

## November 3, 2020 General Election

### Initiative Petition #57

**“Amends Constitution: Repeals legislative redistricting process; creates congressional/state redistricting commission; equal number of Democrats, Republicans, others.”**

#### Estimate of Financial Impact:

This measure amends the Constitution to repeal the current legislative process to create a twelve-member citizen commission to draw both congressional and state legislative districts. The measure requires the Legislative Assembly appropriate General Fund dollars to support specific costs incurred by the commission, however the measure itself does not require a certain amount. The financial impact to the state is indeterminate. Local government expenditures will not be impacted.

#### Certification:

We, the undersigned, hereby certify that, pursuant to ORS 250.127(3), we have prepared the statement described under “Estimate of Financial Impact.”
