Election Systems & Software

EVS 5.2.2.0 Voting System

Election Systems and Software has made upgrades to their EVS Voting System. Specifically they have submitted EVS version 5.2.2.0 consisting of the DS850 version 2.10.2.0, DS450 version 3.0.0.0, and ExpressVote version 1.4.1.2 along with their EAC Certificate. The EAC certificate and test reports document that the systems meet all of the Oregon requirements and are conformant with the federal Voluntary Voting System Guidelines (VVSG), Version 1.0 (2005). Election Systems and Software has requested approval of this change for use in Oregon elections.

The Secretary of State partnered with Benton, Washington, Marion, Linn, Deschutes and Multnomah counties and Pro V&V. After reviewing the EAC certificate and testing the system in Salem, Oregon on March 29, 2017, we have determined that the upgraded system complies with the statutory requirements of Oregon Revised Statutes 246.550 and 246.560, specifically ORS 246.550(4) and Oregon Administrative Rule 165-007-0350.

Accordingly, the ES&S EVS 5.2.2.0 Voting System consisting of the DS850, DS450, and ExpressVote is certified for sale, lease or use in all elections in Oregon. The system must be used in compliance with the provisions of applicable Oregon statutes and all Secretary of State, Election Division rules and directives.

Dated this 31st day of March 2017.

Stephen N. Trout
Director of Election
