The Honorable Kate Brown
Governor of Oregon

Board of Commissioners
Columbia River Gorge Commission

In accordance with the Interstate Cooperative Agreement between the Washington State Auditor's Office and the Oregon Secretary of State Audits Division, we performed procedures to verify Oregon's share of the Columbia River Gorge Commission's joint expenditures and Commissioners' compensation are in compliance with laws and regulations of the State of Oregon.

Washington State Auditor's Office performed an audit of the Columbia River Gorge Commission and prepared Independent Auditor Reports on the commission's financial statement and on internal control over financial reporting as of and for the year ended June 30, 2018.

The Oregon Audits Division is issuing these reports as a matter of public information for the taxpayers of Oregon. Likewise, the Washington State Auditor's Office has issued the reports for public use in the State of Washington.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
OVER SCHEDULE REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF SCHEDULES
PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS***

**Columbia River Gorge Commission
July 1, 2017 through June 30, 2018**

Ms. Krystyna Wolniakowski, Executive Director
Columbia River Gorge Commission
White Salmon, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the Statement of Expenditures – Budget and Actual General Fund of the Columbia River Gorge Commission, as of and for the year ended June 30, 2018, and the related notes to the schedule, and have issued our report thereon dated December 6, 2018.

As described in Note 1 to the statement, the Statement of Expenditures – Budget and Actual–General Fund was prepared for the purpose of complying with the Columbia River Gorge Compact (for inclusion in the Commission’s annual report), and is not intended to be, and is not, a complete presentation of the Commission’s assets, liabilities and revenue and is not a complete set of financial statements in accordance with the accounting principles generally accepted in the United States of America.

INTERNAL CONTROL OVER SCHEDULE REPORTING

In planning and performing our audit of the schedule, we considered the Commission’s internal control over schedule reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the schedule, but not for the purpose of expressing an opinion on the effectiveness of the Commission’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent,

or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Commission's schedule will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Commission's schedule is free from material misstatement, we performed tests of the Commission's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE

Columbia River Gorge Commission July 1, 2017 through June 30, 2018

Ms. Krystyna Wolniakowski, Executive Director
Columbia River Gorge Commission
White Salmon, Washington

REPORT ON THE SCHEDULE

We have audited the accompanying Statement of Expenditures – Budget and Actual – General Fund of the Columbia River Gorge Commission, for the year ended June 30, 2018, and the related notes to the schedule, as listed on page 10.

Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of the schedule in accordance with the financial reporting provisions of the Columbia River Gorge Compact and the Interstate Cooperative Agreement between the Washington State Office of State Auditor and the Oregon Secretary of State described in Note 1. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the schedule in order to design audit

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedule referred to above presents fairly, in all material respects, the budgeted and actual expenditures of the Columbia River Gorge Commission, for the year ended June 30, 2018 in accordance with the financial reporting provisions of the agreement described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the schedule, which described the basis of accounting. As described in Note 1, the Statement of Expenditures – Budget and Actual – General Fund is prepared on the basis of the financial reporting provisions of the agreement, which is a basis of accounting other than accounting principles generally accepted in the United States of America, in order to comply with the Columbia River Gorge Compact (for inclusion in the Commission's annual report). Our opinion is not modified with respect to this matter.

Purpose

This report is intended solely for the information and use of management and the governing body of the Commission and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2018 on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts

and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

Notes to the Financial Statement
For the Fiscal Year Ended June 30, 2018**

Note 1 - Summary of Significant Accounting Policies

The accompanying Statement of Expenditures-Budget and Actual of the Columbia River Gorge Commission has been prepared to meet the requirements of the Columbia River Gorge Compact and the Interstate Cooperative Agreement between the Washington State Office of State Auditor and the Oregon Secretary of State, Audits Division. The Statement of Expenditures-Budget and Actual is not intended to be a complete presentation of the commission's assets, liabilities, and revenues nor does it constitute a complete set of financial statements in accordance with generally accepted accounting principles. The more significant of the state's accounting policies are as follows:

A. Reporting Entity

The commission is a regional agency authorized by Congress through the Columbia River Gorge National Scenic Area Act (PL 99-663) and created by the states of Washington and Oregon by interstate compact. The commission is comprised of 12 members from the two states and one member appointed by the US Secretary of Agriculture. Its primary role involves planning, consulting, and oversight in the implementation of the federal legislation. The commission has an authorized staff level of 7.0 FTEs.

B. Measurement Focus and Basis of Accounting

The commission uses the general fund to account for all of Columbia River Gorge Commission's general activities. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The general fund is accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements for this fund present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) as changes in net current assets.

The modified accrual basis of accounting is used by the general fund. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be reasonably estimable. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Under modified accrual accounting, expenditures are recognized when the related fund liability is incurred, if measurable. Exceptions to the general modified accrual expenditure recognition criteria include unmatured interest on general long-term indebtedness which are recognized when due and compensated absences which are recognized when paid.

C. General Budgetary Policies and Procedures

The legal level of budgetary control is at the fund/account, agency and appropriation level, with administrative controls established at lower levels of detail in certain instances. Annual budgets are established at the states' legislative level through an allotment process. Funding is provided by

appropriations from the states of Washington and Oregon. Other sources of revenue received during the period, included receipts from the Klickitat County, Washington.

Commissioner compensation, including travel, is paid directly, and accounted for separately, by each state. All other commission expenditures are joint expenditures, which are shared equally by both states. These expenditures are processed, paid, and accounted for by the states of Washington and Oregon. Oregon reimburses Washington for its 50 percent share.

D. Compensated Absences

Annual Leave and Sick Leave

Commission employees accrue vested annual leave at a variable rate based on years of service. In general, accrued annual leave cannot exceed 30 days at the employee's anniversary date.

Employees accrue sick leave at the rate of one day per month without limitation on the amount that can be accumulated. Sick leave is not vested; i.e., the commission does not pay employees for unused sick leave upon termination except upon employee death or retirement. At death or retirement, the commission is liable for 25 percent of the employee's accumulated sick leave. In addition, the commission has a "sick leave buyout option" in which each January, employees who accumulate sick leave in excess of 60 days may redeem sick leave earned but not taken during the previous year at the rate of one day's pay in exchange for each four days of sick leave. Accordingly, the general fund recognizes sick leave when it is paid.

Note 2 - Retirement System

Commission employees are currently members of the Washington state retirement system. (Actuarial and other information of this system can be found in the Washington State Comprehensive Annual Financial Report.)

Note 3 - Summary of Significant Litigation

At this time the Columbia River Gorge Commission is not a party to any litigation that may result in a financial liability.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
