

## Measure 99

# Estimate of Financial Impact Statement

This measure amends Oregon Revised Statutes to dedicate a portion of lottery proceeds for a statewide outdoor school program. In 2015, the Oregon State Legislature established an Outdoor Education Account for the purpose of funding a six day, residential, hands-on outdoor school program or equivalent for fifth and sixth grade students across the state. The Legislature did not provide funding at that time. This measure would affect distributions from the Department of Administrative Services Economic Development Fund. It dedicates the lesser of the following two amounts to the Outdoor Education account: either four percent of the quarterly transfers to this fund or \$5.5 million quarterly, with a maximum of \$22 million each year.

The measure would result in an expenditure shift of \$22 million annually to the Outdoor Education Account from the Department of Administrative Services Economic Development Fund. The measure does not affect the overall amount of funds collected for or expended by state government. This measure would not have an impact on the constitutionally dedicated amounts for the Educational Stability Fund or the Parks and Natural Resources Fund.
