Subject: Public comment on IP 17 adopted explanatory statement

To whom it may concern,

After reviewing the adopted explanatory statement and various pieces of supporting documentation, including the LRO's analysis, I respectfully submit the following comments requesting the committee include language addressing:

1. The value of the yearly "rebates" using the LRO estimates ranging between \$1,160 and \$1,686 per person/year.
2. A statement informing voters that the corporations in question are generally able to deduct the cost of the higher minimum corporate tax being considered on their federal taxes.

Thank you for your consideration,

Sincerely,

--
