanimous approval from the Oregon Teacher Standards and Practices Commission (TSPC) in March 2014, and will help meet needs for the Common Core State Standards and Practices for Mathematics (CCSSM). TSPC approved elementary mathematics specialization standards last spring and WOU’s new curriculum is the first Elementary Mathematics specialization program to be approved. The Elementary Mathematics specialization is similar to the Elementary Reading and Autism Spectrum Disorder specializations already established in elementary schools.
- The Mathematics Department held its tenth annual Sonia Kovalevsky Math Day, which is designed to encourage young women to continue their study of mathematics. Participants come from regional high schools and as far away as Coos Bay and Newport. Since its inception at WOU, the number of participants has more than doubled to 14 teachers and more than 100 girls as WOU alumni who participated as undergraduates have started bringing groups of their own students to the event.
- WOU completed extensive renovations to facilities for the Computer Science Division. WOU received a commitment of \$300,000 from former Oregon State Senator Frank and Linda Morse, in honor of Dr. Edward B. Wright, and designated the renovated space as the Edward B. Wright Center for Computing Sciences. The generous gift from the Morses was used to establish a scholarship endowment in Wright’s honor for current and future students studying computer science, information systems or computer science/mathematics.
- The U.S. Department of Justice Office on Violence Against Women awarded \$300,000 to the Teaching Research Institute to expand the campus collaboration on sexual violence prevention and response. The WOU Campus Against Sexual Assault program will include an expanded prevention and education program on sexual violence (offered through Abby’s House, the campus resource and referral center) for all students on campus, with particular emphasis on incoming first-year students. Furthermore, the continuing program will enhance sexual violence response services on campus through campus public safety and the office of student conduct, as well as strengthen partnerships with local community agencies.

INDEPENDENT AUDITORS' REPORT

Members of the State Board of Higher Education

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Oregon University System (the System), as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the 2014 and 2013 financial statements of the discretely presented component units, which combined represent 100 percent of the assets, net position, and revenues of the discretely presented component units for 2014 and 2013. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the aggregate discretely presented component units were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the System as of June 30, 2014 and 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 (A), effective July 1, 2014, Portland State University, Oregon State University, and the University of Oregon each became independent public bodies separate from the System due to the passing of Senate Bill 270 (SB270). SB270 also contained language providing pathways for Eastern Oregon University, Oregon Tech, Southern Oregon University, and Western Oregon University to also become independent public bodies. Effective July 1, 2105, each public university will be a stand-alone legal entity.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 - 17 and the schedule of funding progress of Other Post Employment Benefits on page 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the System's basic financial statements. The supplementary schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary schedules are the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the

United States of America by us. In our opinion, based on our audit and the procedures performed as described above, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Message from the Chancellor has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2014, on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Years Ended June 30, 2014 and 2013 (dollars in millions)

INTRODUCTION

The following Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of the Oregon University System (OUS) for the years ended June 30, 2014, 2013 and 2012. OUS is comprised of the following four-year public universities and the Chancellor's Office:

Eastern Oregon University (EOU)

Oregon Institute of Technology (OIT)

Oregon State University (OSU)

Portland State University (PSU)

Southern Oregon University (SOU)

University of Oregon (UO)

Western Oregon University (WOU)

Annual Full Time Equivalent Student Enrollment Summary:

University	2014	2013	2012	2011	2010
EOU	2,900	3,133	3,138	3,080	2,870
OIT	2,993	2,900	2,743	2,674	2,686
OSU	26,070	25,143	24,040	22,969	21,266
PSU	21,546	21,763	22,403	22,601	22,124
SOU	4,421	4,677	4,875	4,703	4,472
UO	24,268	24,418	24,543	23,716	22,635
WOU	4,928	5,134	5,257	5,214	4,891
Total System	87,126	87,168	86,999	84,957	80,944

UO

UNDERSTANDING THE FINANCIAL STATEMENTS

The MD&A focuses on OUS as a whole and is intended to foster a greater understanding of OUS's financial activities. Since this presentation includes summarized formats, it should be read in conjunction with the financial statements which have the following six components.

Independent Auditor's Report presents an unqualified opinion rendered by an independent certified public accounting firm, CliftonLarsonAllen LLP, on the fairness in presentation (in all material respects) of the financial statements.

Statement of Net Position (SNP) presents a snapshot of OUS assets, deferred outflows, liabilities and deferred inflows under the accrual basis of accounting at the end of each fiscal year presented. The SNP helps the reader understand the types and amounts of assets available to support operations, how much OUS owes to vendors and bond holders; and net position delineated based upon their availability for future expenditures.

Statement of Revenues, Expenses, and Changes in Net Position (SRE) presents OUS revenues and expenses categorized between operating, nonoperating and other related activities. The SRE reports the OUS operating results for each fiscal year presented.

Statement of Cash Flows (SCF) provides information about OUS's sources (receipts) and uses (payments) of cash during the fiscal year. The SCF classifies sources and uses of cash into four categories, and assists in determining whether OUS has the ability to generate future net cash flows to meet its obligations as they come due.

Notes to the Financial Statements (Notes) provide additional information to clarify and expand on the financial statements.

Component Units, comprised of seven supporting foundations, are discretely presented in the OUS financial statements and in Notes 2 and 19.

The MD&A provides an objective analysis of OUS's financial activities based on currently known facts, decisions, and conditions. The analysis is for OUS as a whole and is not broken out by individual university. The MD&A discusses the current and prior year results in comparison to that year's prior year. Unless otherwise stated, all years refer to the fiscal year ended June 30.

STATEMENT OF NET POSITION

The term "Net Position" refers to the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources, and is an indicator of OUS's current financial condition. Changes in net position that occur over time indicate improvement or deterioration in OUS's financial condition. The following summarizes OUS assets and deferred outflows of resources, liabilities and deferred inflows of resources, and net position:

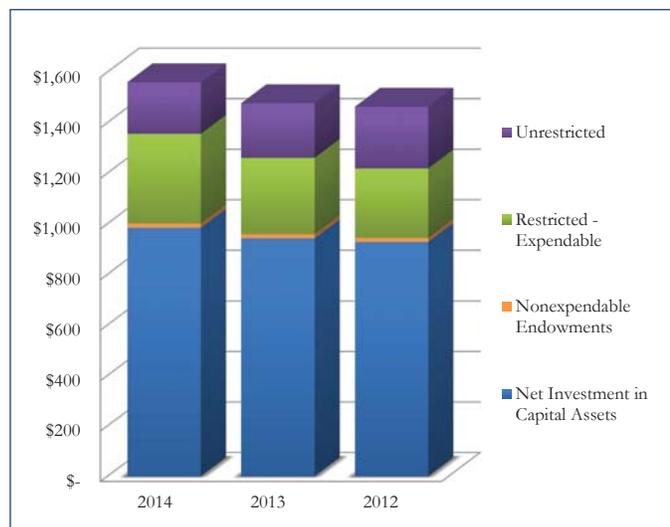

Management's Discussion and Analysis For the Years Ended June 30, 2014 and 2013 (dollars in millions)

Condensed Statement of Net Position

As of June 30,	2014	2013	2012
Current Assets	\$ 795	\$ 650	\$ 711
Noncurrent Assets	566	655	612
Capital Assets, Net	2,956	2,742	2,630
Total Assets	\$ 4,317	\$ 4,047	\$ 3,953
Deferred Outflows of Resources	\$ 35	\$ 43	\$ 24
Current Liabilities	\$ 540	\$ 495	\$ 508
Noncurrent Liabilities	2,252	2,118	2,006
Total Liabilities	\$ 2,792	\$ 2,613	\$ 2,514
Deferred Inflows of Resources	\$ -	\$ -	\$ -
Net Investment in Capital Assets	\$ 984	\$ 942	\$ 928
Restricted - Nonexpendable	17	17	16
Restricted - Expendable	355	303	275
Unrestricted	204	215	244
Total Net Position	\$ 1,560	\$ 1,477	\$ 1,463

Total Net Position

Changes to Total Assets reflected a larger increase than changes to Total Liabilities which caused Total Net Position to increase \$83 million, or 6%, during 2014 compared to a \$14 million, or 1%, increase in 2013. As illustrated by the following graph, the make-up of net position changed between 2014, 2013 and 2012.

Comparison of fiscal year 2014 to fiscal year 2013

- **Net Investment in Capital Assets** increased \$42 million. Capital asset increases of \$345 million were offset by a \$130 million increase to accumulated depreciation and a \$173 million increase to long-term debt outstanding attributable to the capital assets less unspent bond proceeds.
- **Restricted Expendable Net Assets** increased by \$52 million in 2014. Net assets relating to funds reserved for debt service increased by \$24 million mainly because OUS issued \$184 million in new debt which resulted in a larger amount

of debt service in the sinking funds reserve. Net assets relating to the funding of capital projects increased by \$16 million primarily as a result of an increase in the number of new construction and improvement projects in 2014. Net assets relating to gifts increased \$11 million due to an increase in gift revenues at OSU and UO.

- **Unrestricted Net Assets** decreased \$11 million. Unrestricted revenues increased \$108 million and unrestricted expenses increased \$121 million, resulting in a total unrestricted decrease of \$13 million.

Comparison of fiscal year 2013 to fiscal year 2012

- **Net Investment in Capital Assets** increased \$14 million. Capital asset increases of \$236 million were offset by a \$125 million increase to accumulated depreciation and a \$97 million increase to long-term debt outstanding attributable to the capital assets
- **Restricted Expendable Net Assets** increased by \$28 million in 2013. Net assets relating to funds reserved for debt service increased by \$9 million mainly because OUS issued \$133 million in new debt which resulted in a larger amount of debt service in the sinking funds reserve. Net assets relating to the funding of capital projects increased by \$15 million primarily as a result of an increase in the number of new construction and improvement projects in 2013. Net assets relating to gifts increased by \$4 million.
- **Unrestricted Net Assets** decreased \$29 million. Unrestricted revenue increased \$92 million; unrestricted expenses increased \$119 million resulting in an increase in total unrestricted operating loss of \$27 million.

Total Assets and Liabilities

Total Assets increased \$270 million, or 7%, and Total Liabilities increased \$179 million, or 7%, during the year ended 2014. Total Assets increased \$94 million, or 2%, and Total Liabilities increased \$99 million, or 4%, during the year ended 2013. Securities lending is excluded from the following discussion and analysis because the net activity is zero (equal amounts of assets and liabilities, equal amounts of income and expense) and its inclusion can distort the analysis of the business activities of OUS. See "Note 2. Cash and Investments" for additional information relating to securities lending. Absent the securities lending balances, 2014 Total Assets increased \$257 million, or 7%, and Total Liabilities increased \$166 million, or 6%, and 2013 Total Assets increased \$119 million, or 3%, and Total Liabilities increased \$124 million, or 5%. Current assets exceed current obligations.

Management's Discussion and Analysis

For the Years Ended June 30, 2014 and 2013 (dollars in millions)

Comparison of fiscal year 2014 to fiscal year 2013

- **Current Assets** increased \$132 million, or 22%. Current cash and cash equivalents increased \$111 million due to the conversion of some investments to cash prior to the university governance changes effective July 1, 2014. Accounts receivable increased \$38 million. Receivables related to student tuition and housing revenues increased \$8 million. Receivables related to Component Units increased \$3 million. Other receivables increased \$33 million due to increases in receivables related to capital construction projects and debt service. Increases were offset by a \$13 million decrease in Federal Grants and Contracts receivable.
- **Noncurrent Assets** decreased \$92 million, or 14%. Year-end cash balances in capital construction funds decreased \$21 million compared to the prior year because of a spend down of prior borrowings on construction projects. Investments decreased \$66 million due to a change in the OUS investment strategy resulting from the change in university governance effective July 1, 2014. Notes Receivable decreased \$6 million.
- **Capital Assets, Net** increased \$214 million, or 8%. Capitalized acquisitions net of disposals and adjustments included \$331 million in real property and \$14 million in personal property. Accumulated depreciation increased by \$130 million. See "Capital Assets" in this MD&A for additional information relating to these variances.
- **Deferred Outflows of Resources** decreased \$9 million due to a decrease in the accrued gain/loss on refunding of previously held debt.
- **Current Liabilities** increased \$32 million, or 7%. Accrued Liabilities increased \$22 million or 14% due to an increase in accounts payable related to services and supplies. The current portion of Long-Term Liabilities increased \$12 million.
- **Noncurrent Liabilities** increased \$134 million, or 6%, primarily due to debt issued for the construction of capital assets. Refer to "Debt Administration" later in this MD&A for additional information.

Comparison of fiscal year 2013 to fiscal year 2012

- **Current Assets** decreased \$36 million, or 6%. Current cash and cash equivalents declined \$28 million in support of operations. Accounts receivable decreased \$5 million. Increases to receivables related to student tuition and housing revenues and Federal grants and contracts of \$15 million were offset by a \$21 million increase in allowances for bad debt.
- **Noncurrent Assets** increased \$43 million, or 7%. Year-end cash balances in capital construction funds, debt service reserve funds and agency funds increased \$38 million compared to the prior year because of increased borrowing activity throughout the year. Investments increased \$7 million mainly relating to the OUS investment strategy.

- **Capital Assets, Net** increased \$112 million, or 4%. Capitalized acquisitions net of disposals and adjustments included \$209 million in real property and \$27 million in personal property. Accumulated depreciation increased by \$125 million. See "Capital Assets" in this MD&A for additional information relating to these variances.
- **Deferred Outflows of Resources** increased by \$19 million due to an increase in the accrued gain/loss on refunding of previously held debt.
- **Current Liabilities** increased \$12 million, or 2%. Accounts Payable and Accrued Liabilities increased by \$12 million due to liabilities associated with the Risk Management Fund. See "Note 16. Risk Financing" for details about the operation of the self-insurance fund.
- **Noncurrent Liabilities** increased \$112 million, or 6%, primarily due to debt issued for the construction of capital assets. Refer to "Debt Administration" later in this MD&A for additional information.

SOU

Management's Discussion and Analysis For the Years Ended June 30, 2014 and 2013 (dollars in millions)

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION (SRE)

Due to the classification of certain revenues as nonoperating revenue, OUS shows a loss from operations. State General Fund Appropriations, nonexchange grants and non-capital gifts, although considered nonoperating revenue under Governmental Accounting Standards Board (GASB) 35 and reflected accordingly in the nonoperating section of the SRE, are used solely for operating purposes.

The following summarizes the revenue and expense activity of OUS:

Condensed Statement of Revenues, Expenses and

For the Year Ended June 30,	2014	2013	2012
Operating Revenues	\$ 1,782	\$ 1,701	\$ 1,639
Operating Expenses	2,468	2,349	2,236
Operating Loss	(686)	(648)	(597)
Nonoperating Revenues,

Total Nonoperating Revenues	864	754	699
Total Revenues	\$ 2,646	\$ 2,455	\$ 2,338

Total Operating and Nonoperating Revenues

Operating Revenues

Operating revenues increased \$81 million in 2014, or 5% over 2013, to \$1.8 billion. Operating revenues increased \$62 million in 2013, or 4%, over 2012. These changes are primarily due to increases in Student Tuition and Fees and Auxiliary Enterprises Revenues.

Comparison of fiscal year 2014 to fiscal year 2013

Student Tuition and Fees increased \$68 million, or 8%, in 2014 compared to 2013.

- Higher tuition and fee rates accounted for \$54 million of the increase.
- Fee remissions and scholarship allowances reduced tuition and fees by \$8 million more than in the prior period.
- Bad debt expense decreased by \$17 million, due to 2014 being the second year of the accounting change.

Federal, State and Nongovernmental Grants and Contracts decreased \$5 million, or 2%, in 2014 compared to 2013.

- Federal grant and contract revenues were lower during 2014 when compared to the prior year by \$15 million due to decreased research and development grants and contracts, as well as other federal grants and contracts.
- State grant activity increased by \$3 million.
- Nongovernmental grant activity increased \$7 million.

Auxiliary Enterprises revenues increased \$8 million, or 2%, compared to the prior year.

- Student Health Fee revenue decreased \$4 million due to changes in student health insurance program offerings.
- Housing and Dining revenues increased by \$7 million in 2014 related mainly to increased rates and student occupancy.

Management's Discussion and Analysis For the Years Ended June 30, 2014 and 2013 (dollars in millions)

- Athletics revenues increased by \$4 million mainly due to the growth in revenues from television broadcasting rights and gate receipts.
- Incidental Fee revenue increased \$4 million due to a combination of increased enrollment and increased rates.
- Bookstores and other auxiliaries decreased \$3 million.

Education and Other Revenues increased \$10 million, or 11%, in 2014 compared to 2013.

Comparison of fiscal year 2013 to fiscal year 2012

- **Student Tuition and Fees** increased \$45 million, or 6%, in 2013 compared to 2012 due to a 0.2% enrollment increase coupled with an average 8% tuition increase. These increases were slightly offset by a \$9 million, or 10%, increase in fee remissions and a \$20 million increase in bad debt allowance due to a change in the methodology for estimating bad debt.
- **Federal, State and Nongovernmental Grants and Contracts** decreased \$18 million, or 4%, in 2013 compared to 2012. Federal grant and contract revenues decreased by \$8 million in 2013 relating to decreased research and development grants and contracts, and other grants and contracts. State grant activity decreased by \$9 million and Nongovernmental grant activity decreased by \$1 million.
- **Auxiliary Enterprise** revenues increased by \$35 million due to increased student health and incidental fees, increased Housing and Dining rates and occupancy, and the growth in athletics revenues from television broadcasting rights.
- **Education and Other Revenues** were relatively unchanged from 2012 to 2013.

Nonoperating Revenues

Nonoperating Revenues increased \$110 million during 2014, or 15%. Nonoperating Revenues increased \$55 million during 2013.

Comparison of fiscal year 2014 to fiscal year 2013

Government and Debt Service Appropriations increased \$20 million, or 5%. State appropriations for OUS operations increased by \$22 million, or 7%, due to increased funding received from the State of Oregon. Debt service appropriations decreased by \$2 million, or 4%, due to lower levels of debt service in 2014. See "Note 12. Government Appropriations" for additional information relating to changes in appropriations.

Grants increased \$1 million in 2014.

Investment Activity revenues increased \$9 million in 2014. See "Note 10. Investment Activity" for additional information relating to these changes.

Capital Grants and Gifts increased \$84 million in 2014 due to the donation of a completed athletic facility at UO.

Other Nonoperating Items decreased \$4 million in 2014.

- Other gifts increased by \$10 million in 2014 compared to 2013.
- Adjustments to Capital Assets decreased \$11 million in 2014 compared to 2013.
- Gain (Loss) on the Sale of Assets, Net decreased \$3 million due to a net loss on the sale of assets.

Comparison of fiscal year 2013 to fiscal year 2012

- **Government and Debt Service Appropriations** increased \$18 million, or 5%. State appropriations for OUS operations increased by \$12 million, or 4%, due to higher funding received from the State of Oregon. Also, debt service appropriations increased because of higher levels of debt service in 2013. See "Note 12. Government Appropriations" for additional information relating to changes in appropriations.
- **Grants** increased \$2 million in 2013.
- **Investment Activity** revenues increased \$5 million in 2013.
- **Capital Grants and Gifts** increased \$7 million in 2013.
- **Other Nonoperating Items** increased \$22 million in 2013 due to increases in gift revenues in 2013 as compared to 2012.

Expenses

Operating Expenses

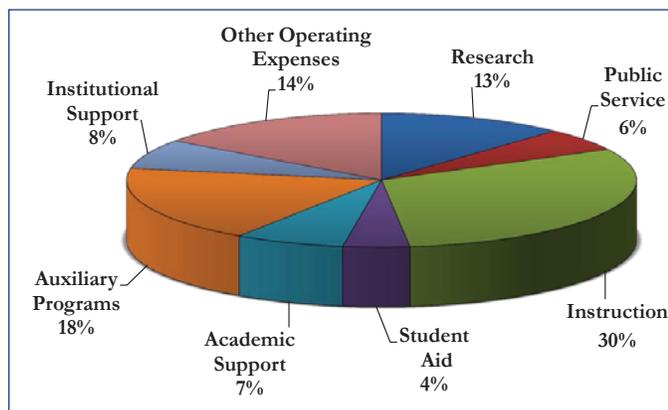

Operating expenses increased \$119 million in 2014, or 5%, over 2013, to \$2.5 billion. The 2014 increase resulted from higher expenses in most categories, with the biggest overall increases in instruction and auxiliary programs. Operating expenses increased \$113 million in 2013, or 5%, over 2012, to \$2.3 billion. The 2013 increase resulted from higher expenses in most categories, with the biggest overall increases in instruction and auxiliary programs. The following summarizes operating expenses by functional classification:

Operating Expense by Function

For the Year Ended June 30,	2014	2013	2012
Instruction	\$ 760	\$ 718	\$ 678
Auxiliary Programs	454	434	398
Research	293	298	299
Institutional Support	177	175	166
Academic Support	172	163	153
Public Service	137	134	142
Student Aid	104	101	95
Other Operating Expenses	371	326	305
Total Operating Expenses	\$ 2,468	\$ 2,349	\$ 2,236

Management's Discussion and Analysis For the Years Ended June 30, 2014 and 2013 (dollars in millions)

2014 Operating Expense by Function

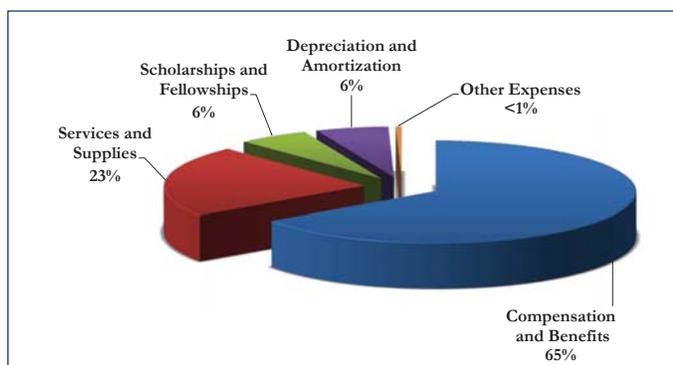

Due to the way in which expenses are incurred by OUS, variances are presented and explained by analyzing changes in the natural classification of expenses. Each natural classification analysis can be applied to many of the functional expense caption items. The following summarizes operating expenses by natural classification:

Operating Expenses by Nature

For the Year Ended June 30,	2014	2013	2012
Compensation and Benefits	\$ 1,611	\$ 1,527	\$ 1,456
Services and Supplies	560	535	510
Scholarships and Fellowships	141	139	133
Depreciation and Amortization	145	137	125
Other Expenses	11	11	12
Total Operating Expenses	\$ 2,468	\$ 2,349	\$ 2,236

2014 Operating Expenses by Nature

Comparison of fiscal year 2014 to fiscal year 2013

Compensation and Benefits costs increased \$84 million, or 6%, in 2014 compared to 2013 due to:

- Increased retirement costs (\$11 million, or 7%) and increased health insurance costs (\$9 million, or 5%).
- Higher wage costs attributed to salary and wage increases (approximately \$45 million).

- Increased student and graduate employment (approximately \$4 million)
- Increased fee remissions for graduate students (\$4 million or 7%).

Services and Supplies expense increased \$25 million, or 4%, during 2014. The main increase was in general supplies expense (\$20 million, or 22%) with smaller increases in utilities, maintenance and repairs, rentals and leases, and fees and services. These increases were somewhat offset by decreases in numerous other services and supplies categories.

Scholarships and Fellowships costs increased \$2 million, or 1%, when comparing 2014 to 2013. Overall, scholarships and fellowships increased \$7 million, offset by a \$5 million increase in bad debt expense. The increase in scholarships and fellowships corresponds to revenue increases in state, private and institutional aid, partly offset by a decrease in foundation and federal student aid in fiscal year 2014.

Depreciation and Amortization expense increased \$8 million during 2014 primarily relating to depreciation starting on recently constructed or refurbished buildings.

Nonoperating Expenses

Interest Expense increased by \$4 million, or 4%, due to debt issuances being outstanding for the full year during 2014. See "Capital Assets and Related Financing Activities," below, and "Note 8. Long-term Liabilities" for information relating to this variance.

Comparison of fiscal year 2013 to fiscal year 2012

Compensation and Benefits costs increased \$71 million, or 5%, in 2013 compared to 2012 due to:

- Increased retirement costs (\$8 million, or 5%).
- Higher wage costs attributed to salary and wage increases (approximately \$40 million).
- Increased student and graduate employment (approximately \$5 million)
- Increased fee remissions for graduate students (\$6 million, or 10%).

Services and Supplies expense increased \$25 million, or 5%, during 2013. This increase was seen across many categories including communications, utilities, rentals and leases, fees and services, assessments, travel and miscellaneous other services and supplies. These increases were partially offset by lower subcontractor and resale item expenses.

Scholarships and Fellowships costs increased \$6 million, or 4%, when comparing 2013 to 2012. This net increase corresponds to the revenue increases across almost all categories of student financial aid (state, private and institutional), partly offset by a decrease in federal student aid in fiscal year 2013.

Management's Discussion and Analysis

For the Years Ended June 30, 2014 and 2013 (dollars in millions)

Depreciation and Amortization expense increased \$12 million during 2013 primarily relating to depreciation starting on recently constructed or refurbished buildings.

Nonoperating Expenses

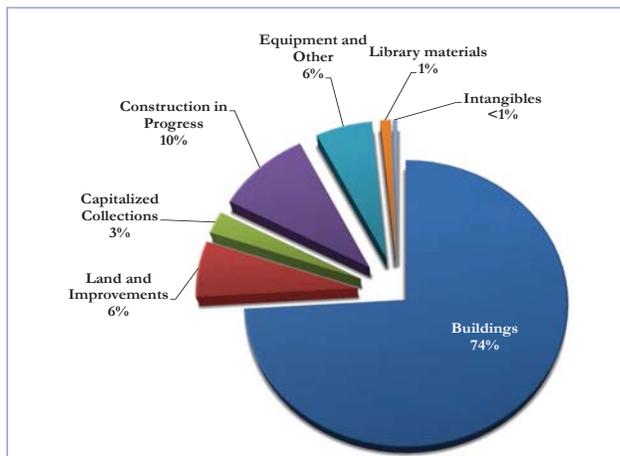

Interest Expense increased by \$2 million, or 2%, due to debt issuances being outstanding for the full year during 2013.

CAPITAL ASSETS AND RELATED FINANCING ACTIVITIES

Capital Assets

At June 30, 2014, OUS had \$4.8 billion in capital assets, less accumulated depreciation of \$1.9 billion, for net capital assets of \$2.9 billion. At June 30, 2013, OUS had \$4.5 billion in capital assets, less accumulated depreciation of \$1.7 billion, for net capital assets of \$2.7 billion. During fiscal year 2014, \$175 million in construction projects were completed and placed into service. OUS has been committed to a comprehensive program of capital initiatives and facility maintenance which includes addressing current maintenance needs and minimizing OUS's deferred maintenance backlog. State, Federal, private, debt, and internal OUS funding were all used to accomplish OUS's capital objectives.

2014 Capital Assets, Net - \$2.9 Billion

Changes to Capital Assets

	2014	2013	2012
Capital Assets, Beginning of Year	\$ 4,471	\$ 4,235	\$ 3,967
Add: Purchases/Construction	372	251	297
Less: Retirements/Disposals/Adjustments	(27)	(15)	(29)
Total Capital Assets, End of Year	4,816	4,471	4,235
Accum. Depreciation, Beginning of Year	(1,730)	(1,605)	(1,494)
Add: Depreciation Expense	(145)	(137)	(125)
Less: Retirements/Disposals/Adjustments	15	12	14
Total Accum. Depreciation, End of Year	(1,860)	(1,730)	(1,605)
Total Capital Assets, Net, End of Year	\$ 2,956	\$ 2,741	\$ 2,630

Capital additions totaled \$372 million for 2014, \$251 million for 2013, and \$297 million for 2012.

Accumulated depreciation at June 30, 2014 increased \$130 million, which represented \$145 million in depreciation and amortization expense offset by \$15 million in asset retirements and adjustments. Accumulated depreciation at June 30, 2013 increased \$125 million, which represented \$137 million in depreciation and amortization expense offset by \$12 million in asset retirements and adjustments. Depreciation expense was \$145 million during 2014 compared to \$137 million during 2013 and \$125 million in 2012.

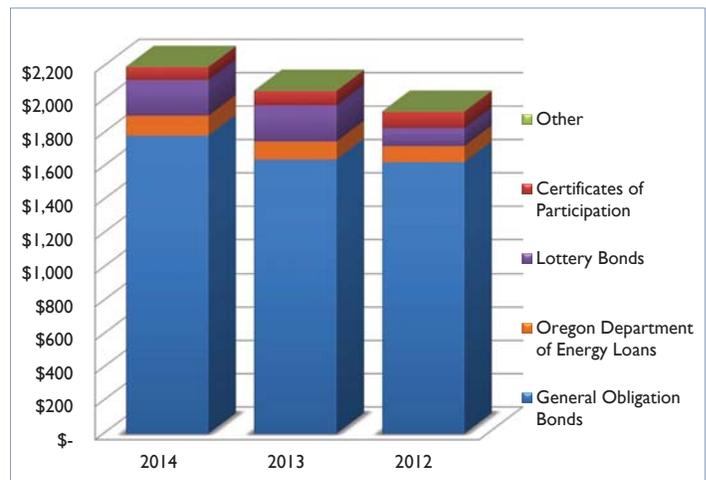

Capital Commitments

OUS has outstanding capital commitments on partially completed and planned but not yet started construction projects authorized by the Oregon State Legislature of \$337 million as of June 30, 2014. See "Note 17. Commitments and Contingent Liabilities" for additional information relating to capital construction commitments.

Debt Administration

During 2014 and 2013, OUS issued debt totaling \$184 million and \$416 million, respectively, with the proceeds earmarked for construction and acquisition of capital assets and for refunding. General Obligation Bonds increased \$184 million during 2014. No debt was issued for refundings during 2014. Debt issued for refundings during 2013 totaled \$282 million.

Long-term Debt

ECONOMIC OUTLOOK

The Chancellor's Office and the seven Universities that make up the Oregon University System and are governed by the State Board of Higher Education are in the process of transitioning to seven separate universities with seven independent governing boards. This is the last year OUS will issue an annual financial report with all seven universities. The final OUS Annual Finan-

Management's Discussion and Analysis For the Years Ended June 30, 2014 and 2013 (dollars in millions)

cial Report will be issued as of June 30, 2015 and will include the four technical and regional universities – Eastern Oregon University, Oregon Institute of Technology, Southern Oregon University, and Western Oregon University and the Chancellor's Office.

As part of the transition several entities were formed to facilitate student success and system efficiency. Some functions will transition to the Higher Education Coordinating Commission and a new University Shared Services Enterprise organization has been formed to serve the universities that choose to participate. All seven universities continue to collaborate with one another in many of the same ways as they have in the past.

Funding for the major activities of the remaining four technical and regional universities is primarily student tuition and fees and financial aid programs, followed by state appropriations and state and Federal grants and contracts. The four technical and regional universities serve over 20,000 students each year, 85% of which are resident students. State funding levels will continue to be a challenge to the mission of these four universities. To meet the financial challenges of the changing environment the universities continue to seek operating efficiencies to lower costs and develop new methods to build enrollment consisting of a mix of resident, out-of-state, and international students.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Oregon State Board of Higher Education (Board), a citizen board appointed by the Governor with confirmation by the State Senate, governs the seven state-supported institutions of higher learning (institutions) in Oregon. These institutions are known as the Oregon University System (OUS). The law creating the Board was passed in 1929 by the Oregon Legislature and went into effect July 1, 1931.

The OUS financial reporting entity is reported under the heading of University System on the Basic Financial Statements and includes the accounts of Eastern Oregon University (EOU), Oregon Institute of Technology (OIT), Oregon State University (OSU), Portland State University (PSU), Southern Oregon University (SOU), University of Oregon (UO), Western Oregon University (WOU), and the Chancellor's Office. OSU includes a branch campus in Bend and receives separate appropriations for statewide activities including agricultural experiment stations, cooperative extension services and forestry research laboratories. The OUS reporting entity also includes seven university foundations which are reported as discretely presented component units (DPCU) in the OUS Financial Statements. Organizations that are not financially accountable to OUS universities, such as booster and alumni organizations, are not included in the reporting entity.

Senate Bill (SB) 270 was passed by the Oregon Legislature during fiscal year 2013 and established OSU, PSU, and the UO each as an independent public body legally separate from OUS as of July 1, 2014. These three entities will not be included in the OUS financial reporting entity starting with the fiscal year 2015 financial report. SB 270 also contained language providing pathways for EOU, OIT, SOU and WOU to become independent public bodies, legally separate from OUS with their own governing boards. The Board unconditionally endorsed both OIT and WOU to become separate legal entities with independent governing boards effective July 1, 2015. The Board conditionally endorsed EOU and SOU to become separate legal entities with independent governing boards effective July 1, 2015 subject to mutually agreed upon conditions endorsed by the Governor. Effective July 1, 2015, each public university will be a stand-alone legal entity. Each university will continue to be included as a discretely presented component unit in the Comprehensive Annual Financial Report issued by the State.

OUS is a part of the primary government of the State of Oregon (State) and is included as a proprietary (enterprise) fund in the Comprehensive Annual Financial Report issued by the State.

B. Financial Statement Presentation

OUS financial accounting records are maintained in accordance with U.S. generally accepted accounting principles as prescribed in applicable pronouncements of the Governmental Accounting

Standards Board (GASB). The financial statement presentation required by GASB No. 35 provides a comprehensive, entity-wide perspective of OUS assets, deferred outflows, liabilities, deferred inflows, net position, revenues, expenses, changes in net position, and cash flows.

Financial statements of the OUS discretely presented component units are presented in accordance with generally accepted accounting principles prescribed by the Financial Accounting Standards Board (FASB).

In preparing the financial statements, significant interfund transactions and balances between universities have been eliminated. Unless otherwise stated, dollars are presented in thousands.

Newly Implemented Accounting Standards

OUS implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, effective for the fiscal year ended June 30, 2014. GASB 65 amended or superseded the accounting and financial reporting guidance for certain items previously required to be reported as assets or liabilities. Certain items that were previously reported as assets and liabilities are now classified as deferred outflows or deferred inflows of resources, and certain items are now recognized as expenses or revenues in the period incurred. As a result of the implementation, OUS reclassified \$34,456 in unamortized gain/(loss) on refundings previously reported as a liability to deferred outflows.

OUS implemented GASB Statement No. 66, *Technical Corrections—2012—an amendment of GASB Statements No. 10 and No. 62*, effective for the fiscal year ended June 30, 2014. GASB 66 resolves conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Government Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-1989 FASB and AICPA Pronouncements*. The implementation of GASB 66 had no impact on the OUS financial statements.

The Oregon Public Employees Retirement System (PERS) implemented GASB Statement No. 67, *Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25*, effective for the fiscal year ended June 30, 2014. GASB 67 improves accounting and financial reporting by state and local governments for pensions and pension plans, and therefore applies directly to PERS, and indirectly to OUS. The measurement of net pension liability in accordance with GASB 67 will increase liabilities for OUS universities as they implement GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* in fiscal year 2015.

OUS implemented GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, effective for the fiscal year ended June 30, 2014. GASB 70 improves the recognition, measurement, and disclosure guidance for state and local governments that have extended or received financial guarantees that are nonexchange transactions. The implementation of GASB 70 has resulted in an additional note to the financial

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

statements, 8.J. Financial Guarantees. The adoption of GASB 70 did not materially impact the OUS financial statements.

Upcoming Accounting Standards

In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*. GASB 68 improves accounting and financial reporting by state and local governments for pensions, and is effective for the fiscal year ending June 30, 2015. The State is currently evaluating the impact of this standard on future financial statements. Information relating to any increase in the liabilities of OUS is unavailable at this time. The adoption of GASB 68 is expected to have a significant negative impact on the unrestricted net position of OUS.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. The objective of this statement is to improve financial reporting by addressing accounting and financial reporting for government combinations and disposals of government operations. GASB 69 requirements are effective for the fiscal year ending June 30, 2015. OUS is analyzing the effects of the adoption of GASB 69 and is uncertain of the impact on the financial statements and related reporting requirements at this time.

In November 2013, GASB issued Statement No. 71, *Pension Transition for Contributions made Subsequent to the measurement Date - An Amendment of GASB Statement No. 68*. GASB 71 updates GASB 68 and refers to contributions, if any, made to a defined benefit pension plan after the measurement date of the beginning net pension liability. These requirements are effective for the fiscal year ending June 30, 2015. The adoption of GASB 71 is not expected to have a material impact on the OUS financial statements.

C. Basis of Accounting

For financial reporting purposes, OUS is considered a special-purpose government engaged only in business-type activities. Accordingly, the OUS financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when incurred.

D. Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments with original maturities of three months or less. Cash and cash equivalents include: Cash on hand; cash and investments held by the State of Oregon in the Oregon Short-Term Fund (OSTF); cash and cash equivalents restricted for the payment of the current portion of debt service; and cash deposits, if any, of debt proceeds in investment funds held by a trustee.

E. Investments

Investments are reported at fair value as determined by market prices. Unrealized gains or losses on investments are reported as investment activity in the Statement of Revenues, Expenses, and Changes in Net Position.

Investments are classified as noncurrent assets in the Statement of Net Position.

F. Inventories

Inventories are recorded at the lower of average cost or market and consist primarily of supplies in storerooms and physical plant stores.

G. Capital Assets

Capital assets are recorded at cost on the date acquired or at fair market value on the date donated. OUS policy is to capitalize equipment with unit costs of five thousand dollars or more and an estimated useful life of greater than one year. OUS capitalizes real property expenditures that increase the functionality and/or extend the useful life of the real property if total expenditures exceed the capitalization thresholds of \$50 to \$100, depending on the type of real property. Intangible assets valued in excess of \$100 are capitalized. Expenditures below the capitalization threshold and repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

OUS capitalizes interest expense on projects exceeding \$20 million that are partially or fully funded by XI-F(1) debt or internally generated funds. Total interest costs of \$53,163 and \$51,342 were incurred on XI-F(1) debt, of which \$1,445 and \$1,433 were capitalized for the fiscal years ended 2014 and 2013, respectively.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets; generally 15 to 50 years for buildings, 10 to 20 years for infrastructure and land improvements, 10 years for library books and 5 to 11 years for equipment. Amortization terms of intangible assets vary depending on the factors relating to the specific asset. Depreciation is not applied to museum collections, works of art or historical treasures, or library special collections.

H. Unearned Revenues

Unearned revenues include amounts received for tuition and fees, grants and contracts, lease income and auxiliary enterprises activities in which cash has been received, but revenue earned in subsequent fiscal year(s).

I. Compensated Absences

OUS accrues a liability for vacation leave and other compensated absences that were earned but not used during the current or prior fiscal year for which employees can receive compensation in a future period. Sick leave is recorded as an expense when paid. There is no payout provision for unused sick leave and no liability exists for terminated employees.

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

J. Net Position

OUS's net position is classified as follows:

Net investment in capital assets

Net investment in capital assets represents the total investment in capital assets, net of accumulated depreciation and amortization, and outstanding debt obligations related to those capital assets.

Restricted – nonexpendable endowments

Restricted nonexpendable consists of endowment funds in which donors have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income. The income may either be expended or, depending on the terms of the gift instrument, added to the principal.

Restricted – expendable

Restricted expendable includes resources which OUS is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

Unrestricted

Unrestricted are resources that may be used at the discretion of the Board.

When an expense is incurred that can be paid using either restricted or unrestricted resources, restricted resources are applied first.

K. Endowments

Oregon Revised Statutes (ORS) Section 351.130 gives OUS the authority to use the interest, income, dividends, or profits of endowments. Current Board policy is to annually distribute, for spending purposes, four percent of the preceding 20 quarter moving average of the market value of the endowment funds and to maintain the purchasing power of the funds as nearly as prudent investment permits. In accordance with current board policy, the amount available for distribution during fiscal year 2015 is estimated to be \$2,664. For the years ended June 30, 2014 and 2013, the net amount of appreciation available for authorization for expenditure was \$23,755 and \$18,765, respectively.

Nonexpendable Endowments on the Statement of Net Position of \$17,561 and \$16,785 at June 30, 2014 and 2013, respectively, represent the original corpus of true endowment funds and do not include the accumulated gains of those endowments.

L. Income Taxes

OUS is treated as a governmental entity for tax purposes. As such, OUS is generally not subject to federal and state income taxes. However, OUS remains subject to income taxes on any income that is derived from a trade or business regularly carried on and not in furtherance of the purpose for which it was granted exemption from income taxes. No income tax provision has been recorded because there were no taxes due to unrelated business income during fiscal year 2014.

M. Revenues and Expenses

OUS has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

Operating revenues and expenses generally have the characteristics of exchange transactions. These transactions can be defined as an exchange in which two or more entities both receive and sacrifice value, such as purchases and sales of goods or services. Examples of operating revenues include student tuition and fees, sales and services of auxiliary enterprises, most federal, state and local grants and contracts, and other operating revenues. Examples of operating expenses include employee compensation, benefits and related expense, scholarships and fellowships, utilities, supplies and other services, professional fees, and depreciation expenses of capital assets.

Nonoperating revenues generally have the characteristics of non-exchange transactions. In a nonexchange transaction, OUS receives value without directly giving equal value in exchange. Examples of nonoperating revenues include state appropriations, and nonexchange grants, gifts, and contributions. Nonoperating expenses are defined in GASB No. 9, *Reporting Cash Flows of Proprietary and Non-expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB No. 34, *Basic Financial Statement - and Management Discussion and Analysis - for State and Local Governments*. Examples of nonoperating expenses include interest on capital asset related debt and bond expenses.

N. Allowances

Student tuition and fees and campus housing revenues included in auxiliary enterprises revenues are reported net of scholarship allowances. A scholarship allowance is the difference between the revenues charged to students and the amounts actually paid. OUS has two types of scholarship allowances that net into tuition and fees. Tuition and housing waivers, provided directly by OUS, amounted to \$91,014 and \$87,446 for the fiscal years ended 2014 and 2013, respectively. Revenues from financial aid programs (e.g., Pell Grants, Supplemental Educational Opportunity Grants, and Oregon Opportunity Grants) used for paying student tuition and fees and campus housing were estimated to be \$111,548 and \$106,832 for the fiscal years ended 2014 and 2013, respectively. Bad debt expense is included as an allowance to operating revenues and is estimated to be \$9,329 and \$26,640 for the fiscal years ended 2014 and 2013, respectively.

O. Federal Student Loan Programs

OUS universities receive proceeds from the Federal Direct Student Loan Program. Since OUS transmits these grantor supplied moneys without having administrative or direct financial involvement in the program, these loans are reported in an agency fund. Federal student loans received by OUS students but not reported in operations were \$571,785 and \$583,968 for the fiscal years ended 2014 and 2013, respectively.

Notes to the Financial Statements For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

P. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that could affect the reported amounts of assets and liabilities, revenues and expenses, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Q. Reclassifications

Certain amounts within the June 30, 2013 financial statements have been reclassified to conform to the June 30, 2014 presentation. The reclassifications had no effect on previously reported total net position.

2. CASH AND INVESTMENTS

A. Cash and Cash Equivalents

Deposits with State Treasury

OUS maintains the majority of its cash balances on deposit with the Oregon State Treasury (State Treasury). These deposits at the State Treasury are held, on a pooled basis, in the Oregon Short-Term Fund (OSTF). The OSTF is a cash and investment pool for use by all state agencies. The State Treasurer invests these deposits in high-grade short-term investment securities. At the fiscal years ended June 30, 2014 and 2013, OUS cash and cash equivalents on deposit at State Treasury were \$633,504 and \$542,135, respectively.

Cash and Cash Equivalents are classified as current and noncurrent which include both restricted and unrestricted cash. The 2014 current portion includes \$27,625 in restricted agency funds for payroll liabilities and undistributed student loans and \$42,180 restricted for debt service payments. The noncurrent portion included \$6,559 in restricted agency funds for OUS student groups and campus organizations. Of the total restricted cash, \$41,160 is held by the Chancellor's Office.

The 2013 current portion included \$49,055 in restricted agency funds for payroll liabilities and undistributed student loans and \$22,901 restricted for debt service payments. The noncurrent portion included \$5,764 in restricted agency funds for OUS student groups and campus organizations. Of the total restricted cash, \$63,151 is held by the Chancellor's Office.

A copy of the State Treasury audited annual financial report may be obtained by writing to the Oregon State Treasury, 350 Winter St. NE, Suite 100, Salem, OR 97301-3896 or by linking via the internet at <http://www.oregon.gov/treasury/AboutTreasury/Pages/Annual-Reports.aspx>.

Custodial Credit Risk—Deposits

Custodial credit risk is the risk that, in the event of a financial institution failure, cash balances will not be returned to a depositor. OUS cash balances held on deposit at the State Treasury are invested consistently, therefore custodial credit risk exposure to the State Treasury is low.

Foreign Currency Risk—Deposits

Deposits in foreign currency run the risk of changing value due to fluctuations in foreign exchange rates. State Treasury deposits are in U.S. currency and therefore not exposed to foreign currency risk. To facilitate study abroad programs, there are some cash balances held in local currency to pay local expenses. The aggregate foreign denominated account balances converted into U.S. dollars equaled \$154 and \$191 at June 30, 2014 and 2013, respectively.

To further mitigate foreign currency risks for prospective study abroad activities, OUS periodically enters into forward foreign currency contracts. At June 30, 2014 and 2013, respectively, these contracts totaled \$1,215 and \$997 and had a net fair value loss of \$20 and \$27. The net fair value loss is reported as Deferred Outflows on the Statement of Net Position.

June 30, 2014						
Currency	Notional Amount	Principal Amount	Effective Date	Maturity Date	Contract Rate	Fair Value Adj

JPY	5,000	55	4/3/2013	3/14/2014	0.0111	(5)

Other Deposits

For the years ended June 30, 2014 and 2013, OUS had vault and petty cash balances of \$668 and \$718, respectively. Additionally, OUS had small amounts of cash invested with a fiscal agent relating to debt issuances.

B. Investments

OUS funds are invested by the State Treasury. OUS investment policies are governed by statute, the Oregon Investment Council (Council), and the Board. In accordance with ORS, investments of those funds are managed as a prudent investor would do, exercising reasonable care, skill and caution. While the State Treasury is authorized to utilize demand deposit accounts and fixed-income investments, equity investments must be directed by external investment managers who are under contract to the Council.

Investments are all classified as noncurrent and include both restricted and unrestricted funds. At June 30, 2014, of the total \$299,160 in investments, \$84,550 are restricted endowments, and \$29,244 are restricted for future Student Building Fee debt service payments. Of the restricted investments, \$30,829 is held by the Chancellor's Office.

Notes to the Financial Statements For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

At June 30, 2013, of the total \$364,717 in investments, \$71,290 were restricted endowments, of which \$2,179 was held by the Chancellor's Office.

The following schedule presents the fair value of OUS investments as reported by the applicable investment trustee at June 30, 2014 and 2013:

University System

Investment Type:				
Mutual Funds -				
Domestic Fixed Income	\$ 61,793	20%	\$ 123,063	33%

Total All Investments	303,941	100%	365,906	100%
Less Amounts Recorded As Cash	(4,781)		(1,189)	
Total Investments	<u>\$ 299,160</u>		<u>\$ 364,717</u>	

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Position.

Significant events in domestic and international investment markets or aggressive action by the Federal Open Market Committee to influence both short and long-term interest rates contribute to price volatility. Consequently, the fair value of OUS's investments is exposed to price volatility which could result in a substantial change in the fair value of certain investments from the amounts reported as of June 30, 2014.

OUS monitors endowment investments to identify any accounts for which estimated fair value is less than historical value. As of June 30, 2014, OUS had no individually named permanent endowment funds with estimated fair values that, in total, were less than their permanently restricted or historical value.

Of the total investments, \$40,803 is invested in an intermediate term pool managed by State Treasury, \$179,197 is individually held investments, \$76,398 is invested in a portfolio that is managed for the benefit of pooled gifts and endowments, and \$2,762 is sepa-

ately invested endowments. OUS has an endowment investment policy and follows State Treasury policy for investments of unspent bond proceeds.

Investments of the OUS discretely presented component units are summarized at June 30, 2014 and 2013 as follows:

Component Units

Fair Value at June 30, Investment Type:	2014	2013
Corporate Stocks, Bonds, Securities and Mutual Funds	\$ 760,794	\$ 634,536
Investment in Common Stock, Voting Trust and Partnerships	623,676	534,372
US Treasury Notes and Government Obligations	-	-
Money Market Funds and Certificates of Deposit	47,760	85,329
Collateralized Mortgages, Mortgage Notes and Contracts, Realty Funds	22,925	22,072
Remainder Trusts, Unitrusts and Gift Annuities	60,695	55,527
Alternative Investments	22,803	18,850
Investment Receivables	125	176
Cash Value of Life Insurance Policies	2,354	2,415
Other	10,778	10,940
Total Investments	<u>\$ 1,551,910</u>	<u>\$ 1,364,217</u>

Credit Risk

Credit risk is the risk that the issuer of an investment fails to fulfill its obligations. OUS has an investment policy for each segment of its investment portfolio. Of these, the endowment investment policy has the least restrictive credit requirements. Its policy requires fixed income securities to have an average credit quality of A/Aa or better and limits below investment grade bonds to no more than 15% of the bond portfolio, exclusive of guaranteed investment contracts. The policy also permits holding unrated investments such as common stock, venture capital funds, and real estate. The Oregon Intermediate Term Pool, Western Asset Core Plus, Blackrock Inflation Protected and Vanguard Intermediate Term mutual funds (all categorized as Mutual Fund - Domestic Fixed Income) are unrated and indicated as such in the table. See table on the following page for OUS investment credit quality ratings at June 30, 2014 and 2013.

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

Custodial Credit Risk

Custodial credit risk refers to OUS investments that are held by others and not registered in OUS's or the State Treasury's name. This risk typically occurs in repurchase agreements where cash is transferred to a broker-dealer in exchange for securities, but the securities are held by a separate trustee in the name of the broker-dealer. There are policy provisions around securities lending to control this risk. See "C. Securities Lending" in this footnote for additional information.

Concentration of Credit Risk

Concentration of credit risk refers to potential losses if total investments are concentrated with one or few issuers. OUS policy for reducing this risk in fixed income securities is that, with exception of U.S. Government and Agency issues, no more than 10% of the bond portfolio, at market value, is to be invested in securities of a single issuer or no more than five percent of the individual issue. For all other types of fixed income investments, not more than five percent of the market value of any investment fund was invested in any single security, unless part of an index fund.

Foreign Currency Risk

Foreign currency risk is the risk that investments may lose value due to fluctuations in foreign exchange rates. OUS has \$29,970 in deposits and mutual funds that are primarily invested in international debt and international equities at June 30, 2014. Approximately \$6,201 of these investments have foreign currency exchange contracts to offset the associated foreign currency risk. A foreign currency exchange contract is a forward contract that is a commitment to purchase or sell a foreign currency at a future date at a negotiated forward rate. Foreign currency forward contracts are privately negotiated contracts with customized terms and are transacted in over-the-counter markets. Risk associated with such contracts includes adverse changes in the value of the currency and the failure of the counterparty to perform.

The following schedules presents the foreign currency exchange contracts in effect as of June 30, 2014 and 2013:

As of June 30, 2014

Description	Settle Dates	Notional Value	Fair Market Value

Interest Rate Risk

Investments in fixed income securities are subject to the risk that changes in interest rates will adversely affect the fair value of the investments. OUS has the following investments in corporate bonds and fixed income mutual funds at June 30, 2014 and 2013 (duration in years):

Fair Value at June 30,	2014	Duration	2013	Duration
Investment Type:				
Mutual Funds-Domestic				
Fixed Income	\$ 61,793	3.24	\$ 123,063	3.41
US Agency Securities	49,716	3.32	69,043	3.59
Corporate Bonds	66,617	3.05	59,535	2.59
US Government Securities	3,713	6.43	14,624	7.53
Non-US Govt Securities	7,591	6.59	12,473	5.68
Municipals	8,740	2.88	7,828	3.11

Obligations	17,449	1.75	7,176	2.25
Asset Backed Securities	13,777	2.63	12,729	3.82
Money Market Funds	7,776	0.50	1,190	0.50
Total Fair Value	\$ 245,840		\$ 314,357	
Portfolio Weighted Average Duration		3.04		3.52

C. Securities Lending

In accordance with the State investment policies, the State Treasurer participates in securities lending transactions. The securities lending balances relating to investment securities owned by OUS and OUS funds deposited into the OSTF are shown on the following table:

	June 30, 2014	June 30, 2013
OUS Securities on loan:		
Fair Value	\$ 635	\$ 356
Cash Collateral held by OUS:		
Fair Value	566	378
Reported Value	566	378
OSTF Securities on loan:		
Fair Value	73,634	46,577
Cash Collateral held by OSTF:		
Fair Value	46,283	33,336
Reported Value	46,283	33,336

The State Treasurer has authorized its custodian to act as its agent in the lending of the OUS and OSTF's securities pursuant to a form of loan agreement, in accordance with OSTF investment policies. There were no significant violations of the provisions of securities lending agreements during the year ended June 30, 2014.

The State Treasurer's securities lending agent lent short-term and fixed income securities and received as collateral U.S. dollar cash. Borrowers were required to deliver collateral for each loan equal to not less than 102 percent of the market value of the loaned security. The State Treasurer did not impose any restrictions during the year on the amount of the loans that the securities lending agent made on its behalf. The State Treasurer is fully indemnified by

Notes to the Financial Statements For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

its securities lending agent against losses due to borrower default. There were no losses during the year from the failure of borrowers to return loaned securities.

The Custodian is authorized by the Securities Lending Agreement to invest cash collateral received for OUS securities on loan in the OSTF. At June 30, 2014, the OSTF comprised commercial paper, U.S. agency securities, time certificates of deposit (TCD), and corporate notes. The funds' rules provide that broker-dealers meet certain qualifications and that investments are delivered to and held by a third party custodian, which holds the funds' securities in the State of Oregon's name. The TCDs, comprising approximately one percent of total OSTF investments, are exposed to custodial credit risk. The TCDs are collateralized by securities pledged by the bank equal to 25% of the Certificates of Participation provided by the bank.

The cash collateral of OSTF securities on loan was invested in a short-term investment fund (STIF) maintained by the custodial agent, into U.S. agency securities, and corporate notes. The investments were held by a third-party custodian in the State of Oregon's name. The STIF is not rated by a nationally recognized statistical rating organization, although the STIF's portfolio rules provide minimum requirements with respect to the credit quality of the STIF.

The State Treasurer and borrowers maintain the right to terminate all securities lending transactions on demand. As a consequence, the maturities of investments made with the cash collateral generally do not match the maturities of the securities loans.

3. ACCOUNTS RECEIVABLE

Accounts Receivable, including component units, comprised the following:

	June 30, 2014	June 30, 2013
Student Tuition and Fees	\$ 115,688	\$ 107,938
Auxiliary Enterprises and Other		
Operating Activities	36,777	30,261
Federal Grants and Contracts	44,577	56,801

State, Other Government, and Private		
Gifts, Grants and Contracts	8,677	7,922
Other	72,084	39,522
	<u>298,450</u>	<u>260,205</u>
Less: Allowance for Doubtful Accounts	<u>(42,774)</u>	<u>(38,726)</u>
Accounts Receivable, Net	<u>\$ 255,676</u>	<u>\$ 221,479</u>

4. NOTES RECEIVABLE

Student loans made through the Federal Perkins Loan Program comprise substantially all of the Federal Student Loans receivable at June 30, 2014 and 2013. The program is funded through interest earnings and repayment of loans. Under certain conditions, the repayment of loans can be forgiven at differing annual rates ranging from 10 to 100 percent.

Federal Perkins loans deemed uncollectible are assigned to the U.S. Department of Education for collection. OUS has provided an allowance for uncollectible loans, which in management's opinion will absorb loans that will ultimately be written off. Notes Receivable comprised the following:

	June 30, 2014		
	Current	Noncurrent	Total
Institutional and Other			
Student Loans	\$ 4,434	\$ 5,050	\$ 9,484

7. OPERATING LEASES

A. Receivables/Revenues

OUS receives rent income for land, property and equipment that is leased to non-State entities. Rental income received from leases was \$9,580 and \$9,296 for the years ended June 30, 2014 and 2013, respectively. The original cost of assets leased, net of depreciation, was \$45,774 and \$58,382 for the years ended June 30, 2014 and 2013, respectively. Minimum future lease revenue for noncancelable operating leases at June 30, 2014 were:

For the year ending June 30,

2015	\$ 5,871
2016	4,664
2017	3,912
2018	3,380
2019	3,007
2020-2024	10,857
2025-2029	12,911
2030-2034	14,291
2035-2039	17,932
2040-2044	11,332
2045-2049	3,913
2050-2054	3,326
2055 and After	3,318
Total Minimum Operating Lease Revenues	<u>\$ 98,714</u>

B. Payables/Expenses

OUS leases building and office facilities and other equipment under noncancelable operating leases. Total costs for such leases and rents were \$16,267 and \$16,336 for the years ended June 30, 2014 and 2013, respectively. Minimum future lease payments on operating leases at June 30, 2014 were:

For the year ending June 30,

2015	\$ 13,803
2016	11,158
2017	9,505
2018	7,928
2019	6,629

A. General Obligation Bonds XI-F(1)

The Oregon Constitution authorizes OUS to issue Article XI-F(1) State of Oregon General Obligation Bonds. Article XI-F(1) bond issuances are used to finance construction. OUS policy requires the establishment and maintenance of sinking funds and those funds are included in Cash and Cash Equivalents. See "I. Defeased Debt" in this note for information relating to debt issued to refund existing debt.

XI-F(1) bonds, with effective yields ranging from 0.14 percent to 7.0 percent, are due serially through 2044.

During the fiscal year ended June 30, 2014, OUS issued bonded indebtedness as follows:

- \$115,105 of Series 2013 NO XI-F(1) Taxable and Tax Exempt bonds with an effective rate of 4.3 percent, due serially through 2044 for capital construction.
- \$68,440 of Series 2014 CD XI-F(1) Taxable and Tax Exempt with an effective rate of 3.6 percent, due serially through 2044 for capital construction.

During the fiscal year ended June 30, 2013, OUS issued bonded indebtedness as follows:

- \$231,970 of Series 2013 AB XI-F(1) Taxable and Tax Exempt bonds with an effective rate of 2.9 percent due serially through 2043, for capital construction and refunding.

B. General Obligation Bonds XI-G

The Oregon Constitution authorizes OUS to issue Article XI-G State of Oregon General Obligation Bonds. Article XI-G bond issuances are used to finance designated educational buildings and

facilities with debt service funded by State legislative appropriation. See "I. Defeased Debt" in this note for information relating to debt issued to refund existing debt.

XI-G bonds, with effective yields ranging from 0.25 percent to 7.0 percent, are due serially through 2042.

During the fiscal year ended June 30, 2014, the State did not issue any XI-G bonds on OUS's behalf.

During the fiscal year ended June 30, 2013, the State issued bonded indebtedness on behalf of OUS as follows:

- \$71,345 of 2013 CD XI-G Taxable and Tax Exempt bonds with an effective rate of 2.8 percent due serially through 2037, for capital construction and refunding.

C. General Obligation Bonds XI-Q

The Oregon Constitution authorizes issuance of Article XI-Q State of Oregon General Obligation Bonds. Article XI-Q bond issuances are issued to finance certain equipment, computer software purchases and construction projects. OUS makes payments (principal and interest) to a trustee in accordance with an inter-agency agreement. The trustee, in turn, makes the debt service payments to XI-Q bondholders. XI-Q bonds, with effective yields ranging from 0.69 percent to 4.4 percent, are due serially through fiscal year 2036.

During the fiscal year ended June 30, 2014, the State did not issue any XI-Q bonds on OUS's behalf.

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

During the fiscal year ended June 30, 2013, the State issued on OUS's behalf XI-Q bonds as follows:

- \$4,543 of Series 2013 J XI-Q Tax Exempt bonds with an effective rate of 2.78 percent due serially through 2027, for re-funding.

D. Oregon Department of Energy Loans

OUS has entered into loan agreements with the State of Oregon Department of Energy (DOE) Small Scale Energy Loan Program (SELP) for energy conservation projects at OUS institutions. OUS makes monthly loan payments (principal and interest) to the DOE in accordance with the loan agreements. SELP loans, with interest rates ranging from 2.0 percent to 6.0 percent, are due through 2033.

E. Certificates of Participation

Certificates of Participation (COPs) were issued to finance certain equipment, computer software purchases and construction projects. OUS makes payments (principal and interest) to a trustee in accordance with the interagency agreement. The trustee, in turn, makes the debt service payments to COPs holders. COPs, with effective yields ranging from 2.1 percent to 6.2 percent, are due through fiscal year 2035.

The State has not issued COPs on behalf of OUS since fiscal year 2010.

F. Lottery Bonds

Lottery Bonds are special obligations of the State, secured and payable from net revenues of the Oregon State Lottery. Lottery Bonds are issued pursuant to ORS Chapters 286A.560 to 286A.585 and 348.716, and under the authority of ORS Chapter 903. Lottery Bonds, with effective yields ranging from 0.48 percent to 5.3 percent, are due through fiscal year 2033.

During the fiscal year ended June 30, 2014, the State issued no Lottery Bonds on OUS's behalf.

During the fiscal year ended June 30, 2013, the State issued on OUS's behalf Lottery Bonds as follows:

- Lottery Taxable and Tax Exempt Series 2013 ABC, \$108,414, effective rate of 3.2 percent for technology projects, construction and refunding due serially through 2033.

G. Arbitrage Rebate Liability

The Tax Reform Act of 1986 placed restrictions on the nonpurpose investment earnings from the proceeds of qualified tax-exempt bonds issued after August 15, 1986. Specifically, the nonpurpose investment earnings on these bonds are limited to the yield on each individual bond issue (based on the initial offering price to the public). Nonpurpose investment earnings in excess of the bond yield limitations are subject to rebate to the federal government. The total arbitrage rebate liability as of June 30, 2014 and 2013 was \$3 and \$3, respectively.

H. Debt Related to Oregon Health & Science University

Prior to 1996, Oregon Health & Science University (OHSU) was part of OUS. Pursuant to an act of the 1995 Oregon Legislature, OHSU became an independent public corporation. Consequently, OHSU is no longer included in the OUS financial statements.

The new public corporation was given ownership of all property related to OHSU, and assumed liability for all outstanding indebtedness that OUS had incurred for the benefit of OHSU.

During fiscal year 2011, OUS entered into a joint construction project with OHSU. Part of the bonds issued by OUS to fund the construction will be repaid by OHSU.

A note receivable from OHSU has been recorded for OUS debt that was incurred for the benefit of OHSU (See Note 4). At June 30, 2014 and 2013, long-term debt of OUS that relates to OHSU was \$39,448 and \$42,388, respectively.

I. Defeased Debt

From time to time and when fiscally appropriate, OUS will sell bonds and use the proceeds to defease previously issued debt.

During the year ended June 30, 2014, OUS issued no XI-F(1), XI-G, XI-Q or Lottery Bonds to be used to defease previously issued debt.

During the year ended June 30, 2013, OUS issued \$196,135 in XI-F(1) bonds with an average interest rate of 3.2 percent to refund \$184,615 in XI-F(1) bonds with an average interest rate of 5.1 percent. The net proceeds of the bonds were \$208,711 (after bond premium of \$13,911 and payment of \$1,335 in underwriting costs).

The refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$16,462. The refunding was undertaken to reduce total debt service payments (principal and interest) over the next 23 years by \$25,014 and resulted in an economic gain of \$19,773.

During the year ended June 30, 2013, OUS issued \$69,945 in XI-G bonds with an average interest rate of 3.2 percent to refund \$64,840 in XI-G bonds with an average interest rate of 5.1 percent. The net proceeds of the bonds were \$71,636 (after bond premium of \$2,173 and payment of \$482 in underwriting costs).

The refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$6,278. The refunding was undertaken to reduce total debt service payments (principal and interest) over the next 13 years by \$9,072 and resulted in an economic gain of \$7,130.

During the year ended June 30, 2013, OUS issued \$4,543 in XI-Q bonds with an average interest rate of 5.0 percent to refund \$4,675 in COPs bonds with an average interest rate of 5.0 percent. The net proceeds of the bonds were \$5,605 (after bond premium of \$1,086 and payment of \$24 in underwriting and issuance costs).

Notes to the Financial Statements For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

The refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$734. The refunding was undertaken to reduce total debt service payments (principal and interest) over the next 19 years by \$224 and resulted in an economic gain of \$180.

During the year ended June 30, 2013, OUS issued \$11,703 in Lottery Bonds with an average interest rate of 1.7 percent to refund \$10,995 in Lottery Bonds with an average interest rate of 5.1 percent. The net proceeds of the bonds were \$11,638 (after payment of \$65 in underwriting costs).

The refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$648. The refunding was undertaken to reduce total debt service payments (principal and interest) over the next 10 years by \$1,478 and resulted in an economic gain of \$1,419.

In prior years, OUS and OHSU defeased various bond issuances by placing funds in an irrevocable trust to provide for all future debt service payments of the defeased bonds. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the financial statements.

There was no defeased debt outstanding but removed from the the financial statements as of June 30, 2014. The total amount of the defeased debt outstanding but removed from the financial statements amounted \$418,320 at June 30, 2013; none of which was related to OHSU.

J. Financial Guarantees

OUS is a governmental agency of the State of Oregon. Therefore the State of Oregon is ultimately responsible for OUS's financial obligations. As of June 30, 2014, no amounts have been paid by the State of Oregon for OUS's financial obligations, both cumulatively and during the current reporting period.

K. Capital Leases

OUS has acquired assets under capital lease agreements. The cost of OUS assets held under capital leases totaled \$109 and \$737 as of June 30, 2014 and 2013, respectively. Accumulated depreciation of leased equipment totaled \$31 and \$222 for June 30, 2014 and 2013, respectively.

The lease purchase (capital lease) contracts run through fiscal year 2018. The capital leases are recorded at the present value of the minimum future lease payments at the inception date. Interest rates on capitalized leases vary from 6.0 percent to 15.1 percent with a weighted average interest rate of 10.9 percent.

L. State and Local Government Rate Pool

Prior to the formation of the PERS State and Local Government Rate Pool (SLGRP), the State and community colleges were pooled together in the State and Community College Pool (SCCP), and local government employers participated in the Local Government Rate Pool (LGRP). These two pools combined

to form the SLGRP effective January 1, 2002, at which time a transitional, pre-SLGRP liability was created. The pre-SLGRP liability is essentially a debt owed to the SLGRP by the SCCP employers. The balance of the pre-SLGRP pooled liability attributable to the State is being amortized over the period ending December 31, 2027. The liability is allocated by the State of Oregon, based on salaries and wages, to all proprietary funds and the government-wide reporting fund in the State Comprehensive Annual Financial Report. Interest expense was paid in the amount of \$6,255 and \$6,555 for June 30, 2014 and 2013, respectively. Principal payments of \$2,548 and \$2,211 were applied to the liability for June 30, 2014 and 2013, respectively.

M. Employee Deferred Compensation

OUS has a Section 415(m) excess benefit plan at one university. Section 415(m) plans are unfunded plans used as a means of deferring taxation on regular pension plan contributions by public employees in excess of the limitations otherwise imposed on the OUS 403(b) plan. The 415(m) plan is offered to highly compensated employees whose contributions would otherwise be limited by Internal Revenue Code Section 415.

N. Employee Termination Liabilities

OUS has severance agreements with two former employees relating to early termination of their employment contracts. The future payout of these liabilities range from three to four years. This liability was calculated using a discounted present value of expected future benefit payments, with a discount rate of 0.57 to 0.87 percent.

O. Early Retirement Liability

PSU offered a retirement incentive program to eligible faculty and staff. In exchange for relinquishing tenure and/or resigning, this offer provides financial assistance with either a one-time cash incentive or an offset to post-retirement health care costs. Thirty-five employees accepted the one-time incentive payment which aggregated to \$884 and was paid out in fiscal year 2013. Thirteen employees accepted the health benefit subsidy and a \$131 liability will be paid out through fiscal year 2015.

OIT offered an early retirement incentive program to faculty and staff with the acceptance window closing October 31, 2011. Seven employees accepted the offer to receive fixed health benefit subsidies until age 65, and a \$337 liability will be paid out through fiscal year 2021.

EOU offered a tenure relinquishment plan that closed November 30, 2011. Faculty that accepted the plan retired by December 31, 2012 and are receiving a fixed subsidy amount for health benefits covering the term until the faculty member turns 65. Seven faculty members continue to receive payments under this plan and a \$167 liability will be paid out through fiscal year 2019.

Since 1998, SOU has offered a voluntary tenure relinquishment and early retirement program to tenured faculty at least 55 years of age. Faculty electing this plan relinquish all claims to tenure

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

and receive an annual full-time fixed term contract for up to three years. An option within the plan provides that SOU will subsidize health and dental benefits up to a specified dollar amount for up to seven years after the employee's retirement date. As of June 30, 2014, eight retirees are participating in the health and benefits option of this plan and a \$246 liability will be paid out through fiscal year 2020.

Early retirement liabilities comprised \$339 and \$777 in Current Portion of Long-Term Liabilities and \$542 and \$766 in Long-Term Liabilities as of June 30, 2014 and 2013, respectively. This liability was calculated using a discounted present value of expected future benefit payments, with a discount rate ranging from 0.25 to 6.0 percent.

9. PRIOR PERIOD RESTATEMENTS

There are no prior period restatements or corrections for OUS for fiscal years 2014 or 2013.

10. INVESTMENT ACTIVITY

Investment Activity detail is as follows:

	June 30, 2014	June 30, 2013
Interest Income	\$ 10,852	\$ 9,909
Net Appreciation of Investments	8,430	3,638
Royalties and Technology Transfer Income	19,743	20,603
Endowment Income	2,459	2,470
Trust Income Distribution	(2,441)	(2,458)
Gain (Loss) on Sale of Investment	5,112	1,784
Dividend Income	1	1
Other	972	43
	<u>\$ 45,128</u>	<u>\$ 35,990</u>

11. OPERATING EXPENSES BY NATURAL CLASSIFICATION

The Statement of Revenues, Expenses and Changes in Position report operating expenses by their functional classification. The following displays operating expenses by natural classification:

	June 30, 2014	June 30, 2013
Compensation and Benefits	\$ 1,610,507	\$ 1,527,124
Services and Supplies	559,846	534,778
Scholarships and Fellowships	140,893	139,156
Depreciation and Amortization	145,268	136,785
Other Expenses	11,193	11,242
	<u>\$ 2,467,707</u>	<u>\$ 2,349,085</u>

12. GOVERNMENT APPROPRIATIONS

Government appropriations comprised the following:

	June 30, 2014		
	General Operation	Debt Service	Total
General Fund	\$ 316,469	\$ 38,882	\$ 355,351
Lottery Funding	4,000	13,830	17,830
Harvest Tax	3,919		3,919
Total State Appropriations	<u>324,388</u>	<u>52,712</u>	<u>377,100</u>
Federal Appropriations	9,273	-	9,273
County Appropriations	8,195	-	8,195
Total Appropriations	<u>\$ 341,856</u>	<u>\$ 52,712</u>	<u>\$ 394,568</u>

	June 30, 2013		
	General Operations	Debt Service	Total
General Fund	\$ 296,553	\$ 43,420	\$ 339,973
Lottery Funding	4,039	11,597	15,636
Harvest Tax	3,116	-	3,116
Total State Appropriations	<u>303,708</u>	<u>55,017</u>	<u>358,725</u>
Federal Appropriations	8,972	-	8,972
County Appropriations	7,326	-	7,326
Total Appropriations	<u>\$ 320,006</u>	<u>\$ 55,017</u>	<u>\$ 375,023</u>

13. EMPLOYEE RETIREMENT PLANS

OUS offers various retirement plans to qualified employees as described below.

Oregon Public Employees Retirement System/Oregon Public Service Retirement Plan

Oregon Public Employees Retirement System (System) holds assets in a pension trust and provides a statewide defined benefit retirement plan in which OUS employees are eligible to participate. The plan is administered by the Public Employees Retirement Board (Retirement Board) as required by ORS Chapters 238 and 238A. An employee is considered vested and eligible for retirement benefits if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment.

The **State of Oregon Public Employees Retirement System** (PERS) is a single cost-sharing multiple-employer defined benefit plan, consisting of multiple tiers of membership. The 1995 Oregon Legislature enacted a law creating a second tier of PERS benefits. Employees hired into an eligible position prior to January 1, 1996 are enrolled in Tier One, while employees hired into an eligible position on or after January 1, 1996 but before August 29, 2003 are enrolled in Tier Two.

Tier One members are eligible for retirement with unreduced benefits at age 58 or at any age with 30 or more years of service. Employees may retire after reaching age 55; however, benefits are reduced if retirement occurs prior to age 58 with less than 30 years of service.

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

Tier Two members are eligible for retirement with unreduced benefits at age 60 or at any age with 30 or more years of service. Employees may retire after reaching age 55; however, benefits are reduced if retirement occurs prior to age 60 with less than 30 years of service.

PERS has a separate category for firefighters, law enforcement and correction employees. The category includes police officers who are commissioned by a university under ORS 352.383 and are classified as police officers by the university. Police and Fire members are eligible to retire and begin collecting benefits sooner than general service workers, with pensions calculated at a higher rate. Separate contribution rates were developed to reflect the additional costs.

PERS employee contribution requirements are established by ORS 238A.330 and are credited to an employee's account in the Individual Account Program and may be amended by an act of the Oregon Legislature. PERS employer contributions are set by the PERS Board based on actuarial valuations performed in odd numbered years. Beginning July 1, 1979, the employee's contribution rate of 6 percent has been paid by the employer, except for one union at PSU where employees self-pay. The employer contribution rates for Tier One and Two are as follows:

	2014	2013
<u>Tier One - Tier Two</u>		
General Service	9.86%	9.55%
Police and Fire	17.13%	17.40%

The Retirement Bond Debt Service Assessment was authorized by the State of Oregon Legislature in 2003 to sell general obligation bonds in the amount of \$2 billion to pay a PERS unfunded actuarial liability. This action reduced the PERS contribution rate for PERS covered employers in the State actuarial pool in November 2003.

The Oregon Department of Administrative Services coordinates the debt service assessments to PERS employers to cover the bond debt service payments. PERS employers are assessed a percentage of PERS-subject payroll to fund the payments. The assessment rate is adjusted biennially over the life of the twenty-four year debt repayment schedule.

The payroll assessment for the pension obligation bond began May 2004 and is currently at a rate of 6.33 percent. Payroll assessments for the fiscal years ended June 30, 2014 and 2013 were \$37,083 and \$33,594, respectively.

The **Oregon Public Service Retirement Plan** (OPSRP) is composed of a pension program and an individual account program (IAP). The OPSRP defined benefit component is part of the single cost-sharing defined benefit plan administered by PERS. The IAP within the OPSRP is considered a defined contribution plan for financial reporting purposes. The 2003 Oregon Legislature enacted ORS 238.025 creating OPSRP. Employees hired into eligible positions after August 28, 2003 are enrolled.

OPSRP members are eligible for retirement with unreduced benefits at age 65 or age 58 with 30 or more years of service. Employees

may retire after reaching age 55; however, benefits are reduced if retirement occurs prior to age 58 with less than 30 years of service.

OPSRP contribution requirements are established by ORS and may be amended by an act of the Oregon Legislature. OPSRP collects contributions from both employers and employees for the purpose of funding retirement benefits. Beginning July 1, 1979, the employee's contribution rate of 6 percent has been paid by the employer, except for one union at PSU where employees self-pay. The employer contribution rates for OPSRP are as follows:

	2014	2013
<u>OPSRP</u>		
General Service	8.14%	8.05%
Police and Fire	10.87%	10.76%

PERS members as of January 1, 2004 have their employee contribution (paid by the employer) deposited to the defined contribution portion of the OPSRP and their employer contribution credited to the defined benefit portion of the OPSRP. They continue to retain their existing PERS accounts and other benefits associated with PERS membership.

OUS employer contributions to PERS and OPSRP for the years ended June 30, 2014 and 2013 were \$50,814 and \$47,259, respectively, equal to the required contributions for those years.

An actuarial valuation of the System is performed every two years to determine the level of employer contributions. The most recently completed valuation was performed as of December 31, 2012. The valuation included projected payroll growth at 3.75 percent. The pension benefit obligation is a standardized disclosure measure of the present value of pension benefits. It is adjusted for the effects of projected salary increases estimated to be payable in the future as a result of employee service to date. The actuarial accrued liability at December 31, 2012, for PERS and OPSRP, determined through an actuarial valuation performed as of that date, was \$58.6 billion and \$1.8 billion, respectively. PERS and OPSRP net assets available for benefits on that date (valued at market) were \$48.1 billion and \$1.2 billion, respectively. Information for OUS as a stand-alone entity is not available.

The System issues a separate, publicly available financial report that contains audited financial statements and required supplementary information. The report includes ten-year historical trend information showing the progress made in accumulating sufficient assets to pay benefits when due. That report may be obtained by writing to Fiscal Services Division, PERS, 11410 SW 68th Parkway, Tigard, OR 97223, or by linking on the internet at www.oregon.gov/pers/pages/section/financial_reports/financials.aspx, or by calling 1-888-320-7377 or 1-503-598-7377 (in Portland Metro area).

Optional Retirement Plan

The 1995 Oregon Legislature enacted legislation that authorized OUS to offer a defined contribution retirement plan as an alternative to PERS. The Board appointed a Retirement Plan Committee to administer the Optional Retirement Plan (ORP) and named

Notes to the Financial Statements For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

trustees to manage plan assets placed with mutual funds and insurance companies. Beginning April 1, 1996, the ORP was made available to OUS unclassified faculty and staff who are eligible for PERS membership. Employees choosing the ORP may invest the employee and employer contributions in one of multiple investment companies.

The ORP consists of three tiers. Membership under ORP Tier One and Tier Two is determined using the same criteria as PERS. The third tier is determined by membership under the OPSRP. Under the ORP Tier One, Tier Two and OPSRP Equivalent, the employee's contribution rate is 6 percent and is paid by the employer, except for one union at PSU where employees self-pay. The employer contribution rates for the ORP are as follows:

	2014	2013
ORP Tier One	16.50%	16.14%
ORP Tier Two	16.50%	16.14%
OPSRP Equivalent	6.42%	6.21%

Teacher's Insurance and Annuity Association/College Retirement Equities Fund

Eligible unclassified employees may participate in the Teacher's Insurance and Annuity Association and College Retirement Equities Fund (TIAA-CREF) retirement program, a defined contribution plan, on all salary in excess of forty-eight hundred dollars per calendar year. Employee contributions are directed to PERS on the first forty-eight hundred dollars. The employer contribution to TIAA-CREF is an amount sufficient to provide an annuity pension equal to the employee's contributions. To participate in this retirement option, employees must have been hired on or before September 9, 1995. This plan was closed to new enrollment at the time the ORP started in 1996.

Federal Civil Service Retirement

Some Extension Service employees at OSU hold federal appointments. Prior to December 31, 1986, federal appointees were required to participate in the Federal Civil Service Retirement System (CSRS), a defined benefit plan. CSRS employees are subject to the Hospital Insurance portion of the Federal Insurance Contributions Act (FICA), CSRS employee deduction of 7.0 percent, and employer contribution of 7.0 percent, and are also eligible for optional membership in PERS.

The Federal Employees Retirement System (FERS) was created beginning January 1, 1987. Employees on Federal appointment hired after December 31, 1983 were automatically converted to FERS. Other federal employees not covered by FERS had a one-time option to transfer to FERS up to December 31, 1987. New FERS employees contribute 0.8 percent with an employer contribution rate of 10.7 percent, which changed to 11.9 percent effective October 1, 2004. FERS employees are not eligible for membership in PERS and they contribute at the full FICA rate. They also participate in a Thrift Savings Plan (TSP) with an automatic employer contribution of 1.0 percent. Employees may also con-

tribute to this plan at variable rates up to the limit set by the Internal Revenue Service, in which case the employer contributes at a variable rate up to 5.0 percent. CSRS employees are also eligible for participation in the Thrift Savings Plan but without employer contributions.

Supplemental Retirement Plan (SRP)

OUS maintains an IRC Section 414(d) cash balance defined benefit plan to provide a specific benefit value to certain university presidents upon separation. The 414(d) plan is qualified under IRC Section 401(a) as a governmental plan. As of June 30, 2014, the plan was fully funded.

Summary of Pension Payments

OUS total payroll for the year ended June 30, 2014 was \$1,077,437, of which \$867,091 was subject to retirement contributions. The following schedule lists pension payments made by OUS to pension plans for the fiscal year:

	Employer Contribution	As a % of Covered Payroll	Employee Contribution	As a % of Covered Payroll
PERS/OPSRP	\$ 50,814	5.86%	\$ 33,961	3.92%
ORP	30,088	3.47%	16,846	1.94%
TIAA-CREF	226	0.03%	226	0.03%
Federal	374	0.04%	118	0.01%
FERS - TSP	108	0.01%	341	0.04%
SRP	397	0.05%	-	0.00%
	<u>\$ 82,007</u>	<u>9.46%</u>	<u>\$ 51,492</u>	<u>5.94%</u>

Of the employee share, the employer paid \$33,630 of PERS/OPSRP, \$16,791 of ORP, and \$226 of TIAA-CREF during the fiscal year ended June 30, 2014. The federal contributions of \$118 represent FERS and CSRS employees, and the \$341 represents employee contributions to the TSP for FERS employees that were matched from one to five percent by the employer in fiscal year 2014.

OUS total payroll for the year ended June 30, 2013 was \$1,026,385, of which \$817,315 was subject to retirement contributions. The following schedule lists pension payments made by OUS to pension plans for the fiscal year:

	June 30, 2013			
	Employer Contribution	As a % of Covered Payroll	Employee Contribution	As a % of Covered Payroll
PERS/OPSRP	\$ 47,259	5.78%	\$ 32,045	3.92%
ORP	28,551	3.49%	15,922	1.95%
TIAA-CREF	224	0.03%	224	0.03%
Federal	406	0.05%	123	0.02%
FERS - TSP	115	0.01%	356	0.04%
SRP	792	0.10%	-	0.00%
	<u>\$ 77,347</u>	<u>9.46%</u>	<u>\$ 48,670</u>	<u>5.96%</u>

Of the employee share, the employer paid \$31,678 of PERS/OPSRP, \$15,878 of ORP, and \$224 of TIAA-CREF during the fiscal year ended June 30, 2013. The federal contributions of \$123

Notes to the Financial Statements For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

represent FERS and CSRS employees, and the \$356 represents employee contributions to the TSP for FERS employees that were matched from one to five percent by the employer in fiscal year 2013.

14. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description. OUS participates in a defined benefit postemployment healthcare plan, administered by the Public Employees Benefit Board (PEBB), which offers medical, dental and vision benefits to eligible retired state employees and their beneficiaries. The PEBB plan is an agent multiple-employer postemployment healthcare plan. Chapter 243 of the ORS assigns PEBB the authority to establish and amend the benefit provisions of the PEBB Plan. As the administrator of the PEBB Plan, PEBB has the authority to determine postretirement benefit increases and decreases. PEBB does not issue a separate, publicly available financial report.

The PEBB plan allows OUS employees retiring under PERS or OPSRP to continue their healthcare on a self-pay basis until eligible for Medicare, usually at age 65. This plan creates an “implicit rate subsidy” because the healthcare insurance premiums paid by OUS for its employees is based on a blended premium of both employees and retirees combined, which is a higher premium than would have been paid for employees alone. The PEBB plan is also offered to retirees of other Oregon state agencies. Therefore, the amounts presented in this note are limited to OUS’s share, estimated at 28 percent of the total PEBB plan costs attributable to the State of Oregon. This allocation was based on health insurance premiums paid by state agencies during fiscal year 2014.

Funding Policy. OUS’s current policy is to pay the implicit rate subsidy on a pay-as-you-go basis. For fiscal years 2014 and 2013, OUS paid healthcare insurance premiums of \$216,898 and \$208,843, respectively. The portion of the insurance premiums attributable to the implicit rate subsidy was estimated to be \$1,861 and \$2,387 for the fiscal years ended 2014 and 2013, respectively.

Annual OPEB Cost and Net OPEB Obligation. OUS’s annual OPEB expense is calculated based on OUS’s annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed thirty years.

The following table shows the components of OUS’s annual OPEB expense for the year, the amount actually contributed to the plan, and changes in OUS’s net OPEB obligation:

	June 30, 2014	June 30, 2013
Annual Required Contribution	\$ 3,597	\$ 5,969
Interest on Net OPEB Obligation	737	645
Adjustment to Annual Required Contribution	<u>(1,404)</u>	<u>(1,234)</u>
Annual OPEB Cost	2,930	5,380
Contributions Made	<u>(1,861)</u>	<u>(2,387)</u>
Increase in Net OPEB Obligation	1,069	2,993
Net OPEB Obligation - Beginning of Year	<u>19,646</u>	<u>16,653</u>
Net OPEB Obligation - End of Year	<u>\$ 20,715</u>	<u>\$ 19,646</u>

The OUS annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the increase in net OPEB obligation for the fiscal years ended 2014, 2013, and 2012 were as follows:

Year	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2014	\$ 2,930	14%	\$ 20,715
2013	5,380	27%	19,646
2012	5,016	30%	16,653

Funding Status and Funding Progress. The funded status of the OUS OPEB plan for June 30, 2014 and 2013 were as follows:

	June 30, 2014	June 30, 2013
Actuarial Accrued Liabilities	\$ 29,474	\$ 44,133
Actuarial Value of Plan Assets	-	-
Unfunded Actuarial Accrued Liability	<u>\$ 29,474</u>	<u>\$ 44,133</u>
Funded Ratio	0.00%	0.00%
Covered Payroll (active plan members)	\$ 863,481	\$ 817,099
Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll	3.41%	5.40%

Actuarial valuations, prepared biennially, involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Accrual Methods and Assumptions. Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between OUS and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

Significant methods and assumptions were as follows:

	June 30, 2014	June 30, 2013
Actuarial Valuation Date	7/1/2013	7/1/2011
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Amortization Method	Level Percentage	Level Percentage
Amortization Period	15 Years (open)	15 Years (open)
Investment Rate of Return	3.5%	3.5%
Projected Salary Increases	3.5%	3.5%
Initial Healthcare Inflation Rates	3.6% (medical), 2.2% (dental)	4% (medical), 2.7% (dental)
Ultimate Healthcare Inflation Rates	5.4% (medical), 5.0% (dental)	5.5% (medical), 5.0% (dental)

15. FUNDS HELD IN TRUST BY OTHERS

Funds held in trust by others, for which OUS is an income beneficiary, are not recorded in the financial records. The approximate value of such trust funds at June 30, 2014 and 2013, was \$7,159 and \$7,109, respectively.

16. RISK FINANCING

In July of 2012, in accordance with ORS 351.096, the Oregon State Board of Higher Education Finance & Administration Committee established the Oregon University System (OUS) Risk Management Program to protect the life safety, reputation, financial, operations, and property risks associated with the System's broad scope of enterprise activities. The OUS Office of Risk Management manages the program in a transparent manner using best practices and industry standards for risk financing including risk retention and transfer, and risk controls while supporting an enhanced culture of risk mitigation within the system. In the policy year ending June 30, 2014 risk mitigation efforts included tightening review of claims and loss prevention efforts which resulted in a decrease of \$3 million in case reserves.

In addition to the Office of Risk Management, the program is comprised of the Risk Oversight Committee and the Risk Council. The Risk Oversight Committee has responsibility for overseeing the strategic direction of the program and the Risk Council executes the program strategy. The Risk Oversight Committee is comprised of representatives from each of the seven OUS institutions. The financing for this program is provided through the establishment of a Risk Fund consisting of three sub-funds for Casualty, Property, and Workers' Compensation. The Risk Oversight Committee has oversight responsibility for this fund.

All seven OUS institutions and the Chancellor's Office participate in the program and make payments to the Fund based on the OUS Risk Allocation Model and actuarial estimates of the amounts needed to pay prior and current-year claims. The allocation model is based on actuarial experience modification calculations, expected losses, and university provided projected exposures for the future policy year.

The Fund manages a combination of self-insurance and excess insurance for the following potential risks:

- Real property loss for university owned buildings, equipment, automobiles and other types of property

- Tort liability claims brought against the universities, their officers, employees or agents
- Workers' compensation and employers liability
- Crime and fiduciary
- Specialty lines of business including marine, medical practicum, international travel, fine art, aircraft, camps, clinics and other items.

During the year ending June 30, 2014 the Office of Risk Management purchased excess commercial general liability insurance above the self-insurance layer among other underlying coverage as noted above. The total insurable value of property was re-assessed at \$9 billion and included a \$500 million limit with sub-limits for business interruption, earth movement, and flood. In addition, the universities applied a membership credit of over \$190 towards seismic gas shut-off valves in 2013-2014 to help minimize fire damage in the event of an earthquake. The casualty program covers general tort claims as well as directors and officers, errors and omissions, and employment liability. Limits of liability for this program total \$50 million, and for general liability and educator's legal liability this is in excess of over \$1 million in the self-insured program.

Liabilities include an amount for claims that have been incurred but not reported (IBNR) of \$6,567. Changes in the balance of aggregate claims liabilities, including IBNR for property, liability, and workers' compensation insurance programs for the years ended June 30, 2014 and 2013 are as follows:

	Beginning of Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
2014	\$ 14,677	\$ 766	\$ (3,800)	\$ 11,643
2013	11,098	7,335	(3,756)	14,677

The total claims liability at year end is included in Accounts Payable and Accrued Liabilities on the Statement of Net Position.

17. COMMITMENTS AND CONTINGENT LIABILITIES

Outstanding commitments on partially completed and planned but not initiated construction projects authorized by the Oregon State Legislature totaled approximately \$336,519 and \$272,839 at June 30, 2014 and 2013, respectively. These commitments will be primarily funded from gifts and grants, bond proceeds, and other OUS funds. Refer to the table accompanying this note for projects relating to construction commitments as of June 30, 2014.

OUS is contingently liable in connection with certain other claims and contracts, including those currently in litigation, arising in the normal course of its activities. Management is of the opinion that the outcome of such matters will not have a material effect on the financial statements.

Notes to the Financial Statements

For the Years Ended June 30, 2014 and 2013 (dollars in thousands)

OUS participates in certain federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor for expenditures disallowed under terms of the grant. Management believes that disallowances, if any, will not have a material effect on the financial statements.

Unemployment compensation claims are administered by the Oregon Employment Division pursuant to ORS Chapter 657. OUS reimburses the Oregon Employment Division on a quarterly basis for actual benefits paid. Each year resources are budgeted to pay current charges. The amount of future benefit payments to claimants and the resulting liability to OUS cannot be reasonably determined at June 30, 2014.

18. SUBSEQUENT EVENTS

Bonded Indebtedness

On July 29, 2014, the State issued on behalf of OUS \$13,361 in Lottery Bonds with an average interest rate of 5.0 percent to refund \$14,250 in Lottery Bonds with an average interest rate of 5.0 percent. The net proceeds of the bonds were \$15,831 (after payment of \$65 in underwriting costs and bond premium of \$2,534).

The refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$1,041. The refunding was undertaken to reduce total debt service payments (principal and interest) over the next 12 years by \$1,582 and resulted in an economic gain of \$1,314.

Risk Management Structure Changes

Effective July 1, 2014 the OUS Risk Fund (see Note 16) was transferred to the Public University Risk Management and Insurance Trust (Trust). The Trust is a separate legal entity which operates for the benefit of the participating universities. Under provisions of SB 270, all seven public universities are required to participate in the Trust until June 30, 2015. At that time, membership in the Trust becomes optional. All assets and liabilities of the previously established OUS Risk Fund were transferred to the Trust on the effective date. The following risks have also been transferred from the Fund to the Trust:

- Real property loss for university owned buildings, equipment, automobiles and other types of property
- Tort liability claims brought against the universities, their officers, employees or agents
- Workers' compensation and employers liability
- Crime and fiduciary
- Specialty lines of business including marine, medical practicums, international travel, fine art, aircraft, camps, clinics and other items.

Oregon University System Structure Changes

Effective July 1, 2014 OSU, PSU and UO are independent legal entities, each governed by a Board of Trustees of the university. See Note 1 for additional information about this change in legal status.

19. UNIVERSITY FOUNDATIONS

Under policies approved by the Board, individual university foundations may be established to provide assistance in fundraising, public outreach and other support for the missions of OUS universities. Each foundation is a legally separate, tax-exempt entity with an independent governing board. Although OUS universities do not control the timing or amount of receipts from the foundations, the majority of resources, or income thereon, that each

foundation holds and invests are restricted to the activities of OUS universities by the donors. Because these restricted resources held by each foundation can only be used by, or for the benefit of, the universities, the foundations are considered component units of OUS and are discretely presented in the OUS financial statements.

The financial activity is reported for the years ended June 30, 2014 and 2013, except for Eastern Oregon University Foundation reporting for December 31, 2013 and 2012.

During the years ended June 30, 2014 and 2013, gifts of \$132,333 and \$114,900, respectively, were transferred from university foundations to OUS universities. All of the OUS affiliated foundations are audited annually and received unmodified audit opinions.

Please see the combining financial statements for the OUS component units on the following pages.

Complete financial statements for the foundations may be obtained by writing to the following:

- Eastern Oregon University Foundation, One University Blvd., La Grande, OR 97850-2807
- Oregon Tech Development Foundation, 3201 Campus Drive, Klamath Falls, OR 97601-8801
- Oregon State University Foundation, 850 SW 35th Street, PO Box 1438, Corvallis, OR 97339-1438
- Portland State University Foundation, 2125 SW Fourth Avenue, Suite 510, Portland, OR 97201
- Southern Oregon University Foundation, 1250 Siskiyou Boulevard, Ashland, OR 97520-5043
- University of Oregon Foundation, 1720 E. 13th Avenue, Suite 410, Eugene, OR 97403-2253
- Western Oregon University Development Foundation, 345 North Monmouth Avenue, Monmouth, OR 97361
