Statement

Provide the reasons for demanding recall in 200 words or less. Any factual information provided must be true.

President Trump has stated that he does not plan a national abortion ban but advocates returning the issue to the states. The Democrats are aware of this but have taken it upon themselves to spend taxpayer money securing abortion pills for women whose rights are not under attack in Oregon. Oregon Democrats continue to misuse hard-earned taxpayer money from independents, non-voters, and Republicans to create division, to the point where many in Oregon are considering secession to Idaho. It is not the role of government to provide abortion pills, housing, or save the planet. Since the introduction of mail-in voting, Democrats have been in power, driving up costs, pushing businesses out, and failing to properly educate our children. They allegedly place tampons in boys' bathrooms, track non-binary student data, and undermine our God-given parental rights. Governor Kotek must go.
