

Choosing the Correct CM Icon & Pinning to Taskbar

After installing Content Manager, you will notice two different icons appear on your desktop. **Do not** select the “**CONTENT MANAGER DESKTOP**” icon. The “Desktop” version has limited functionality, so it should not be used.

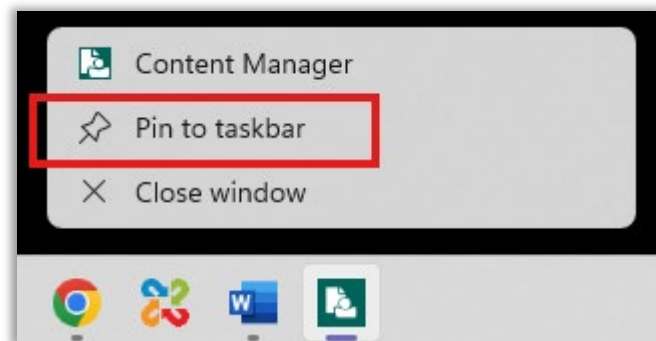

Pinning Content Manager to Taskbar:

Step 1. LOG INTO Content Manager.

Step 2. Once you have Content Manager open, you will notice the Content Manager icon on the **TASKBAR** at the bottom of the screen.

Step 3. RIGHT-CLICK on the icon, then click on **PIN TO TASKBAR**.

Content Manager will now be pinned to your taskbar, at the bottom of the screen, so you never have to worry about opening the wrong version.
