Agency: Oregon Housing and Community Services (OHCS)
Division: Office of the Director

Program Description
The Office of the Director and its Executive Team provide policy direction, leadership, and administration over OHCS staff and agency programs. Executive staff convene and facilitate regular public meetings of the Housing Stability Council (Council), implement the policies established by the Council, and communicate activities of the Council and agency.

Acting as liaison to the Governor and Legislative Assembly on housing issues, the Executive Team participates in various work groups and committees relating to housing, and leads statewide partnership and outreach efforts to spur community development. The Executive Team creates the framework for internal and external planning to anticipate future housing trends and needs affecting sponsors, developers, and recipients of affordable housing in Oregon, and generates reports on available resources.

The Executive Team also collaborates with the Community Action Partnership of Oregon (CAPO) regarding delivery of antipoverty programs throughout Oregon and implementation of administrative rules and policy.

Organizational Placement

**Agency:** Oregon Housing and Community Services (OHCS)

**Division:** Office of the Director

**Program:** Housing Stability Council (formerly State Housing Council)

**Program Description**
In collaboration with OHCS and community partners, the Housing Stability Council (Council) assists in the development of the agency’s strategic plan. The Council sets policies, priorities and standards for increasing the supply of affordable housing in Oregon and for enhancing the funding and focus of community services. The Council advises the agency and elected leaders and rule makers about legislation or rules that will affect the supply or cost of affordable housing, and assists with the development of new legislation.

Council records include Community Incentive Advisory Board records (1996 – 2015) and Interagency Coordinating Council on Hunger and Homelessness Meeting records.

**Program Records**

003 Housing Stability Council Records, 1971 – [ongoing]

(a) Retain minutes, council packets, white papers, reports, and legislative history permanently, transfer to State Archives after 15 years
(b) Retain council member records 5 years after term ends, destroy
(c) Retain audio tapes 1 year or after minutes transcribed and approved, destroy
(d) Retain all other records 2 years, destroy

Organizational Placement
Agency: Oregon Housing and Community Services (OHCS)
Division: Office of the Director
Section: Oregon Volunteers

Program Description

Program Records
Oregon Volunteers program records are in the custody of the Higher Education Coordinating Commission.
Organizational Placement
Agency: Oregon Housing and Community Services (OHCS)
Division: Affordable Rental Housing Division (ARH)
Section: Planning & Policy
Program: Landlord Compensation Fund (LCF)

Program Description
The Landlord Compensation Fund (LCF) allocated resources for Oregon Housing & Community Services (OHCS) in the amount of $150 million from General Fund to compensate residential landlords for 80 percent of past-due rent owed by qualified tenants not collected after April 1, 2020. Landlords applied for relief on behalf of every tenant in need and were required to forgive the remaining 20 percent to access these resources. The Legislature increased the repayment from 80 percent to 100 percent at the end of the program’s life, per Senate Bill 278 in the 2021 Legislative Session. This program was designed to provide relief to landlords who have tenants living in their homes who have been unable to pay rent at any point since April 2020 due to a financial hardship. The program will also eliminate the rent owed for those tenants experiencing hardship.

Organizational Placement
Agency: Oregon Housing and Community Services (OHCS)
Division: Agency Operations Office

Program Description
The Agency Operations Office oversees the following sections:

- The Business Services Section provides centralized administrative and facilities services for the agency. Administrative services include reception and mail processing; office supply purchasing; building access and security; vehicle fleet and state motor pool reservations; and shared conference room access. Facilities services include the planning, procurement, maintenance and disposition of office space, equipment, fleet vehicles and surplus property; installation of employee work stations; and coordination of the building permit process for outside vendors and visitors. Facilities staff also maintain hazardous materials documentation and, in collaboration with Human Resources, coordinate agency safety practices and disaster planning. The Business Services Section also coordinates records management and the internal policy review process for the agency.

- The Human Resources Section maintains confidential personnel files, and coordinates personnel services and transactions for all phases of the employee life cycle – from staff planning, recruitment and hiring, through employee onboarding, training and development, to end of service. Human Resources also administers federal and state family medical leave for eligible employees, and ensures ADA and Affirmative Action compliance.

- The Information Services Section is responsible for the planning and development, installation and maintenance, user support, and protection of the agency’s computer, information and automation systems. The section also provides support and technical assistance to sub-grantee agencies with computer systems that interface with OHCS programs.

**Agency:** Oregon Housing and Community Services (OHCS)

**Division:** Homeownership

**Program Description**

The Homeownership Division provides opportunities for low- and moderate-income Oregonians to become first-time homeowners, and to retain their homes, through programs administered by the Single Family Section and the Oregon Homeownership Stabilization Initiative:

- The Single Family Section administers federal and state funds to help create first-time homeownership opportunities. The Single Family Section programs expand access to affordable homeownership through market-rate residential loans and encourage homeownership retention through education, foreclosure counseling and financial assistance.
- The Oregon Homeownership Stabilization Initiative (OHSI) was created in 2010 when the U.S. Department of Treasury awarded the State of Oregon Troubled Asset Relief Program dollars (Hardest Hit Funds) in response to Oregon’s high unemployment rate. With the federal funds, and based on broad community feedback, the State created several programs designed to assist urban and rural Oregonians in danger of losing their homes.

Organizational Placement
Agency: Oregon Housing and Community Services (OHCS)
Division: Homeownership
Section: Oregon Homeownership Stabilization Initiative

Program Description
In 2010 Oregon Housing and Community Services created the Oregon Affordable Housing Assistance Corporation (OAHAC), a public benefit nonprofit corporation, to receive federal Hardest Hit Funds (HHF) from the United States Department of Treasury. OAHAC contracts with OHCS to administer the Oregon Homeownership Stabilization Initiative (OHSI), a suite of foreclosure prevention programs which include:

- Loan Preservation Assistance assists both financially distressed and financially recovered homeowners by providing funds to bring delinquent mortgages current.
- The Loan Refinancing Assistance Pilot Project assists homeowners by refinancing existing mortgages based on their home’s current value.
- Mortgage Payment Assistance assists financially distressed homeowners by providing up to 12 full monthly payments.
- (Discontinued) The Rebuilding American Homeownership Assistance Pilot Project assisted homeowners who owe more on their existing mortgages than their home’s current value by refinancing existing mortgages into new mortgages with lower interest rates.
- (Opened July 2018) Principal Reduction/Lien Extinguishment assists fixed income homeowners and those with negative equity by reducing the unpaid principal balance on their mortgage so that it can be re-amortized resulting in a more affordable monthly payment.

Program: Home Ownership Assistance Program (HOAP)

Program Description
The Home Ownership Assistance Program (HOAP) was created in 1995 to provide funds for the purpose of expanding the state’s supply of housing for families and individuals. HOAP funds are awarded each biennium in the form of grants to organizations – non-profit corporations, housing authorities and local governments – which both sponsor and manage low-income programs. Funds are available on a statewide basis, concentrating in those areas of the state with the greatest housing need, and are prioritized for projects that address unmet needs. Funds may be used in conjunction with low-income homeownership programs but cannot be used for general operation support. Program staff responsibilities include approving grant funding applications, approving grantee’s draw requests, and monitoring the projects through grantee progress and final reports. Services currently funded with HOAP dollars include:

- Homeownership Centers
- Training and Technical Assistance
- Down Payment Assistance
- Housing for Veterans

Two programs that used HOAP funds have been discontinued:

- (Defunct) The Home Purchase Assistance Program (HPAP) provided down payment and closing cost assistance in the form of a $1,500 interest-free loan payable upon the sale, transfer or refinancing of the home.
- (Defunct) The Home Ownership Using Subsidized Equity (HOUSE) program created manageable monthly payments for new low-income homeowners by subsidizing their mortgage payments for up to four years. The subsidy was used in conjunction with the Residential Loan program and upon sale, transfer, refinance or moving from their property the borrowers repaid the HOUSE subsidy with interest. The House program ended in 2002.

Section: Homeowner Assistance Fund Programs

Program Description
The Homeowner Assistance Fund (HAF) program was established under Section 3206 of the American Rescue Plan Act of 2021 (ARP) to mitigate financial hardships associated with the COVID-19 pandemic by providing funds to eligible entities for the purpose of preventing homeowner mortgage delinquencies, defaults, foreclosures, loss of utilities or home energy services, and displacements of homeowners. The HAF program provides a suite of foreclosure prevention programs which include:

- Past-Due Payment Relief Program, which provides eligible homeowners with funds to eliminate or reduce past-due balances for eligible housing costs.
- The Ongoing Payment Relief Program, which provides eligible homeowners with money to cover all or some of their monthly mortgage and housing costs payments going forward through two tracks:
  - Hardship Track may receive up to 12 months of payment help for eligible costs.
  - Stabilization Track may receive up to three months of payment help for housing costs.

Program: Manufactured, Marina & Floating Homes Communities Resource Center (MMCRC)

Program Description
The Manufactured, Marina & Floating Homes Communities Resource Center (MMCRC) was created in 1989 to support the improvement of landlord and tenant relationships in manufactured dwelling parks, marinas, and floating homes; to encourage voluntary dispute resolution; and to develop and maintain a directory of manufactured dwelling parks in Oregon. The MMCRC helps community members understand fair housing laws and their rights and responsibilities under Oregon’s landlord and tenant law and offers free mediation services and communication skills training for both landlords and tenants. The MMCRC website provides access to a variety of resources including Oregon statutes and administrative rules related to manufactured home parks, links to landlord and tenant associations in Oregon, and a comprehensive directory of manufactured home parks that posts space vacancies as well as landlord training and park registration status. The MMCRC works in cooperation with the OHCS park preservation program to help facilitate resident-owned cooperative ownership of parks that might otherwise close.

Program: National Foreclosure Mitigation Counseling (NFMC) (Ended June 2017)

Program Description
The National Foreclosure Mitigation Counseling (NFMC) program was launched in December 2007 with funds appropriated by the U.S. Congress to address the nationwide foreclosure crisis by dramatically increasing the availability of housing counseling for families at risk of foreclosure. Over a period of ten years Neighbor Works America distributed the funds in a competitive process among selected grantee organizations, which in turn provided the services directly or through subgrantee organizations. As an approved Housing Finance Intermediary agency, Oregon Housing and Community Services (OHCS) was able to apply and compete successfully for ten rounds of funding. OHCS entered into agreements and contracts with eligible, trained and certified non-profit organizations to deliver counseling services throughout Oregon.

Program: Neighborhood Stabilization Program

Program Description
The Neighborhood Stabilization Program (NSP) was created to stabilize neighborhoods with high inventories of foreclosed residential properties by providing a financial incentive to low-income qualified homebuyers to purchase foreclosed and abandoned properties. It also funds qualified non-profit developers including public housing authorities to acquire, develop and/or re-develop foreclosed and abandoned properties. Oregon Housing and Community Services (OHCS) also makes funding available to local jurisdictions eligible to receive funding under HUD’s allocation methodologies. Local jurisdictions enter into partnership with local non-profits and housing authorities to deliver the program targeting eligible community neighborhoods. For all NSP funding rounds, OHCS is administratively responsible for the execution and performance of the program in accordance with HUD guidelines.

The Neighborhood Stabilization Program is funded by the U.S. Department of Housing and Urban Development (HUD) as a response to the proliferation of residential foreclosures that have adversely affected the housing market and greater economy over the last few years. There are three phases of NSP funding, each authorized under different US Congregational Acts. NSP-1 was created under the Housing and Economy Recovery Act of 2008 (HERA) federal legislation. NSP-2 was created under the Federal Legislation through the American Reinvestment and Recovery Act of 2009 (ARRA), and NSP-3 was created under Federal Legislation for the Dodd-Frank Wall Street Reform Act.

Program: Oregon Bond Residential Loan Program

Program Description
The Oregon Bond Residential Loan Program (formerly the State Bond Loan or Single Family Mortgage program) offers below market rate loans to first time homebuyers of low to moderate income through a statewide network of private lending institutions. Participating lenders place first come, first served reservations for individual mortgage loans funded from the sale of tax-exempt mortgage bonds. These lenders originate and approve mortgage loans at an interest rate established when the bonds are sold. The mortgages are then approved and purchased by OHCS through this program. The five loan types are FHA insured, conventional uninsured, guaranteed rural development, Federal VA, and Section 184 Tribal Loans. OHCS contracts with private lending institutions to service the loans, and works closely with these service providers on loan assumption, delinquencies, foreclosures, and sales of acquired properties. In addition, the program administers those applications that qualify for federal income tax credits for a percentage of the annual interest on the loan.

Program: Oregon Foreclosure Avoidance

Program Description
The Oregon Foreclosure Avoidance program (formerly Foreclosure Avoidance Counseling Program or Pre-Mediation Foreclosure Counseling program) requires lenders and servicers to provide notice for mediation to a borrower who is in default or at-risk of defaulting on their mortgage. A borrower going to foreclosure mediation is required to consult with an approved and certified foreclosure counseling agency. The purpose of the program is to prepare homeowners, attend a mediation session and to offer additional and necessary counseling services and support. OHCS enters into agreements and contracts with qualified foreclosure counseling agencies to deliver counseling services throughout the state.

Agency: Oregon Housing and Community Services (OHCS)
Division: Housing Finance

Program Description
The Housing Finance Division optimizes available resources in pursuit of the OHCS mission to provide stable and affordable housing for Oregonians. Through its three sections – Multifamily Housing Finance, Debt Management and Asset Management and Compliance – the division provides financing opportunities for housing development and monitors projects throughout the term of their funding agreements to ensure that they remain financially secure and structurally sound and safe.

- The Multifamily Housing Finance (MHF) section administers the department’s low-interest loan, grant, and tax credit programs for the development and preservation of affordable multifamily rental housing. In cooperative efforts with local partners throughout Oregon, MHF provides viable financing packages to create affordable housing linked with appropriate services.
- The Debt Management section is responsible for all OHCS debt management activities including multifamily and single-family bond issuance, investment activities and debt administration in addition to overseeing all loan servicing for single family and multifamily (non-conduit) loan programs.
- The Asset Management and Compliance (AMC) section provides compliance monitoring and asset management for all the multifamily affordable housing programs administered through OHCS. The services provided by AMC ensure properties are financially secure; physical assets are maintained and in decent, safe and sanitary condition; and the owners and management agents are in compliance with applicable state and federal rules, regulations, statutes, policies and procedures.

Section: Asset Management and Compliance

Program Description
The Asset Management and Compliance (AMC) section provides compliance monitoring and asset management for affordable housing administered by OHCS. The section monitors and evaluates compliance with applicable rules, regulations and agreements relating to the numerous state and federal funding programs provided through OHCS. The services provided by the section ensure the properties are financially secure; the physical assets are maintained and in decent, safe and sanitary condition; and the owners and management agents are in compliance with applicable state and federal rules, regulations, statutes, policies and procedures. The section also provides technical assistance and training to owners, management agents, residents, government officials, and the public.

Program compliance officers monitor the following programs: Agriculture Workforce Housing Tax Credit, Alcohol and Drug Free Housing, Community Incentive Fund, Community Integration Program, Elderly and Disabled Program, Farmworker Housing Development Account, Farmworker Housing Tax Credit (including Migrant Million), General Housing Account Program, Habitat for Humanity Home Purchase, HELP, HOME Investment Partnership, Housing Development Grant (Trust Fund), Housing PLUS, Housing Preservation Fund, Loan or Lease Guarantee Program, Local Innovation and Fast Track Housing, Low Income Housing Tax Credit (including Tax Credit Assistance Program and 1602 Tax Credit Exchange), Manufactured Dwelling Parks Preservation Fund Program, Mental Health Housing, Mobile Home Park Purchase Program, Neighborhood Stabilization Program, Opportunity Purchase Program, Oregon Affordable Housing Tax Credit, Oregon Multifamily Energy Program (formerly Low Income Weatherization Program), Oregon Rural Rehabilitation Program, Pass-Through Revenue Bond Financing, Predevelopment Loan Program, Risk Sharing Program, Seed Money Advance Loan Program, and Vertical Housing Program.

Program Description
The Manufactured Communities Resource Center (MCRC) was created in 1989 to support the improvement of landlord and tenant relationships in manufactured dwelling parks; to encourage voluntary dispute resolution; and to develop and maintain a directory of manufactured dwelling parks in Oregon. The MCRC helps community members understand fair housing laws and their rights and responsibilities under Oregon’s landlord and tenant law, and offers free mediation services and communication skills training for both landlords and tenants. The MCRC website provides access to a variety of resources including Oregon statutes and administrative rules related to manufactured home parks, links to landlord and tenant associations in Oregon, and a comprehensive directory of manufactured home parks that posts space vacancies as well as landlord training and park registration status. The MCRC works in cooperation with the OHCS park preservation program to help facilitate resident-owned cooperative ownership of parks that might otherwise close.

Agency: Oregon Housing and Community Services (OHCS)
Division: Housing Finance
Section: Debt Management
Program: Bond Issuance and Administration

Program Description
The Bond Issuance and Administration program is responsible for the issuance, ongoing administration, and accounting of bonded debt managed by the agency for the purpose of providing financing for affordable housing programs within Oregon, per ORS Chapter 456. Bond issuance responsibilities include monitoring the financial market and structuring bond sales and calls; preparing and gathering all information needed for the bond sale documents; coordinating the redemption of bonds and processing debt service payments due to bond holders; preparing information for disclosure to financial markets; and interacting with a wide variety of outside parties and other OHCS staff in the debt issuance and redemption process.

Additional responsibilities include monitoring and ensuring compliance with various legal and bond indenture requirements including arbitrage, disclosure under municipal securities laws, and other compliance requirements of the federal tax law. In addition to maintaining compliance with federal tax law and IRS regulations, the program ensures that disclosures required by the Securities and Exchange Commission and the Municipal Securities Ruling Board are appropriately made. Program staff works with financial advisors to maintain the long-term stability of Agency programs while establishing, implementing, and updating policies and procedures to ensure the Agency follows sound fiscal practices. The program coordinates outstanding bonds and coupons that escheat to the Division of State Lands, Trust Property Unit.

- LOAN INFORMATION PROCESSING SYSTEM (LIPS)
- AXYS
Program Description
The Loan Servicing program coordinates all loan service activities for the agency’s bond programs, directs loan services and financial institutions in the collection and foreclosure activities for various agency programs and services approved by the OHCS Debt Manager, and administers the processing and management of loans that use funds generated from bond sales. Program staff review, monitor, track, and evaluate financial information (i.e. loan activity, service and reconciliation, acquired property, foreclosures, and delinquencies) submitted by servicers. The information is tracked in the Loan Information Processing System.

Acting as a liaison, the Loan Servicing program provides technical assistance and guidance, conducts annual reviews of servicers for compliance with Oregon’s Depository Law, submits accurate information and remittances in a timely manner, and monitors litigation. In addition, the program administers mortgage pool insurance policies for single-family mortgages and manages single-family properties acquired through foreclosure until final disposition of the property.

Section: Multifamily Housing Finance
Program: Agriculture Workforce Housing Tax Credit

Program Description
The Agriculture Workforce Housing Tax Credit program (formerly Farmworker Housing Tax Credit program) is responsible for providing a state income tax credit to organizations and individuals who incur costs to construct, install, or rehabilitate farmworker housing. Originally, the Oregon Occupational Safety and Health Administration (OR-OSHA) administered the program under the Department of Consumer and Business Services. In 2001, OHCS was established as the primary state agency for farmworker housing information, assigning the department a critical coordinating role in farmworker housing efforts, and transferring administration of the farmworker housing development tax credit to OHCS.

Agriculture workforce housing is defined as housing occupied by only agriculture workers and their immediate families during the year. Housing can be year-round or seasonal, urban or rural, stick frame or manufactured, must be located in Oregon, and must remain designated for the use of agriculture workers for 10 years. An agricultural worker is defined as someone who, for pay, performs labor in the production, handling and processing or the planting, cultivating or harvesting of agricultural or aquaculture crops or products, or the forestation or reforestation of lands. Occupants may work part of the year as agriculture workers and have other non-farm work jobs. As long as one family member has been either a seasonal or year-round farmworker the housing unit qualifies. Project Records that received program funding stay in the section during development, and are then transferred to the Asset Management and Compliance section for monitoring (see separate description).

Program: Community Incentive Fund and Small Community Incentive Fund

Program Description
The Community Incentive Fund (CIF) is responsible for providing financial incentives or gap financing to enable local communities to create jobs/stimulate economic growth in distressed communities, increase supply of affordable housing and transportation, reduce community sprawl, and revitalize urban center/downtowns/main streets. Candidates must meet two of the stated program goals. The fund is a flexible funding resource not intended to replace existing funding that promotes projects by bridging funding gaps created by the difficult and costly nature of purposeful developments or to provide incentives encouraging commitment to other resources.

The Small Community Incentive Fund (SCIF) provides loans and grants to developments needing $50,000 or less and which are located in rural areas. The funding must meet the same basic criteria of the Community Incentive Fund program. The Oregon Housing Stability Council reviews program guidelines while proving policy direction for the use of the Community Incentive Fund. OHCS administers the fund.

Records that document implementation and operation of the Community Incentive Fund and Small Community Incentive Fund are called Program Records. Records documenting individual Community Incentive Fund and Small Community Incentive Fund projects are called Project Records. Project Records that received funding through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description).

Program: Construction Inspection

Program Description
The Construction Inspection program (formerly Architectural Consultation) provides technical expertise and assistance to new construction, acquisition, and rehabilitation of OHCS projects and ensures the department’s mission is met for providing affordable and habitable housing. The Construction Inspection team ensures the development, implementation, and oversight of architectural standards and drawings relevant to agency projects and programs blend seamlessly into the existing community thereby sustaining and improving community livability. Architectural records for projects that received funding are transferred to the Asset Management and Compliance section for monitoring upon occupancy of the development (see separate description).

Program: Elderly and Disabled Loan

**Program Description**
The Elderly and Disabled Loan program uses tax-exempt general obligation bonds to provide long-term financing for the development of multi-unit housing for elderly and disabled residents. Eligible developments include new construction, acquisitions, and rehabilitations of developments such as apartments, assisted living facilities (ALF), residential care facilities (RCF), congregate care facilities (CCF), and adult foster homes. There must be a minimum of two or more living units in the project. Borrowers may be non-profit, for profit, or government entity developers of affordable housing and may be an individual (sole proprietorship), partnership or corporation.

Program staff provides technical assistance to potential borrowers about the program requirements, and coordinate the loan application and approval process (the application is presented to the OHCS Finance Committee and State Housing Stability Council for approval).

Project records for projects funded through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description).

Program: Farmworker Housing Development Account

Program Description
The Farmworker Housing Development Account (FHDA) is a sub-account of the Oregon Housing Trust Fund established in 2001 to increase Oregon’s supply of housing for low- and very low income farmworkers. The account relies on two funding sources: Pass-through fine payments and penalties assessed by the Bureau of Labor and Industries against farm labor contractors guilty of certain violations and OR-OSHA against labor camp operators who fail to register their camps as required by law. Revenue accrues at an erratic rate. Once sufficient revenue has accrued, it can be used flexibly to fund farmworker housing. Funds can be awarded as a grant or loan. The Housing Stability Council approves requests over $100,000. Program and underwriting staff coordinate project approval, approve project draw requests, and receive monthly progress reports.

Project Records for projects funded through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description).

Program: General Housing Account Program

**Program Description**

The General Housing Account Program (GHAP) provides funds and capacity building activity grants to expand the supply of housing for low and very-low income households. GHAP investments create a variety of residences ranging from housing for persons with special needs to housing for lower income working families. Restrictions and requirements are placed on the use of the funds. Once the grant is closed, the funded operating grant and capital needs assessment revolving loan Project Records are transferred to the Asset Management and Compliance section for monitoring of the project (see separate description).

Applicants apply for GHAP through the NOFA (Notice of Funding Availability), an application process conducted by OHCS. The NOFA enables project sponsors to choose or combine the department’s resources in a single application. Program and underwriting staff coordinates project approval, approve draw requests, and receives monthly progress reports submitted by project sponsors.

**Organizational Placement**  
**Agency:** Oregon Housing and Community Services (OHCS)  
**Division:** Housing Finance  
**Section:** Multifamily Housing Finance  
**Program:** HELP/FAF

**Program Description**  
The HELP/FAF (Financing Adjustment Factor) program was established by OHCS in 1991 and is a federal grant program that provides funding assistance to projects to ensure the availability of safe, sanitary and affordable housing for very low-income families and individuals. Funding is provided by the US Department of Housing and Urban Development (HUD) under the Stewart B. McKinney Homeless Assistance Act of 1988. The department at its discretion, sets aside HELP funds for specific populations. Applicants must either be a unit of general local government, a housing authority or a nonprofit organization. The funds are provided in the form of a grant to sponsors for the development and construction of housing for very low-income families and individuals. Program staff provides technical assistance to potential borrowers about the program requirements, coordinate project approval and the approval process (the application is presented to the OHCS Finance Committee), approve project draw requests, and receive monthly progress reports.

HELP Project Records document individual HELP projects and include the application, conditions of award, grant agreement, deed restriction, budgets, construction plans, progress reports, drawdowns, and correspondence. Project Records funded through the program are transferred to the Asset Management and Compliance section for monitoring after the development is complete. HELP Program Records document implementation and operation of the HELP program and include the grant agreement, financial adjustment factor forms, program guidelines, policy changes, federal reporting, accounting and budget review, statistics, and correspondence.

Program: HOME Investment Partnership

Program Description
The HOME Investment Partnership program is a federal housing grant program funded by the US Department of Housing and Urban Development (HUD). The HOME program provides federal housing dollars to expand the supply of affordable housing for low- and very low-income families with an emphasis on rental housing, builds state and local nonprofit capacity to carry out affordable housing programs, and provides coordinated assistance to participants in the development of affordable low-income housing. The program is administered for the non-metropolitan areas of Oregon that do not receive an allocation directly from HUD. Funds are awarded in the form of grants to eligible participants, including individuals, local governments, and nonprofit organizations. The Multi-Family Finance and Resources section provides oversight for the HOME program within the agency and coordinates reporting to HUD on an annual basis.

Project records for projects funded through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description).

Agency: Oregon Housing and Community Services (OHCS)
Division: Housing Finance
Section: Multifamily Housing Finance
Program: HOME Investment Partnership
Subprogram: HOME Community Housing Development Organization Operating Grants

Program Description

The HOME Community Housing Development Organization (CHDO) Operating Grants program is a coordinated effort involving OHCS, the Neighborhood Partnership Fund, and the Enterprise Foundation, also referred to as the Oregon Community Development Collaborative. OHCS contributes up to 5% of the annual HOME fund allocation to the collaborative for the purpose of providing operating grants. The grants are used to pay for reasonable and necessary operating costs incurred by Community Housing Development Organizations (CHDO) with all grants awarded by the Collaborative. Applications are competitive with qualified organizations based upon track record, community impact, organizational viability, and work plan feasibility. CHDOs eligible to apply for assistance include CHDOs with HOME projects construction funds or who have a reservation of HOME funds for the development of a HOME project, or CHDOs who demonstrate progress towards a HOME eligible project with reasonable expectations the project would receive an allocation of HOME funds from OHCS in the foreseeable future, but within 24 months per HOME regulations.

Project Records for projects funded through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description).

Division: Housing Finance
Section: Multifamily Housing Finance
Program: HOME Investment Partnership
Subprogram: HOME Rental Housing Development

Program Description
The HOME Rental Housing Development program uses funds provided by the Department of Housing and Urban Development (HUD) through the HOME Investment Partnerships grant program to expand the supply of affordable rental housing through acquisition, construction, and rehabilitation for very low- to low-income households. The program is responsible for building the capacity of state and local not-for-profits to carry out affordable housing programs and provide coordinated assistance to participants developing affordable low-income housing. Funds are awarded as grants or loans to eligible applicants including individuals, local governments, and not-for-profit and non-profit organizations. Applicants apply for the funding through the NOFA (Notice of Funding Availability) process, an annual application for the department’s grants, loans, and tax credit subsidies for rental housing. The NOFA enables sponsors to apply for OHCS’s resources in a single application. Program staff coordinates project approval, approves project draw requests, receives monthly progress reports submitted by the projects, and reports to HUD annually.

Once a funded project is completed, the Asset Management and Compliance section provides project monitoring (see separate description).

**Agency:** Oregon Housing and Community Services (OHCS)  
**Division:** Housing Finance  
**Section:** Multifamily Housing Finance  
**Program:** Housing Development Grant Program

### Program Description

The Housing Development Grant Program (HDGP) or (“Trust Fund”) was created to expand Oregon’s supply of housing for low- and very low-income families and individuals by providing funds to construct new housing or to acquire and/or rehabilitate existing housing. Funds can be used as a grant or a loan. Resident services must be provided. Eligible applicants include for-profit businesses, local government entities, housing authorities, nonprofit organizations, and private individuals or corporations. Applicants apply for funding through the NOFA (Notice of Funding Availability), an application for the department’s grant and tax credit subsidies for rental housing. The NOFA enables sponsors to apply for OHCS’s resources in a single application. Program underwriting staff coordinates project approval, approve project draw requests, and receive monthly progress reports.

Records documenting individual HDGP projects are called HDGP Project Records and include the application, conditions of award, grant or loan agreement, deed restriction, budgets, construction plans, progress reports, drawdowns, and correspondence. Project Records for projects funded through the program stay in the section during development, and are then transferred to the Asset Management and Compliance section for monitoring (see separate description). Program Records document implementation and operation of the HDGP and include the grant/loan agreement, program guidelines, policy changes, legislative and department approval, accounting and budget review, statistical reports, and correspondence.

Division: Housing Finance
Section: Multifamily Housing Finance
Program: Housing PLUS (Defunct)

Program Description

In conjunction with other OHCS housing programs, Housing PLUS (Permanent Living Utilizing Services) is used for capital development, rental subsidies and supportive services. Through this program, OHCS was mandated by the Legislature to create 150 units of permanent supportive housing for homeless persons. Three principal objectives help guide Housing PLUS activities: (1) Move individuals from homelessness to housing; (2) Provide case management support for people to access comprehensive, needed services; and (3) Assist individuals to obtain and maintain housing over time. Applications for the Housing PLUS are accepted during the department’s Consolidated Funding Cycle (CFC) or through targeted request for proposals. The funding may be combined with non-CFC funding sources, if necessary, to provide the level of funding required.

Records documenting individual Housing PLUS projects are called Housing PLUS Project Records. Project Records for projects funded through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description). Records that document implementation and operation of the Housing PLUS are called Housing PLUS Program Records. Records include applications, partner discussion, program guidelines, Q&A, public hearing and comments, legislative approval, implementation plan, HUD submission and approval, research, grant agreement, training materials, review process, finance committee and housing council approval, guidelines and progress reports, correspondence, work notes, etc.

Program: Housing Preservation Fund

Program Description
The Housing Preservation Fund (HPF) was created to provide financial assistance to aid in the acquisition, renovation or maintenance of Section 8 housing or other housing with federal rent subsidies.

The department may disburse moneys in the fund by grant, loan or for other purposes as determined by the department, subject to the availability of funds and limitations otherwise prescribed by law. The moneys may be disbursed for purposes which include but are not limited to avoiding the expiration of federally contracted rent subsidies for affordable housing. These subsidies include but are not limited to subsidies under contract with the US Department of Housing and Urban Development (HUD) and US Department of Agriculture Rural Development (USDA Rural Development) that enable community organizations, for-profit entities and individuals to acquire or rehabilitate existing structures, and maintain housing with federally contracted rent subsidies.

Program and underwriting staff coordinate project approval, approve project draw requests, and receive monthly progress reports. HPF Project Records document individual HPF projects and include the application, conditions of award, grant or loan agreement, deed restriction, budgets, construction plans, progress reports, drawdowns, and correspondence. Project Records for projects funded through the program stay in the section during development and are then transferred to the Asset Management and Compliance section for monitoring (see separate description).

Program: Loan or Lease Guarantee

Program Description
The Loan/Lease Guarantee program provides loan and/or lease guarantees to facilitate construction of new housing or acquisition and/or rehabilitation of existing structures for low and very low income housing units. The department has wide flexibility on the type of loan or leases that can be guaranteed. Preference is given to those projects insuring the longest possible use of the limits for the targeted group and providing a service program that addresses many of their specific needs, such as health care, child care, and alcohol and drug treatment. Program staff reviews the request and coordinates the approval process with the OHCS Finance Committee and the State Housing Stability Council (formerly the State Housing Council).

Project records funded through the program are transferred to Asset Management and Compliance for monitoring (see separate description).

Program: Local Innovation and Fast Track Housing Program

Program Description
The Local Innovation and Fast Track Housing Program (LIFT) will fund new affordable housing for low-income families. In 2015, the Oregon Legislature committed general obligation Article XI-Q bonds to fund the program as a new source of affordable housing dollars. Using this new funding source will allow Oregon Housing and Community Services (OHCS) and its partners to test innovative strategies and create a modern model of affordable housing development, building upon years of experience, expertise and success.

OHCS hopes to achieve several outcome and output goals related to the type and number of units produced, as well as expected outcomes for households who live in the units. The program will form partnerships with Oregon Department of Human Services district offices in order to serve program participants, namely individuals in Child Welfare or Self-Sufficiency (TANF) programs, as well as include the use of alternative construction methodologies, new construction strategies, substantial cost containment in traditional affordable housing development, or other strategies with demonstrated impact.

Program: Low Income Housing Tax Credit

Program Description
The 1986 Tax Reform Act created the Low Income Housing Tax Credit (LIHTC) as an incentive to encourage the construction and rehabilitation of rental housing for lower-income households. The Low Income Housing Tax Credit program provides federal tax credits to sponsors of low-income rental housing projects. Sponsors can use these tax credits to directly reduce the amount of federal income tax they owe or they can sell these tax credits to one or more purchasers (sometimes through transactions known as tax credit syndications) who can use the tax credits to reduce their tax liability. The sponsor uses the proceeds from the sale of the tax credits for which the sponsor is eligible as equity for the development of the low-income housing project. Eligible applicants include for-profit, not-for-profit, and governmental organizations.

LIHTC is awarded through the NOFA or a Request for Proposal (RFP) process to use up the maximum annual allocation or for the preservation of expiring-use affordable units. OHCS has been designated as a state tax credit allocation agency by the Internal Revenue Service and has the authority to approve which housing projects receive tax credits in accordance with IRS guidelines. The program staff coordinates project approval and awards the tax credits. Once the project is completed and placed in service, the Asset Management and Compliance section monitors the site (see separate description).

Records documenting LIHTC projects are called LIHTC Project Records. Project Records funded through the program stay in the section during development, and are then transferred to the Asset Management and Compliance section for monitoring (see separate description). Records include, but are not limited to the application, conditions of award, grant or loan agreement, deed restriction, budgets, construction plans, progress reports, drawdowns, and correspondence. Program records include, but are not limited to, the Qualified Allocation Plan and Form 8610.

Program: Low Income Housing Tax Credit program
Subprogram: 1602 Tax Credit Exchange

Program Description
The Section 1602 Tax Credit Exchange program is administered by the US Treasury and is part of the Low Income Housing Tax Credit program. The program was created using funds from the American Recovery and Reinvestment Act of 2009. OHCS is designated as the housing finance agency tasked to administer the Low Income Housing Tax Credit Program. This program specifically targets projects that have experienced difficulties to reach completion due to funding streams affected by the current economic environment. OHCS uses this funding to meet the overall ARRA purposes to create and save jobs by providing the necessary funding to start construction on shovel-ready activities.

Section 1602 Tax Credit Exchange Program Project Records document individual Section 1602 projects. Section 1602 Program Records document the implementation and operation of the program and include applications, partner discussion, program guidelines, Q&A, public hearing and comments, legislative approval, implementation plan, HUD submission and approval, research, grant agreement, training materials, review process, finance committee and housing council approval, Rural Development Memorandum of Understanding records, reporting guidelines and progress reports, correspondence, work notes, etc. Once the project is completed and placed in service, the Asset Management and Compliance section monitors the site (see separate description).

Program: Manufactured Dwelling Parks Preservation Fund Program

Program Description
The Manufactured Dwelling Parks Preservation Fund Program (MDPPFP) provides assistance to community organizations and tenant groups in acquiring manufactured dwelling parks in order to prevent the loss of housing units and preserve affordable housing. OHCS may disburse MDPPFP funds by grant, loans, or otherwise as the department determines appropriate, and as approved by the State Housing Stability Council (formerly the State Housing Council). It has permanent financing with a 20-year term. Program and underwriting staff coordinate the application and funding process, legal documents, draw requests and closings.

MDPPFP Project Records document individual projects. MDPPFP Program Records document implementation and operation of the MDPPFP Program. MDPPFP Project Records funded through the program are transferred to the Asset Management and Compliance section for monitoring (see separate description).

Program: Mobile Home Park Purchase Program (Ended in 2012)

Program Description
The Mobile Home Park Purchase Program (MHPPP) provided technical and financial assistance for the tenant-based non-profit purchase and development of manufactured dwelling parks. Loans for predevelopment and initial costs, such as attorney fees, environmental studies and appraisals, were made available to qualified park purchase associations. The program’s objective was to help stabilize rents in the purchased parks by eliminating the profit margin and continued sale of the parks.

The loan file is monitored by the section for the term of the loan. Once the loan is repaid, the file is archived for the duration of its retention.

Program: Opportunity Purchase (Ended in 2008)

Program Description
The Opportunity Purchase program (OPP), now defunct, was a one-time special purchase grant provided by the Department of Housing and Urban Development (HUD). The funds were made equally available to Oregon’s then 21 public housing authorities for the purchase of land to be used in the construction of low and very-low income housing. OHCS administered the OPP funds and provided funds to local housing authorities within prescribed guidelines. The OPP program evaluated and approved development plans and applications submitted by each housing authority; established contracts with the housing authorities; distributed funds; and continues to monitor participant activities until the grant period ends. Grantees are required to submit progress reports every six months on both the performance and financial progress until at which time the grant closes with HUD.

Applicants applied for funding through the Consolidated Funding Cycle (CFC), a twice-yearly application for the agency’s grant and tax credit subsidies for rental housing. The Project Records funded through the program are transferred to Asset Management and Compliance section for monitoring for the term of affordability (see separate description).

Program: Oregon Affordable Housing Tax Credit

Program Description
The Oregon Affordable Housing Tax Credit (OAHTC) program (formerly known as the Oregon Lenders Tax Credit program) administers state tax credits for housing projects. Through the use of tax credits, sponsors are able to lower the cost of financing for new housing projects or community rehabilitation programs serving low-income households. Eligible sponsors include individuals, for-profit, not-for-profit corporations, and state or local government entities. The savings generated by the reduced interest rate must be passed directly through to the tenant in the form of reduced rents in annual amounts equal to or greater to interest savings accrued. The OAHTC program coordinates project approval and awards the tax credits. Once the project is completed and placed in service, the Asset Management and Compliance section monitors the funded projects for the term of affordability (see separate description).

Program: Oregon Multifamily Energy Program

Program Description
Program administration for the Oregon Multifamily Energy Program (OMEP, formerly known as Low Income Weatherization Program or LIWP) moved to the Energy Services Section of OHCS in 2018 – see Housing Stabilization Division/Energy Services Section schedule.

OMEP is funded from Public Purpose Charge (PPC) and utility overcharge settlements. These funds are granted or loaned to increase energy efficiency in multifamily housing units having at least one-half of the tenants at or below 60% of the area median income. These grants or loans may be used for construction or rehabilitation activities. PPC resources are restricted to projects in the Pacific Power and Portland General Electric (PGE) service areas. Projects using electric heat sources are eligible for measures such as high-efficiency heating systems, insulations, and energy-efficient windows.

Records documenting individual OMEP projects are called Project Records. Project Records funded through the program stay in the section during development, and are then transferred to the Asset Management and Compliance section for monitoring (see separate description). Records include the application, conditions of award, grant or loan agreement, deed restriction, budgets, construction plans, progress reports, drawdowns, and correspondence. Records that document implementation and operation of OMEP are called Program Records and include application materials, program guidelines, public hearing and comments, legislative and department approval, implementation plan, review process, research, training materials, and correspondence.

Program: Predevelopment Loan

Program Description
The Predevelopment Loan program facilitates the development of high quality, affordable housing by providing below market financing and flexible terms for property acquisition and typical predevelopment expenses. Resources for the program include department funds and different partnerships with Fannie Mae. The program provides low-interest loans for the eligible predevelopment costs to qualified non-profit and for-profit housing developers. Program staff coordinates the loan application and approval process. Loans are approved by the OHCS Finance Committee and the State Housing Stability Council. The loan recipient is required to submit monthly progress reports to OHCS until the loan is paid off. The loan file is maintained in the section for the term of the loan and monitored. Once repaid, the Predevelopment Loan Records for projects funded through the program are transferred to Asset Management and Compliance section for monitoring.

Program: Risk Sharing: Multi-Unit Rental Housing

Program Description
The Risk Sharing: Multi-Unit Rental Housing program is a partnership between the Department of Housing and Urban Development (HUD) and OHCS for the credit enhancement of tax exempt bond financing to provide permanent first mortgage financing for affordable multi-family rental housing (new construction or rehabilitation). OHCS is approved by HUD to underwrite, originate, and service FHA insured multi-family loans equally sharing the risk of any losses with HUD. The department issues tax exempt bonds for the program within its annual allocation of private activity bond cap for the State of Oregon. Program staff coordinates the pre- and final application process. Projects must be approved by the OHCS Finance Committee, HUD, and the State Housing Stability Council. The borrower is required to submit monthly progress reports prior to permanent loan closure. Once the permanent loan is closed, the projects funded through the program are transferred to the Asset Management and Compliance section for monitoring. Loans typically have a term of 30 years, cannot be repaid but can be assumed, and are monitored for the full 30 years.

Program: Seed Money Advance Loan

Program Description
The Seed Money Advance Loan program is a revolving loan fund, which provides no-interest loans to qualified non-profit sponsors and low-interest loans to qualified for-profit housing sponsors. The loans are used to pay predevelopment costs before construction loan proceeds become available. Program staff coordinates the loan application and approval process. Loans are approved by the OHCS Finance Committee and the State Housing Stability Council (formerly State Housing Council). The borrower is required to produce monthly progress reports to OHCS until the loan is paid off. The loan program records for projects funded through the program are transferred to Asset Management and Compliance section for monitoring. Once repaid, the loan file is archived according to the retention period.

Sponsoring entities eligible to receive funding with department approval include not-for-profit housing corporations, for-profit housing sponsors, housing authorities, urban renewal agencies, and government entities. Funds may only be used for predevelopment costs including architectural design, CNA (Capital Needs Assessment), legal fees, environmental studies, appraisals, market studies, land acquisition costs, federal/state application fees, and development cost approved by the department.

Agency: Oregon Housing and Community Services (OHCS)
Division: Housing Finance
Section: Multifamily Housing Finance
Program: Vertical Housing

Program Description
The purpose of the Vertical Housing program is to encourage investment in and rehabilitation of properties in targeted areas of a city or community, to augment the availability of appropriate housing, and to revitalize communities. The program encourages mixed-use developments that contain both non-residential and residential uses in areas (zones) designated by local jurisdictions. In 2017, the Oregon Legislature transferred authority to administer the program from Oregon Housing and Community Services to local city and county planners.

Records documenting individual Vertical Housing Development Zones and Projects are called Vertical Housing Development Zones and Project Records. Records include the application, conditions of award, deed restriction, budgets, construction plans, progress reports, and correspondence. Project Records for projects funded through the program stay in the section during development, and are then transferred to the Asset Management and Compliance section for monitoring upon occupancy (see separate description). Records that document implementation and operation of the program are called Vertical Housing Development Zones and Program Records. Records include application materials, program guidelines, department approval, review process and correspondence.

Program Description
The Housing Stabilization Division (HSD) administers state and federal antipoverty programs in collaboration with community action agencies, advisory boards and commissions, government agencies, various non-profit and for-profit businesses, and other stakeholders. These programs and services are intended to help Oregonians with low and extremely low incomes stabilize their housing, achieve self-sufficiency and increase their economic security. HSD also works with agency partners to compile and analyze data related to the effectiveness of the state’s efforts to reduce homelessness and poverty in Oregon. HSD includes the Energy Services, Homeless Services, and HUD Contract Administration sections.

Program Description
The Department of Energy-American Recovery and Reinvestment Act Weatherization Assistance program (DOE-ARRA WAP) provided additional grant funding to increase the energy efficiency of dwellings owned or occupied by low-income Oregonians through the U.S. Department of Energy (USDOE) and provided extra funding for weatherization activities. DOE-ARRA WAP was also funded to increase and create jobs across the nation. OHCS used these funds to provide conservation services, health & safety repairs, heating system repair and replacement, base load measures, insulation, window repair, and energy conservation education to low-income Oregonians. DOE-ARRA WAP was delivered through a statewide network of Community Action Agencies (CAAs), local government, Oregon Tribes, and a variety of sub-grantees who delivered the program to low-income Oregonians across the state. These organizations contracted with OHCS which allocated funds to deliver the program. OHCS provided extra support and technical assistance to contracted grantees who delivered the ARRA weatherization program. In addition to the DOE-ARRA WAP funding, Davis-Bacon requirements were in place to measure outcomes of the success in ARRA funding for creating jobs in Oregon. The Sustainable Energy Resources for Consumers (SERC) grant was an additional grant funded through the USDOE within the DOE-ARRA WAP grant. The program complied with 10 CFR 440 and 10 CFR 600.

**Program:** Low Income Home Energy Assistance Program

**Program Description**

The Low Income Home Energy Assistance Program (LIHEAP) is a federally funded program utilizing the Low Income Home Energy Assistance Program Block Grant through the U.S. Department of Health and Human Services (HHS). OHCS uses these funds to provide energy assistance payments to vendors (i.e. utilities and bulk fuel companies) to assist low-income households meet their energy burden and prevent various utility shut-offs. The program is delivered through a statewide network of Community Action Agencies (CAAs), local governments, and a variety of sub-grantees who deliver the program to low-income Oregonians across the state. These organizations contract with OHCS which allocates funds on an annual basis to deliver the program. These funds are also used to conduct outreach activities designed to ensure that eligible households, especially those with elderly, handicapped and/or disabled individuals, or households with high home energy burdens are aware of the available assistance. A percentage of funding also provides low-income weatherization to eligible households that meet program criteria. OHCS program staff and stakeholders are present for networking in various committees and forums related to LIHEAP throughout the year. Federal regulations allow OHCS to create programs with LIHEAP funding to address energy-related issues of concern to low-income Oregonians. Examples of programs created with LIHEAP funding include E2C2, REACH, and Heat n Eat. (See ORS Chapter 456 and Chapter 458, OAR Chapter 813, 45 CFR)

OHCS program staff monitor the Low Income Home Energy Assistance Program (LIHEAP) and the Oregon Energy Assistance Program (OEAP) together, and the monitoring records cannot be separated. Program: Oregon Energy Assistance Program

Program Description
The Oregon Energy Assistance Program (OEAP) is a year-round assistance program funded by a state-mandated charge added to bills of all Portland General Electric (PGE) and Pacific Power customers. This program is intended for low-income eligible households at or below 60% of state median income or at-risk of being shut-off or disconnected due to a past utility bill. To be eligible for this program, applicants must be utility customer of PGE or Pacific Power. Oregon Housing and Community Services (OHCS) uses these funds to prevent shut-offs and disconnections, and to restore services to low-income PGE and Pacific Power customers who meet the eligibility criteria. OEAP is delivered through a statewide network of Community Action Agencies (CAAs), local government, and a variety of sub-grantees who deliver the program to low-income Oregonians throughout the state. These organizations contract with OHCS which allocates funds to approved sub-grantees to administer the program. OHCS program staff and stakeholders are present for networking in various committees and forums related to Low-Income Energy Assistance programs throughout the year. Occasionally, extra funding will be allocated to the program during the state legislative session. (See ORS Chapter 456, OAR Chapter 813)

Program: State Home Oil Weatherization

Program Description
The State Home Oil Weatherization (SHOW) program administers the statutory requirement that fuel oil dealers provide home energy audits and financing for customer weatherization projects. The program provides energy audits for residences that heat with oil, kerosene, butane, propane, or wood. Eligible households may receive a low-interest loan for weatherization, post-audit. Banks loaning money receive a state tax credit for the difference between the low-interest rate the borrower pays and the market-interest rate at the time of the loan. Low and moderate-income households may also receive rebates for weatherization or conservation projects. SHOW program staff monitors and evaluates projects after installation. Audits and rebates are funded by an assessment on major wholesale oil suppliers (see ORS Chapter 469 and OAR Chapter 330).

Program: Commodity Supplemental Food program (Transferred to DHS in 2015)

Program Description
The Commodity Supplemental Food program (CSFP) is funded through a grant from the United States Department of Agriculture. The CSFP provides USDA foods to help state and local agencies meet the nutritional needs of low-income elderly persons, age 60 or older. The program is administered through local agencies. Each participant receives a monthly package of USDA foods based on guide rates established by the Food and Nutrition Service (FNS). Food packages include cereal, juices, canned fruits and vegetables, canned meat, poultry, and other protein items, grain products such as pasta, peanut butter or dry beans, as well as milk and cheese. Participants also receive nutrition education.

Program: Emergency Food Assistance Program (Transferred to DHS in 2015)

Program Description
The Emergency Food Assistance Program (TEFAP) is federally funded through a grant from the United States Department of Agriculture (USDA). TEFAP USDA foods provide food assistance to needy, low-income persons and help supplement their diets with nutritious food. TEFAP makes funds available to states for processing, storage, and distribution costs incurred by state agencies and local organizations, such as soup kitchens, food banks, food pantries, and faith-based organizations. The program contracts with the Oregon Food Bank to coordinate distribution through a statewide network of Regional Coordinating Agencies (RCAs). Program responsibilities include oversight of the grants which includes monitoring food warehouses, procedures, and client and agency records. OHCS prepares the State’s Emergency Food Assistance Program State Plan, which is approved by the USDA. OHCS tracks program funds allocations, food distribution, compliance, and reports to the USDA.

Program Description
The Emergency Housing Assistance (EHA) program was developed to assist low- and very low-income homeless persons or persons who are at risk of becoming homeless by providing funds to supplement existing local programs or to establish new programs intended to reduce or prevent homelessness. OHCS contracts with designated lead agencies. These agencies are responsible for coordinating and establishing area plans for use of funds through a planning process involving local service providers, interest groups, and citizens of the community. Client eligibility may not be based on residency within a designated service area or on legal status.

Funds from the EHA program are utilized to provide, but are not be limited to, data collection, emergency shelter and attendant services, transitional housing services designed to assist persons make the transition from homelessness to permanent housing and economic independence, supportive services that enable individuals to continue living in their own homes or provide in-home services for areas where no suitable programs exist, emergency payment of mortgage payments, rents, or utilities and case management. OHCS monitors recipient agencies and shelters by conducting onsite inspections, monitors fund allocation and expenditures, and provides technical assistance about program requirements.

Program: Food Distribution Program on Indian Reservations (Transferred to the Confederated Tribes of the Umatilla Indian Reservation on January 1, 2016)

Program Description
The Food Distribution Program on Indian Reservations (FDPIR) is federally funded through a grant from the United States Department of Agriculture (USDA). FDPIR provides USDA foods to low-income Native American households that reside on, or near, the reservation. If at least one person in the household is a member of a federally recognized tribe, they are eligible to participate in FDPIR. The program may be administered by capable Indian Tribal Organizations or state agencies, and funds may be used for the costs incurred in administering the program. Eligible households receive a monthly food package that consists of a quantity and variety of USDA foods made available by USDA to provide eligible households with an opportunity to obtain a more nutritious diet and represent an acceptable nutritional alternative to the Supplemental Nutrition Assistance Program (SNAP) benefits (formerly known as food stamps).

Program: HOME Tenant Based Assistance

Program Description
The HOME Tenant Based Assistance (HTBA) program is a federal housing grant program funded by the U.S. Department of Housing and Urban Development (HUD). This federal program is flexible and allows local jurisdictions to utilize funds for various activities. OHCS contracts with various public service agencies to administer the HTBA program. Public service agencies include housing authorities, community action agencies (CAAs), and local partnership programs, which typically consist of a partnership between a local housing authority and a CAA. The HTBA program offers rental assistance to very low-income tenants for the partial payment of monthly rent and utilities, and a refundable security deposit. Households in the HTBA program participate in a self-sufficiency program that helps the household to gain independence in their living situation. The public service agency works with the tenant to develop a plan based on an assessment of the household’s needs.

Section: Homeless Services
Program: Housing Stabilization Program

Program Description
The Housing Stabilization Program (HSP) assists homeless or unstably housed low-income households with children. The program is a partnership between Oregon Department of Human Services (DHS) Self-Sufficiency Office and OHCS. Eligible applicants may receive housing costs, case management, and auxiliary costs incurred for necessary employment, transportation, and education related support. OHCS distributes funds to designated local agencies throughout the state. Lead agencies coordinate and plan activities with their local DHS offices.

Program: Low Income Rental Housing Fund Program

Program Description
The Low Income Rental Housing Fund (LIRHF) is a prevention and intervention program that provides short-term rental assistance to very low-income households in danger of losing their rental units because of involuntary hardship to avoid homelessness. OHCS administers the program through local housing authorities and community action agencies. A qualified household may receive a LIRHF grant covering up to twelve months of rental housing expenses. The grant may be used toward the rent amount, monthly utilities and/or a refundable security deposit.

Program: Oregon Hunger Response Fund (Transferred to DHS in 2015)

Program Description
The Oregon Hunger Response Fund (OHRF), previously named the State General Fund Food Program, is funded by the state’s General Fund and carries out the department’s responsibility as the lead public body in administering the state’s policy on hunger. OHRF is the means by which the department allocates funds for the statewide network of food banks and emergency food programs to acquire food and new food sources, build network capacities and link emergency food clients to other services. The Oregon Food Bank is the agency designated by the department to coordinate distribution of food in Oregon under OHRF. Food is distributed to low-income households with an income that does not exceed 185 percent of the federal poverty guidelines.

Program: Oregon Hunger Task Force (Transferred to DHS in 2015)

Program Description
The Oregon Hunger Task Force was created by the Oregon State Legislature in 1989 to collaborate with state agencies, businesses, non-profits, public officials, and local communities to end hunger in Oregon. Working with partners throughout Oregon, the Oregon Hunger Task Force promotes community awareness, compiles research, develops proposals for government action and conducts outreach to expand participation in Federal Nutrition programs.

Program: Oregon Individual Development Account Initiative

Program Description
The Oregon Individual Development Account Initiative (IDA) was created in 1999 by the Oregon State Legislature to bring state agencies, private non-profit and tribal partners, and private contributors together to create opportunity in Oregon. Today, the Initiative is composed of the State of Oregon, under the leadership of Oregon Housing and Community Services Department and the Oregon Department of Revenue, as well as a host of private partners and contributors working together to help Oregonians achieve their dreams. The Initiative is managed by Neighborhood Partnerships, a statewide 501(c)3 organization.

Oregon residents twelve years of age and older, who have low incomes and modest net worth may be eligible for the program. They enroll through one of many non-profit organizations located in all corners of the state, set a goal and begin saving. Residents work with a participating non-profit organization to define and reach their goals. Once the participant's goal is reached and all parts of the savings plan are completed, every dollar saved by a participant is matched by the Initiative, typically three dollars for every one dollar saved. Private contributors provide the matching funds through a state tax credit. Initiative participants may benefit from matched funds to help them purchase a home, fulfill an educational goal, develop and launch a small business, restore a home to habitable condition, or purchase equipment to support employment.

Program: State Homeless Assistance Program

Program Description
The State Homeless Assistance Program (SHAP) funds emergency shelters and related auxiliary services. OHCS allocates funding throughout the state, partnering with community-based organizations. Lead agencies administer the program at the local level encouraging people to access permanent solutions to homelessness. SHAP funds a variety of activities including, but not limited to, shelter conversion or rehabilitation, operational costs of shelters, counseling (drug, alcohol, employment, housing, domestic violence support) and education.

Section: HUD Contract Administration

Program Description
The HUD Contract Administration (HCA) section provides contract administration services to the U.S. Department of Housing and Urban Development for project-based Section 8 apartment communities in Oregon. HCA is responsible for administering the contracts on specified State and Federal funded Section 8 low-income housing projects within Oregon. The section conducts management and occupancy reviews (MORs), adjusts contract rents, processes contract terminations and expirations, responds to/investigates health and safety issues and concerns, follows up on inspections, approves owners’ subsidy billings, performs a pass-through of subsidy funds to owners, approves special claims, and produces monthly/quarterly/annual reports.

Section: Federal Planning

Program Description
OHCS is the State’s lead agency for fulfilling Oregon’s federal planning and reporting requirements for funding from U.S. Department of Housing and Urban Development (HUD) programs – Community Development Block Grant, HOME Investment Partnerships, Emergency Solutions Grants and Housing Opportunities for Persons with AIDS. (See 24 CFR Part 91) The Federal Planning team coordinates the planning and reporting process, and compiles and delivers Oregon’s 5-Year Consolidated Plan (Con Plan), the Annual Action Plan, and the Consolidated Annual Performance and Evaluation Report (CAPER) to HUD.

- The Con Plan’s purpose is to facilitate assessment of needs and priorities and establish goals
- The Annual Action Plan details activities that will implement the Con Plan
- The CAPER reports on accomplishments and overall progress toward Con Plan goals
