NEED FOR THE RULE(S)

In enacting HB3021 (2021) the Legislative Assembly directed the Secretary of State to adopt rules to implement voter pamphlet translation activities. This rule is needed to designate the revised Voters' Pamphlet, forms, and procedures to be used to submit translated candidate statements and translated state measure arguments.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE

HB3021 (2021) available online at oregonlegislature.gov or from the Secretary of State Elections Division.

STATEMENT IDENTIFYING HOW ADOPTION OF RULE(S) WILL AFFECT RACIAL EQUITY IN THIS STATE

This rule promotes racial equity. HB3021 include requirements for the Secretary of State to ensure that portions of the state voters' pamphlet be translated from English into the most common languages of the state and of each county. It also includes the requirement to accept federal and statewide candidates' translated candidate statements for inclusion in the voters' pamphlet, and to accept translated state measure arguments for inclusion in the voters' pamphlet.

Translations of voters' pamphlets promote racial equity by providing the 200,000+ persons in Oregon who have a limited ability to read, speak, write, or understand English with access to voter information and to fully exercise their voting rights.

FISCAL AND ECONOMIC IMPACT:

These proposed rules may cause minimal fiscal or economic impact to state agencies, or the public.

COST OF COMPLIANCE:

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s).

(1) There may be a minimal fiscal impact for the State Elections Division to answer questions regarding compliance with this rule, or for other unanticipated reasons. The cost of the Secretary of State to comply with this rule including the cost of professional services is estimated at \$683,603 during the first biennium. After the first biennium's implementation the cost will be reduced.

(2)(a)-(c) It is not expected that these rules will impact small businesses.

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

They were not, as this rule does not directly affect small businesses.

WAS AN ADMINISTRATIVE RULE ADVISORY COMMITTEE CONSULTED? NO IF NOT, WHY NOT?

The fiscal impact of the proposed amendments is expected to be minimal at most.

AMEND: 165-016-0000

RULE SUMMARY: HB 3021 (2021) created provisions codified in ORS Chapter 251 requiring the Secretary of State to adopt rules necessary to professionally translate portions of the state voters' pamphlet in multiple languages, to accept federal and statewide candidates' translated candidate statements for inclusion in the voters' pamphlet, and to accept translated state measure arguments for inclusion in the voters' pamphlet for all elections beginning with the 2022 General Election. The Secretary of State designates the State Voters' Pamphlet Manual, revised 8.2022 and associated forms as the procedures and forms to be used to submit English or translated candidate statements, English or translated measure arguments, statements of arguments by any political party or assembly of electors, English or translated arguments in support of a legislative referral, explanatory statements, financial estimates and statements, statements prepared by the Legislative Council Committee under ORS 251.225 and a community college district measure relating to bonding, a county measure or a metropolitan service district measure submitted under ORS 251.285.

See the ORESTAR User's Manual: Voters' Pamphlet Filing available at www.oregonvotes.gov.

The Elections Division will reject any statement not filed electronically in ORESTAR.

Designated Filer for Specified Committees

The following committees and groups must supply written notification to the Elections Division of the ORESTAR account username, first and last name and contact information for the person chosen to file the statements or arguments electronically:

Statements of Endorsement

ORS 251.049

If the name of a person or organization is used in a statement or argument as supporting or endorsing the candidate or measure, the filer must either submit a completed and signed SEL 400, *Statement of Endorsement* form for each person or organization identified or include a publicly disseminated quote identified by source and date.

Form SEL 400 Statement of Endorsement

A Statement of Endorsement is completed and signed by the person or by an authorized person on behalf of an organization, consenting to the use of their name or the name of the organization they are speaking for. An organization's name should only be used if the organization is endorsing the argument or statement. A spokesperson for an organization may not list individual names of members of the organization without an accompanying SEL 400 for each of those individuals. The form requires the following for completion:

- 1 the applicable election date;
 - A Statement of Endorsement is only valid for the election it is filed at.
- 2 the statement or argument filing type;
- 3 the name of the candidate, political party, assembly of electors or person who filed the argument; and
 - A Statement of Endorsement is only valid for the statement or argument it is filed for.

 - **Option 1** allows the statement or argument filer to decide how a person's name, applicable title, name of the organization the person represents, if any and other biographical information will appear in the statement or argument.
 - **Option 2** requires the statement or argument filer to reproduce the person's name, applicable title and name of the organization the person represents, if any, exactly as it appears on the completed and signed SEL 400.

A quote made by the person or by an authorized person on behalf of an organization does not have to be written on the SEL 400 or attached to the completed and signed form.

Filing Statements of Endorsement

The easiest way to file Statements of Endorsements is to:

- 1 compile all Statement of Endorsement forms into a single PDF document;
- 2 name the scanned document with the statement or argument filer's last name; and
- 3 upload electronically using ORESTAR.
 - 🔍 See the *ORESTAR User's Manual: Voters' Pamphlet Filing* available at www.oregonvotes.gov.

Endorsements may also be hand delivered, mailed or faxed to the Elections Division.

Publicly Disseminated Quote

The name of the person or organization with a quotation made by the person or by an authorized person on behalf of an organization may be included if the quote:

- ✓ has been publicly available prior to its inclusion in the statement or argument; and
- 🔍 This includes, but is not limited to, appearing on a website.
- ✓ is identified by its source and date in the statement or argument.

Forms are available online at www.oregonvotes.gov.

- numbered or bulleted lists on consecutive lines;
- italic, bold or underlined text;

Any federal or state candidate may file a statement for inclusion in the state voters' pamphlet [and may submit translations of their statement for the online translated pamphlet](#). Measure Arguments

ORS 251.255 [and ORS 251.170](#)

A ballot measure argument is a statement supporting or opposing a measure on the ballot. Any person or organization may file an argument in favor of or in opposition to a state measure for inclusion in the voters' pamphlet. [Filers may also submit translations of their argument for the online translated pamphlet.](#) A measure argument must be filed by the individual who will be listed as furnishing the information in the Voters' Pamphlet.

The Elections Division assigns a number to each argument filed in favor of or in opposition to a measure and uses it to randomly order all arguments filed for the measure within a category. Arguments in favor of a measure appear first, followed by arguments in opposition to the measure and are printed in the state voters' pamphlet in the randomly generated order.

A random number generator program will be used to assign the order.

Included Information

In addition to the arguments supporting or opposing a state measure the Elections Division includes the following information for each measure on the ballot:

- explanation of the estimate of financial impact, if determined to be necessary by the committee;
- complete text of the proposed measure; and

- a concise and impartial statement of not more than 125 words summarizing the measure and its major effect.

Forms are available online at www.oregonvotes.gov.

The estimate is prepared by the Financial Estimate Committee, which consists of the Secretary of State, State Treasurer, Director of the Department of Administrative Services, Director of the Department of Revenue and a representative of a city, county or district with expertise in local government finance chosen by the other four committee members.

The financial estimate and any explanation of the estimate must be filed electronically using ORESTAR. City Measure in State Voters' Pamphlet

There is no provision under state law that allows a city measure to appear in the state voters' pamphlet.

Filing Statements and Arguments

All statements and arguments must be filed electronically using ORESTAR and accompanied by the required filing fee or a completed voters' pamphlet petition having the required number of signatures in lieu of the filing fee. The signature sheets for a completed voters' pamphlet petition are filed by paper.

Voters' pamphlet filings are filed while logged into the Private Workshop page in ORESTAR.

See the [ORESTAR User's Manual: Voters' Pamphlet Filing](#) for detailed instruction on filing electronically.

Voters' Pamphlet Access

To ensure a statement for a state candidate or an argument for or against a state measure appears in the voters' pamphlet, filers may submit a prospective petition and pay the filing fee. The fee must be paid prior to the filing deadline. If the voters' pamphlet petition is filed with the Elections Division by 5:00:00 pm on the filing deadline and it has the required number of signatures, the filing fee will be refunded.

Filing by Fee

After launching the Voters' Pamphlet Filing entry pages:

- 1 select Fee as the filing method in the Filing Information Tab;
- 2 complete all required fields in the Filing Information Tab and Statement Tab;
- 3 use the Upload Tab to attach any Statements of Endorsements or a photograph of the candidate; and
- 4 pay the required filing fee using eCheck, VISA or MasterCard.

An eCheck is an electronic version of a paper check used to make payments online. It allows filers without a VISA or MASTERCARD to electronically pay the required filing fees.

If an eCheck is returned due to insufficient funds and the filing deadline has not passed, contact the Elections Division at 503 986 1518 for instruction on resubmitting payment.

Any statement or argument paid for with an eCheck that is returned due to insufficient funds after the filing deadline will not appear in the voters' pamphlet.

Forms are available online at www.oregonvotes.gov.

Filing by Petition

After launching the Voters' Pamphlet Filing entry pages, do the following:

1 Prospective Petition

- select Petition as the filing method in the Filing Information Tab;
- complete all required fields in the Filing Information Tab and Statement Tab;
- use the Upload Tab to attach any Statements of Endorsements or a photograph of the candidate; and
- click Submit Filing.

2 Approval to Circulate

The Elections Division reviews the prospective petition and, if complete, will give written approval to circulate that includes the required number of signatures, the filing deadline and:

 signature sheet template

- with a copy of the statement or argument that must be attached to or copied onto the back of the signature sheet template.

 After receiving approval to circulate the statement or argument may not be amended unless the filer begins the petition process again.

3 Format of Petition Signature Sheets

Each signature sheet must meet the following requirements:

- standard 8½ x 11 size paper or equivalent;
- printed on at least 20-pound uncoated paper or equivalent; and
- have the statement or argument either copied on the reverse or attached to the signature sheet.

 No more than five petition sheets may be attached to a single copy of the statement or argument.

4 Gathering Petition Signatures

Review the legal requirements and guidelines for circulating the petition with circulators before collecting any signatures.

- To ensure the petition has enough valid signatures, filers should collect more than the required number of signatures.

 Failure to comply with the legal requirements and guidelines may result in rejection of those sheets.

5 Guidelines for Circulation

To ensure compliance with circulating requirements filers must educate circulators on the guidelines for circulating the statement or argument and monitor their activities.

 Forms are available online at www.oregonvotes.gov.

Circulator Requirements

Each circulator must:	What this means:
→ Personally witness each signature collected.	✓ Watch the person sign the petition. ⓘ It is not sufficient to merely be present in the same room or vicinity.
→ Complete the circulator certification after witnessing all signatures collected on a sheet.	✓ Sign the certification using a legal signature. ⓘ A legal signature is defined as a signature having obvious and predominantly matching characteristics to signatures on file from a paid circulator's registration, signatures in the Oregon voter registration file or the signature on an official government document. ⓘ Initials, signature stamps, illegible or printed script are not sufficient unless verified by exemplar.
→ Supply the date when the certification was signed.	✓ The date must be in month, day, year order if written in all numbers.

! A circulator's failure to follow these requirements may result in the rejection of the petition signature sheets and a felony conviction for the circulator.

Circulator Prohibitions

It is against the law for circulators to knowingly:

- circulate a petition containing a false signature;
- attempt to obtain the signature of a person who is not qualified to sign the petition;
 ⓘ Only active registered voters in the candidate's district or who would be eligible to vote for the measure may sign a petition.
- make false statements to any person who signs the petition or requests information about it;
- offer money or anything of value to another person to sign or not sign the petition; and
- sell or offer to sell signature sheets.

Signer Requirements

Each petition signer must:	What this means
→ Signers must supply an original signature but are encouraged to also supply their printed name, date signed and address.	✓ Petition signers must sign the petition using a signature contained in their voter registration record.
For candidate statements → Signers must be active registered voters and able to vote for the candidate.	✓ Information in the voter registration record is up to date and the signer would be able to vote for candidates for the office at a general election or for the measure.
For state measure arguments → Signers must be an active registered voter.	

 Forms are available online at www.oregonvotes.gov.

Signature Date

If no date is supplied by the signer, the signature is only considered valid if the signer:

- ✓ was an active registered voter between the petition's approval to circulate date and the circulator's certification date or
- ✓ originally registered to vote on or after the date the petition's approval to circulate date and was an active registered voter between their original registration date and the circulator's certification date.

i This standard also applies to any signer that provides an ambiguous date such as a date of birth or a date that has not yet occurred at the time of verification instead of the date they signed the petition.

Signer Prohibitions

It is against the law for signers to knowingly:

- sign another person's name under any circumstances;
- sign a petition more than one time; or
- sign a petition when not qualified to sign it.

! Only active registered voters may sign a petition. If the signer is not registered to vote or an active voter, then the signature will be rejected unless a completed registration card is received by a designated voter registration agency or elections filing officer before 5 pm the day the petition is signed or 11:59 pm if completed electronically online at www.oregonvotes.gov.

6 Certification of Signature Sheets

OAR 165-014-0270

After all signatures on a signature sheet have been collected, circulators complete the certification by signing their legal signature with a minimum of a first-name initial and full last name and by supplying the date when the certification was signed.

i If additional signatures are gathered after the circulator certification has been signed and dated, the circulator must re-sign and re-date the certification.

If the circulator certification is incomplete or insufficient the signature sheet may be rejected. Prior to submission for signature verification the circulator may correct the following defects:

Circulator Signature Defects

If the circulator has:	Then the circulator should:
→ signed using only initials; i Unless verified by exemplar.	✓ re-sign and re-date certification with legal signature;
→ signed using a signature stamp; i Unless a signature stamp approved under ORS 246.025.	✓ re-sign and re-date certification with legal signature;
→ signed using an illegible signature; i Unless verified by exemplar.	✓ re-sign and re-date certification with legal signature;
→ photocopied or carbon copied the certification; or	✓ sign and re-date certification with legal signature; or
→ signed in a manner that the signature, printed name and address are all illegible.	✓ re-sign and re-date certification with legal signature.

Certification Date Defects

If the date is:	Then the circulator should:
→ missing;	✓ re-sign and date or date and initial correction;
→ crossed out;	✓ re-sign and re-date or re-date and initial correction;
→ overwritten with a different date;	✓ re-sign and re-date or re-date and initial correction;
→ earlier than all petition signers; i Does not apply if the circulator and the only signer are the same person.	✓ re-sign and re-date or re-date and initial correction;
→ earlier than some, but not all petition signers; i Only those signatures dated on or before the date of the certification will be accepted.	✓ re-sign and re-date or re-date and initial correction;

→ obscured in any way by white out or other correction fluid or adhesive tape;	✓ re-sign and re-date or re-date and initial correction.

The following defects in the circulator certification cannot be corrected and any signature sheet submitted that has one of these defects will be rejected:

Incurable Defects

→ the original signature of a circulator has been crossed out and a different circulator's signature is inserted; i This does not apply if the original signature is that of an individual whose signature appears on the same signature sheet as a signer.
→ two individuals sign and date as circulator; or i This does not apply if the only signers and the circulators are the same people.
→ white-out or other correction fluid or adhesive tape appears on the signature line.

ex Illustrated examples of circulator signature and date defects are available in the *Circulator Training Manual* located at www.oregonvotes.gov.

7 Signature Verification and Completing the Petition

Filers submit signature sheets having at least 100% of required number of signatures to the proper election official for verification against the voters' registration record, allowing sufficient time for the verification process to be completed prior to the filing deadline.

! The Elections Division will not accept signatures for verification or certified signature sheets prior to the first day to file by fee or completed petition.

? See *Filing Requirements* on page 4.

i The elections official is not required to begin verification until the raw number of signatures submitted is equal to or exceeds the required number of signatures.

Before filing the signature sheets for verification, statement and argument filers must ensure each signature sheet certification is signed and dated by the circulator.

📄 Forms are available online at www.oregonvotes.gov.

Verification Conducted by Elections Division

If the Elections Division is the elections official that will conduct signature verification, the filer must also complete and turn in with the signatures:

-  Form SEL 338 Petition Submission – Candidate, Voters' Pamphlet

Verification Conducted by County Elections Official

To complete the petition process, a statement or argument filer must submit to the Elections Division:

-  Completed form SEL 338 Petition Submission – Candidate, Voters' Pamphlet
 - signature sheets, certified by the county elections official, that have the required number of valid signatures.

8 Signature Tally

The Elections Division reviews each signature sheet and removes the sheet if:

- the signature sheet was not approved for circulation;

 Unapproved petition sheets and those that do not meet legal requirements and guidelines will be rejected.

- the circulator did not sign and date the certification;
- the circulator signed the certification before all signers on the signature sheet;
- the circulator certification has an incurable defect; and
- any sheet that does not comply with OAR 165-014-0275.

After tabulating the number of signatures contained on the accepted signature sheets the Elections Division notifies the filer of the final tally.

-  If the petition does not contain the required number of valid signatures and the filing deadline has not passed, additional signatures may be submitted.

Amending a Filing

Statements and arguments may be amended in ORESTAR until 5:00:00 pm on the filing deadline day for the election. Filers may change the statement or argument, provide SEL 400s or replacement or substitute photographs.

If the filer submits signatures in lieu of the filing fee, the statement or argument may not be changed unless the filer begins the petition process again or pays the required filing fee.

-  See the *ORESTAR User's Manual: Voters' Pamphlet Filing* for detailed instruction on amending a voters' pamphlet statement or argument electronically.

Withdrawing a Filing

Statements and arguments may be withdrawn in ORESTAR until 5:00:00 pm on the filing deadline day for the election. Once withdrawn, the filer cannot reactive the statement or argument but can refile if the filing deadline has not passed. Any signatures collected in lieu of the filing fee for the withdrawn statement or argument are void. The Elections Division will refund filing fees.

-  Candidates that withdraw their candidacy in accordance with the Candidates Manual, but after the voters' pamphlet filing deadline, will not appear in the voters' pamphlet and any filing fee paid will be refunded.

 Forms are available online at www.oregonvotes.gov.

Argument in Favor

Oregon Rivers

Oregon is richly endowed with rivers that din through canyons and mountains and whisper through the valleys.

They flow deep through our consciousness for they have carried our discoverers and pioneers, watered our good earth, slaked our thirsting cities, turned the wheels of industry and provided a wealth of fishing and recreational pleasure.

We have harnessed many of these streams for navigation, power and water supply and crowded their courses with highways and business.

Oregon Wild and Free

Considering the demands of the future we have not yet made adequate provision to keep at least a small stock of our finest and still wild rivers in their free-flowing setting.

In a state as bountifully endowed with rivers as Oregon we still have time to claim a few of these free-flowing streams which are outstanding for scenic, fishery, wildlife, geologic, botanic, historic and recreational values. These still wild rivers can be part of Oregon's future if we act to protect their character.

The Oregon Scenic Rivers Measure

The measure would:

- permit pastoral uses of the land and compatible timber harvesting
- stop dams
- allow highways, industrial, business or commercial developments within a quarter-mile of either bank of the scenic waterway if they would not impair the natural beauty of the scenic waterway

Water Rights

Rights to the beneficial use of waters from the designated rivers, and all present uses by the adjoining landowners, are not affected as spelled out in the measure. It protects all existing water rights.

Designated Rivers

Portions of six rivers representing some of the wildest, most beautiful waterways in Oregon — both forested and desert — have been designated for inclusion under the measure. They are the:

1. Owyhee
2. Rogue
3. Illinois
4. main stem John Day
5. Deschutes
6. Minam

Alternative uses are rapidly taking our remaining wild rivers. Their numbers diminish as the recreational need for them grows. It takes but one harness to change a river's character forever.
