Legislative Revenue Officer
Chris Allanach

TO: Financial Estimate Committee
FROM: Chris Allanach
DATE: June 11, 2024
SUBJECT: Review of Ballot Measures for Potential Indirect Effects

ORS 250.125(4) directs the Financial Estimate Committee to consult with the Legislative Revenue Officer (LRO) regarding potential indirect economic and fiscal effects associated with ballot measures. It is up to the committee to determine if any such indirect effects are significant and can be feasibly estimated.

LRO has reviewed the legislative referrals 401 (impeachment of statewide elected officials), 402 (creation of the Independent Public Service Compensation Commission), and 403 (ranked choice voting). We conclude that none of the three referrals have indirect economic or fiscal impacts.
