Example

Elections Division Error: An incorrect statute was applied

Explanation Summary:

The Elections Division only considered the information I provided for the violation of ORS 260.402 under ORS 260.993 (criminal penalties). They did not address potential civil penalties under ORS 260.995.

Evidence:

I have attached a copy of my original complaint alleging a violation of ORS 260.402 and requesting the Division investigate any and apply appropriate civil and criminal penalties.

I have also attached a copy of the closing letter. It addresses the lack of evidence needed to support a violation under ORS 260.993 but is silent on whether the evidence supported civil penalties under ORS 260.995.
