INSTRUCTIONS FOR OBTAINING AN AUTHENTICATION FOR OREGON PUBLIC OFFICIALS
(If you have a document that does not meet the stated requirements please call our office before submission.)

WHAT IS AN AUTHENTICATION?
When a public document will be used outside the U.S., it’s often necessary to have the certifying official verified with an authentication or apostille certificate. The Oregon Secretary of State can only authenticate the signatures of Oregon Public Officials. All authentication certificates issued by our office look the same, regardless of what country it will be used in. For an example please see our website. (Only exception is for mainland China.)

Note: The authentication attests to the validity of the Oregon Public Official, but not to the contents of the underlying document.

AUTHENTICATING AN OREGON NOTARIZATION
The procedure is simple; send the original, notarized document to us, or bring it to our office in Salem. (See Fee & Submission Instructions on back.) Background checks by an Oregon agency must be notarized before submission. FBI checks must be submitted to the US Department of State in Washington D.C.

Notarization Example:

<table>
<thead>
<tr>
<th>State of Oregon</th>
</tr>
</thead>
<tbody>
<tr>
<td>County of _____</td>
</tr>
<tr>
<td>This document was acknowledged by ____ (signer) on _____(date).</td>
</tr>
</tbody>
</table>

OREGON VITAL RECORDS
(Birth, Death, Marriage & Divorce Certificates)
Our office can authenticate a certified copy of an Oregon Vital Record issued by a county or the state. The registrar’s name must be printed by the signature; if your copy doesn’t have a printed name, please contact the state for a new certified copy.

COUNTY AND COURT DOCUMENTS
All Oregon county and circuit court documents must be original certified copies, and the public official who certifies the record must provide their printed name, signature and title.

AUTHENTICATING SCHOOL RECORDS
When you need an Oregon school (elementary, middle, high school or college) transcript or diploma authenticated, you must have the person in charge of the records (normally the Registrar or Principal) certify to the record, in the presence of a notary, who will notarize that statement. Then the notarized transcript, or diploma, is sent to the Secretary of State’s office for an authentication. See the Sample Certificates section for more details.

SAMPLE NOTARY CERTIFICATES FOR SCHOOL RECORDS
Below you will find sample notary certificates that we have found usually work in these instances. Feel free to use them, but please be aware that the Secretary of State does not guarantee they will be appropriate for your particular situation, nor are we advising you to adopt these methods. It is always best to consult with an official of the destination country before undertaking these procedures.

The face of the document should not be altered by the registrar or notary; the statement should either be typed on the BACK of the diploma or transcript, or on a separate sheet, stapled to the document.
