

**DRAFT**

## November 8, 2022 General Election

### Initiative Petition #17

**“Requires a background check, firearm training and a permit to purchase a firearm. Criminalizes manufacturing, selling or acquiring magazines capable of holding more than 10 rounds. Restricts the use of such magazines currently owned.”**

#### Estimate of Financial Impact:

The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.

#### Certification:

We, the undersigned, hereby certify that, pursuant to ORS 250.127(3), we have prepared the statement described under “Estimate of Financial Impact.”
