This document and the data presented represent official turnout and participation statistics for the May 19, 2026, Primary Election. This data is dependent on county election official's data entry standards and procedures.

TOTAL ACTIVE VOTERS AND BALLOTS RECEIVED

3,069,835	1,285,016	41.86%
Active Voters	Ballots Received	Ballots Received

The number of active voters reflects Oregon active voter data as of July 7, 2026. Oregon's voter lists are updated daily, and changes in this number are expected. This ongoing maintenance of voter records is standard practice and an important part of Oregon's election administration.

The number of ballots received reflects the number of ballots received for the 2026 May Primary Election as of July 7, 2026. It is common for ballots to continue to arrive well after Election Day and the 7-day grace period due to factors such as voter error or slower delivery from USPS; however, they are not counted. These ballots are included in the "ballots received" count because they were received, even if they were received too late to count. This is why the number of ballots received in this document is higher than the number of ballots received reflected on the 2026 May Primary Election Official Ballot Returns report, which was generated on June 26, 2026. Ballots received too late to count are not included in the official abstract of votes (official results).

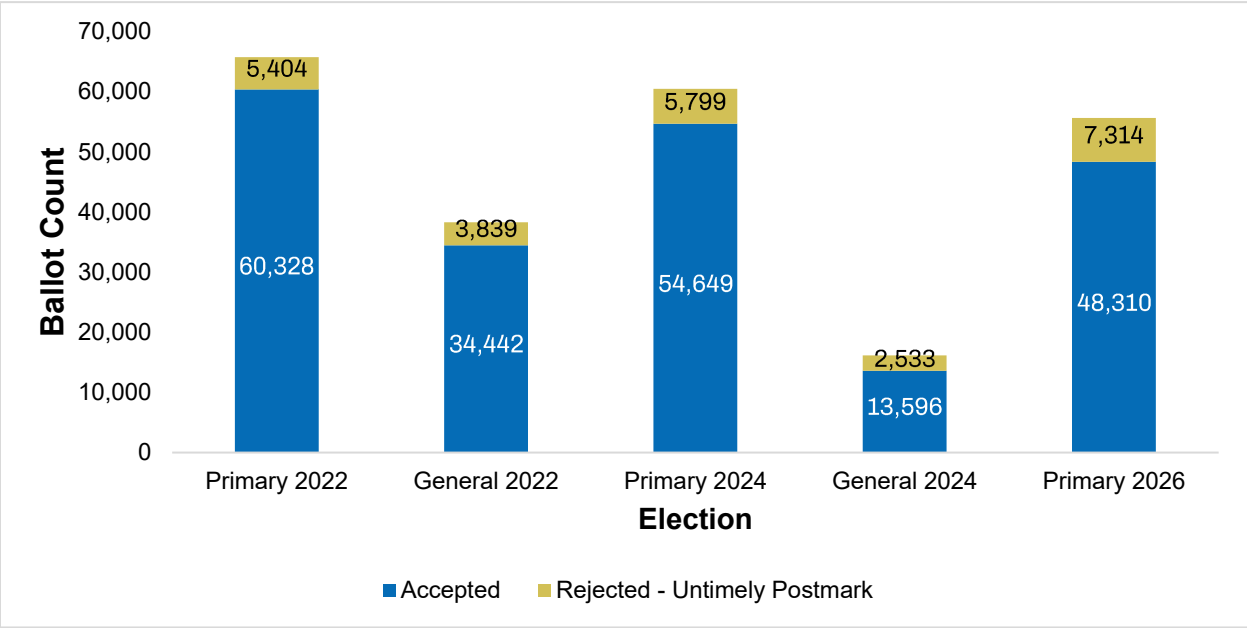
Ballots Received in the Post-Election Grace Period by Category Since Grace Period Established*



*Two data points in this table have been changed since it was first posted publicly on September 8, 2026. The number of postmarked ballots accepted for the 2022 primary election changed from 60,128 to 60,328. The number of postmarked ballots rejected for an untimely postmark for the 2024 general election changed from 5,066 to 2,533. These changes are due to an error discovered in data analysis that was conducted by the Secretary of State's office when generating this report. The numbers reported by county clerks and certified for these elections did not change.
