Oregon elections are SAFE: Secure, Accurate, Fair, and Efficient.

My fellow Oregonians,

As your Secretary of State, my number one priority is making sure every eligible Oregonian can exercise their right to hold their government accountable through free and fair elections. Here's what you need to know to be an informed and prepared voter this year:

- **Start researching your choices now:** don't wait until your ballot arrives.
- **Fill out your ballot correctly:** read the instructions carefully and clearly mark your choices.
- **Sign your ballot envelope:** your signature should match the one you used to register to vote or at the DMV.
- **Return your ballot on time:** mail it at least 7 days before Election Day, or better yet, use a secure drop box (locate a drop box near you at oregonvotes.gov/dropbox). You can also vote in person at your county clerk's office. Ballots must be postmarked by 8:00 PM on November 3, 2026.
- **Track your ballot at oregonvotes.gov/myvote:** see when your ballot is on its way to you and received by your county clerk.

MAIL YOUR BALLOT AT LEAST 1 WEEK BEFORE ELECTION DAY

Due to delays at USPS, if you haven't mailed your ballot at least 7 days before Election Day, use a drop box or go directly to a post office and ask for a manual postmark before you place it in a collection box.

Once you've cast your ballot, you can trust the system that counts it. Voter rolls are cleaned and updated daily. Vote-tallying machines are certified, locked down, and never connected to the internet. Counties publicly test equipment before and after every election. Each ballot return envelope has a unique identifier that is tied directly to the voter, so no one can vote more than once, and all signatures on those envelopes are verified. All votes are cast on paper ballots, which can't be hacked. If there's ever a question about voter intent, trained reviewers from different political parties must agree on the result. And after the election, all ballots are preserved by counties so they can be audited down the road. This is what election integrity looks like, and it's built into every step of our process.

If you ever have questions about Oregon elections, rely on trusted sources: the Secretary of State's office (oregonvotes.gov) and your county clerk (oregonvotes.gov/counties).

Follow the results: Unofficial results will begin to post at results.oregonvotes.gov shortly after 8:00 PM on November 3, 2026. If it takes time for results to be finalized, that's because elections officials are working to deliver the accurate results Oregonians deserve. The deadline for the results to be official and for the election to be certified is December 10, 2026.

Be prepared. Stay informed. Vote.

Sincerely,

Tobias Read
Oregon Secretary of State

Voters' Pamphlet Translations Making Voting Accessible

ORS 251.026, ORS 251.167, ORS 251.170, ORS 251.173 & ORS 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure professional translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of the State Voters' Pamphlet are available in Arabic, Simplified & Traditional Chinese characters, Farsi, French, German, Hmong, Japanese, Khmer, Korean, Marshallese, Nepali, Russian, Somali, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese. These translations can be found online at OregonVotes.gov/voterspamphlet

For Washington County residents, this is a joint voters’ pamphlet. County Voters’ Pamphlet starts after page 32

To save on mailing and production costs, a county that prepares a voters’ pamphlet may insert the pamphlet into the center of the state voters’ pamphlet for distribution. It includes information about candidates and measures from local governments located within the county.

It is against the law to:

- sign a ballot return envelope other than your own
- vote more than once in an election or cast a fraudulent ballot
- vote a ballot if you are not legally qualified to do so
- unduly influence another voter to vote in a particular manner
- sell, offer to sell, purchase, or offer to purchase another voter's ballot
- obstruct an entrance of a building in which a voting booth or official ballot drop site is located
- deface, remove, alter, or destroy another voter's ballot, a posted election notice, or election equipment or supplies
- attempt to collect voted ballots within 100 feet of an official ballot drop site
- establish a drop site without displaying a sign stating "Not An Official Ballot Drop Site"

This list is not exhaustive. Any violations of Oregon election laws or rules are subject to civil and/or criminal penalties.

Where do I vote?

In Oregon, we vote by mail. You can vote from anywhere you choose.

If you're registered to vote by **October 13**, your ballot will be mailed between **October 14** and **October 20**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **October 30**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote. To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the Voters' Pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Simplified and Traditional Chinese characters, Farsi, French, German, Hmong, Japanese, Khmer, Korean, Marshallese, Nepali, Russian, Somali, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

What if my ballot is damaged?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. You are not required to vote on every candidate or measure for your ballot to be counted.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

Return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

No postage needed. Use the return envelope provided with your ballot.

Mail your ballot from your home mailbox, a USPS Blue Box, or your nearest post office.

Plan ahead: Mail your ballot at least 1 week before Election Day.

Mailing close to election day? Don't risk your vote not being counted. Visit a USPS office for a free manual postmark.

County elections offices are open on Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

No. If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After your signature is verified, your ballot is separated from the ballot return envelope before it is unfolded and counted.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results will be released beginning at **8 pm, November 3** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change as vote counting continues.

Results are not final until the election is certified and the official abstract of votes are published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined, you have the right to request a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been violated, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "Get Involved" section.

Political Party Statements

At the General Election, a statewide political party may file a voters' pamphlet statement that argues for the success of its principles and the election of its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2026 General Election**:

- No Labels Party of Oregon
- Working Families Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2026 General Election** is:

S, K, B, G, P, I, W, Y, V, C, M, D, N, X, Z, J, E, H, T, O, Q, A, U, F, L, R.

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot.

Statements are arranged in the following manner:

- partisan candidates, by position, in ballot order
- nonpartisan candidates, by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the State Voters' Pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Using Official Ballot Drop Boxes

Save Yourself the Worry: Don't Wait, Vote Early.

The Secretary of State's office strongly recommends voters begin researching their choices early, fill out their ballot quickly upon receipt, and use official ballot drop boxes to ensure their ballot gets to a county elections office by Election Day.

Using Oregon's safe and secure drop boxes

First, make sure you filled out your ballot correctly, read the instructions carefully, and fully fill in your choices.

Make sure you sign your ballot envelope; your signature should match the one you used to register to vote or at the DMV.

Dropping off your ballot at an official drop box is the best way to avoid any mail delays.

Find the ballot drop site nearest you on your county election website or go to oregonvotes.gov/dropbox.

Drop boxes are available 24/7 from the time ballots are mailed until 8 p.m. on Election Day.

You can also vote in person at your county clerk's office. Check your county elections website for their hours.

County elections offices are open 7 a.m. - 8 p.m. on Election Day.

Democratic Party of Oregon

THE DEMOCRATIC PARTY OF OREGON IS FIGHTING FOR PROGRESS, DEFENDING OREGON VALUES, AND WORKING TO ELECT DEMOCRATS ACROSS THE STATE.

Oregonians are working hard, but the cost of living keeps making it harder to get ahead. Donald Trump is driving up the cost of gas, groceries, housing, health care and other essentials, putting real pressure on family budgets. Democrats believe our economy should work for everyone, not just the wealthy and well-connected, and that government should focus on practical solutions that make it easier to earn a good living and build a secure future.

We believe in freedom: the freedom to make our own reproductive choices, to vote in fair elections, to breathe clean air and to live and love as we see fit.

We are a Party of nearly a million Oregonians, from every region and all walks of life. **That diversity is our strength** and reinforces the core beliefs that bring us together.

Democrats believe that **we are better off when we work together**: when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. We're committed to strong public schools, affordable health care, good jobs, affordable housing, protect- ing Oregon's natural beauty, and equal opportunity for all.

We believe Oregon should be a place where people can put down roots, raise a family, start a business, join a union, care for their neighbors, and have a real voice in the decisions that shape their lives. We believe in strong communities, accountable government, protected public lands, and an economy that rewards work instead of wealth. We believe every Oregonian, no matter their ZIP code, deserves to be seen, heard, and represented.

That's why Democrats led the charge to:

- raise the minimum wage for more than 100,000 workers and their families,
- reduce student loan debt,
- allow Medicare to negotiate lower prescription drug prices,
- pass paid family and medical leave,
- advance the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2040,
- and ensure our schools have the resources to help every student find success.

Oregon Democrats are united to:

Protect Oregonians and continue moving the state forward by electing **Tina Kotek** as Governor. Tina will never stop fighting to make life better for all Oregonians by tackling rising costs, defending Oregon from President Trump's attacks on our communities, protecting reproductive rights, addressing the housing crisis, and improving access to health care and mental health services.

Deliver victories to protect our Democracy, defend civil rights, protect reproductive rights, and ensure everyone has access to housing, healthcare, education, and living wage jobs by gaining Democratic majorities in the U.S. Senate and House. To do so, we need to elect **Sen. Jeff Merkley** and our great Democratic Congressional team: **Rep. Suzanne Bonamici, Rep. Maxine Dexter, Rep. Val Hoyle, Rep. Janelle Bynum, Rep. Andrea Salinas, and Chris Beck.**

Build our Democratic majorities in the Oregon **House** and **Senate** to deliver on better schools, lower costs for our families, and fight to protect Oregon from the Trump administration's overreach.

Elect local Democrats to key positions across Oregon.

We invite all Oregonians to join us in defending our state from Trump's attacks on our freedoms and our democracy. Together, we can ensure Oregon is a place where hard work pays off, where communities thrive, and where the doors of opportunity are open to all.

Independent Party of Oregon

INDEPENDENT PARTY OF OREGON

Are you tired of extremism and polarization?

**And being manipulated by politicians who say one thing to get your vote
and then do something else?**

If so, then maybe the Independent Party of Oregon is for you. A 2025 Gallup poll found that 62% of Americans want a viable third party and that the Democratic and Republican parties "do such a poor job representing the American people that a third party is needed."

The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address real problems.

Government reform: We work to restore integrity by achieving real campaign finance reform and voting reforms that make our democracy more representative. We are founding members of the [Honest Elections Oregon](#) coalition that persuaded the Oregon Legislature's 2024 session to limit campaign contributions and require that the true sources of campaign funds be disclosed and revealed in political ads ("taglines").

But then the Democrats and Republicans in the 2026 Legislature reneged and destroyed the contribution limits and disclosure requirements with loopholes. The League of Women Voters of Oregon said it was "a complete betrayal of the deal made in 2024."

People centered policies: We work on reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 153,000 members since 2007 (5% of Oregon's registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We're highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.

Today, government policies in Oregon are crafted largely by and for powerful corporations, large unions, and the wealthy. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities for Oregonians.
- Protect the environment and the climate effectively.
- Protect Oregonians from ripoffs and abuse, including medical billing, cryptocurrency, excessive utility rates.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

2025-27 PLATFORM

Our platform (indparty.com/platform), based on our member surveys, addresses health care, education, campaign and ethics reform, and environmental and many other policies. See our past Voters' Pamphlet statements at indparty.com/vp.

2026 CANDIDATES

Check indparty.com for our 28 candidates for federal, state, and local offices.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas and account for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and the \$57 million spent on lobbying in Oregon in 2024 (a typical year).

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment:

- In 2024, we helped confront the Oregon Legislature with 100,000 voter signatures in persuading them to adopt their first political campaign contribution limits ever. But getting those limits and disclosure requirements implemented is a never-ending battle with the big money politicians.
- We helped achieve campaign finance reform in Multnomah County (2016) and Portland (2018) by passing charter amendments limiting campaign contributions to \$500 each and requiring that political ads prominently name their 5 largest funders.

OREGON BALLOT MEASURES:

There are zero Oregon initiatives on the ballot this year. Establishment politicians have finally succeeded in making the Oregon initiative process too difficult and costly. They want complete power for themselves.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party of Oregon

The Libertarian Party of Oregon is the only political party that consistently defends individual liberty, limited government, free markets, and the right of every Oregonian to live free from unnecessary coercion.

We challenge the idea that government knows better than you how to **run your life, spend your money, or protect your rights**. While the two major parties expand the size and power of the state, Libertarians work to reduce it.

Your Rights Come First

We defend the Second Amendment as a fundamental individual right. Law-abiding Oregonians should not be disarmed by politicians who fail to address violent crime. Gun ownership is part of a free society, and we will continue to oppose new restrictions that punish the innocent. We directly oppose any legislative action or measure, including Measure 114 and HB 2572 that impact our second amendment rights.

Taxes and Spending

Oregonians already pay enough. We have actively opposed new and higher taxes, including additional gas taxes that hit working families and rural residents hardest. The **“No Gas Tax Oregon”** effort reflects a simple principle: government should live within its means instead of constantly demanding more. We support real tax relief and ending the cycle of higher spending followed by higher taxes.

Due Process and Property Rights

No one should lose their property without first being convicted of a crime. The Libertarian Party of Oregon helped coordinate a multi-state amicus brief to the U.S. Supreme Court challenging abusive civil asset forfeiture. Government should not seize first and force citizens to prove their innocence later. Due process must come first.

Deregulation and Opportunity

Oregon's thicket of rules and occupational licensing makes it harder to start a business, keep a job, or simply live independently. We support reducing unnecessary regulation so entrepreneurs, workers, and families can thrive without asking permission from distant bureaucracies. Freedom to innovate and compete is the foundation of prosperity.

Restoring Balance

One-party dominance has produced higher costs, more rules, and fewer real choices. Oregon needs genuine competition of ideas. The Libertarian Party of Oregon exists to give voters a clear alternative, **candidates and policies that put individual liberty and limited government first.**

We envision an Oregon where people keep more of what they earn, start businesses without endless permission slips, and live free from unnecessary government interference, a state that **trusts its citizens more than its bureaucracy.**

When you vote Libertarian, you vote for freedom, personal responsibility, and a government that stays within its proper limits.

Join us. Register Libertarian. Vote Libertarian.

Pacific Green Party

Together we stand at the precipice of an unavoidable decision. Do we continue the course laid out by oil executives and techno-fascist oligarchs, or embrace a true alternative to capitalism, seeking not just platitudes of “change” but transformation into a true grassroots community driven fight for our future? The devastating effects of climate change cannot be ignored, as the forests we cherish burn, we *feel* the consequences around us. While the Trump administration guts environmental protections, strips our basic human rights, and wages horrific wars the Democrats paved the way for, the people yearn for liberation, seeking the bare minimum of healthcare, housing, and human rights. There are alternatives, and ours is Eco-socialism.

Are you frustrated with this reality and tired of the two party system that has long held sway over the hearts and minds of Americans? It's time to break away, and wake up from this false sense of freedom based on exploitation. Need inspiration? Within the last two years the Green Party in England has helped break the populace from an electoral system that Conservatives and Labour have held in a stranglehold for nearly a century. **There is still hope.**

The Pacific Green Party is the largest progressive party in both Oregon and the nation. Everyone loves our coastlines and mountain ranges, holds fond memories of their time outside, and hopes to protect that. The Green Party embraces connection with the earth because we understand it unites people. We keep us safe. We need each other. Eco-socialism unapologetically represents these values, with respect to indigenous communities, hand in hand with workers that are exploited in service of the ultra wealthy, fueling the war machine and lining the pockets of both Republican and Democrat donors. We are a quarter million strong and growing nationwide. There are currently more than 150 Greens in elected office – **the Green Party is that alternative.** We need working class solidarity in coalition towards a general strike.

The path forward is simple.

Don't vote for a party that endorses authoritarian actions domestically.

Don't support a party that cozies up to techno-fascist and helps Israel commit genocide.

Vote for a party that condemns authoritarianism, opposes the surveillance state, and vehemently condemns genocide.

Embrace a party that envisions a future where our children live free from oppression.

Organize with the Greens.

Building the **Green Movement**:

- **Grassroots Democracy:** Control decisions affecting our lives locally through ranked choice voting, campaign finance reform, public campaign funding, and nullifying *Citizens United*.
- **Equal Opportunity:** Confront historical and current injustices, for **all** people both citizens and non-citizens through reparations, the abolition of ICE, and supporting LGBTQ + reproductive rights.
- **Ecological Wisdom:** Accept we are part of nature, and nature is a part of us. Promote sustainable stewardship of native flora and fauna.
- **Non-Violence:** Fight imperialism, support mutual nuclear disarmament, demilitarize, yet defend those in danger within our communities.
- **Community-Based Economics:** Organize against capitalism, encourage employee ownership, workplace democracy, a living wage, housing & healthcare for all, public ownership of resources and utilities.
- **Feminism & Gender Equity:** Replace cultural ethics of dominance and control with cooperation, mutual aid, and a new generation of visionaries.
- **Respect for Diversity:** Value cultural, ethnic, racial, sexual, age, and religious diversity across society.
- **Personal Responsibility:** Join with people and organizations around the world to foster peace, economic justice, and planetary health by combating climate change.

Progressive Party

FIGHTING FOR HONEST ELECTIONS, ECONOMIC JUSTICE, HUMAN RIGHTS, ENVIRONMENTAL PROTECTION, GRASSROOTS DEMOCRACY

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), reproductive choice, and \$24 minimum wage.

WE OPPOSE: the domination of elections and governments by big money; the incredible corruption of Trump and his cronies; bloated military spending and absurd foreign wars and attacks; "corporate personhood"; "free trade" deals that let corporations override labor, consumer protection, and environmental policies; and the takeover of media (and resulting censorship) by massive corporate violations of antitrust laws.

OUR CANDIDATES

Chris Henry	U.S. Senate
Justin Filip	U.S. House CD 4
Roy Kaufmann	Oregon House, District 18
Stephanie Terrio	Oregon House, District 26
Tammy Carpenter	Oregon House, District 27
Sharon Meieran	Multnomah County Chair
Sara Duncan	Marion County Commissioner #1
Maria Hinojos Pressey	Marion County Commissioner #2

REAL CAMPAIGN FINANCE REFORM

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the 2018 record and quadruple the 2014 record). Candidates in a single race for the Oregon Senate spent \$5 million, over \$80 per vote.

The Oregon Legislature had never set limits on campaign contributions, until March 2024--when the Democrats/Republicans were forced to adopt limits because the Honest Elections Oregon coalition (including us) had gathered over 100,000 signatures for a stricter campaign finance reform initiative.

But the Democrats and Republicans in the Legislature in 2026 both reneged on the compromise and destroyed the contribution limits and disclosure requirements with loopholes. The League of Women Voters of Oregon said it was "a complete betrayal of the deal made in 2024." Common Cause Oregon said the Legislature acted "in bad faith" and "created loopholes for big money, reducing transparency, and undermining enforcement." See Honest Elections Oregon website. The Oregonian editorialized against it.

WE ARE VERY DIFFERENT FROM THE ESTABLISHMENT PARTIES, WHICH DO NOT SUPPORT ANY OF THESE POLICIES (EVEN WHEN THEY CLAIM THEY DO):

- Real campaign finance reform, particularly in Oregon
- "Improved Medicare for All" comprehensive health care
- End wars against Iran and Gaza
- Slash military spending (now \$1 trillion per year) and reduce our military bases in 80 countries
- Create a State Bank to invest state funds in Oregon projects and jobs, instead of sending Oregon funds to Wall Street and then borrowing it back at enormous fees (over \$1 billion per year) and high interest rates
- Increase minimum wage to living wage (\$24 or more) now
- Tax billionaires more and ordinary workers less; reduce Oregon income tax on families living below or near the poverty level
- Tax emissions that cause climate change; invest in clean wind and solar energy
- Stop government promotion and purchases of cryptocurrencies (Ponzi schemes)
- Strictly regulate toxic air pollution, including diesel emissions and aerial spraying of pesticides
- Enable grass-roots efforts to effectively use the Oregon initiative and referendum
- Ban fossil fuel exports from Pacific Northwest ports and exports of raw logs
- Enlarge the United States Supreme Court to 13 members, with term limits
- Make data centers use wind and solar power and not raise our electric rates
- Stop state promotion of gambling (a hidden, regressive tax)

INVEST IN OREGON

Oregon should devote its \$116 billion of long-term investment funds to public works and jobs for Oregonians, instead of paying over \$1 billion in fees every year to Wall Street and hedge funds to invest in businesses outside Oregon, including oil companies and makers of spyware. Oregon governments also pay Wall Street huge fees and high interest rates to float about \$6 billion of bonds annually.

See our testimony on hundreds of bills at the Oregon Legislature:progparty.org/leg

OREGON BALLOT MEASURES

There are zero Oregon initiatives on the ballot, because the establishment politicians have finally succeeded in making the initiative process too difficult and costly. They want complete power for themselves and no power for the voters.

Oregon Republican Party

DEMOCRATS HAVE FAILED OREGONIANS

Oregon should be one of the most prosperous, safe, and opportunity-filled states in America. Instead, too many Oregonians are struggling—and **it doesn't have to be this way.**

After years of Democrat-party control, the results are clear. **Oregon now ranks among the worst in the nation** on several key measures that directly impact families and communities.

Oregon ranks as the **5th least affordable state**. Oregon also has one of the nation's **highest individual income tax rates**, and its **corporate tax system ranks among the least competitive** in the country. Oregon remains **below the national average in job recovery**. These policies make it harder for families to get ahead and businesses are fleeing Oregon.

Oregon ranks among the **worst states in the nation for homelessness**, including ranking **first for unsheltered homelessness among families with children**. Oregon also ranks **near the top nationally for drug use and addiction**, and its **property crime rate remains well above the national average**.

Oregon ranks **7th worst for the cost of doing business and business friendliness**, while CNBC now ranks Oregon **42nd overall for business—down from 17th in 2017**. Population growth, employment growth, and GDP growth all continue to **trail national averages**. Additionally, Oregon is the **7th most heavily regulated state**, increasing costs for businesses and families while discouraging investment, job creation, and economic growth.

Meanwhile, our **education** system ranks among the **worst in the nation**. Oregon's public education system has fallen from a national leader to **one of the country's poorest performers**. Student achievement in math and reading now ranks among the **lowest in the nation**. Chronic absenteeism remains among the **nation's highest**, and the state **ranks near the bottom in instructional time**, leaving students with fewer opportunities to learn. And yet **Oregon spends more than the national average on K–12 education, but its academic outcomes lag many states that spend the same or less**.

These outcomes are not inevitable. They are the result of policy choices - **and it's time for a new direction.**

Oregon Democrats will claim this is all "Trump's fault." But the reality is Oregon's decline was in place **well before** Trump's term.

The blame falls **solely** on Oregon Democrat leaders who have held the majority in Oregon for **too long**.

The Oregon Republican Party believes in restoring **common-sense leadership and accountability**. Government should serve the people, not control them. We support **lowering the cost of living** through tax relief, responsible spending, and regulatory reform that allows **individuals, families, and businesses to thrive**.

We believe in **economic opportunity and job growth**. Oregon's workers, farmers, and small businesses are among the best in the nation, but they are being held back by burdensome taxes and regulations. We support a thriving, free-market economy where innovation is encouraged, jobs are created, and **people can keep more of what they earn**.

We believe in **strong schools and empowered families**. Our goal is to restore **excellence** in education and ensure every child has the opportunity to succeed.

We believe **public safety must be a priority**. Every Oregonian deserves to feel safe in their home and community. We need to address crime, addiction, and homelessness with policies that **deliver real results, not continued decline**.

We believe in **secure elections**, so Oregonians can have confidence in the systems that serve them.

We believe in **responsible stewardship of Oregon's natural resources**, balancing environmental protection with economic vitality and local control.

The truth is simple: Oregon is falling behind while other states are moving forward.

It doesn't have to be this way.

With better leadership, practical solutions, and a renewed focus on the needs of everyday Oregonians, **we can turn things around**. We can make our communities safer, our economy stronger, and our future brighter.

Oregon Republicans are committed to that path forward.

We invite you to join us in building a better Oregon. **It's time for Oregonians to thrive again. VOTE REPUBLICAN.**

Working For You! Serving Oregon First!

As a third-generation resident and small businessman from Southwest Oregon, David has spent his life serving his community and standing up for the people who live and work here. Our beloved Oregon is in peril, and as he continues to help lead the efforts for real solutions for our working families, their communities and the businesses that support them, more can and will be done. He's fought for you in the Oregon State Capitol in Salem, and he will continue to put you first in the U.S. Capitol in Washington.

- **Making Oregon Affordable:** We need common-sense solutions that incentivize job growth in our communities, supporting local small businesses. David fought Kotek's-Gas-Tax, stopped new tax-hikes, and continues his work on eliminating fraud, while reducing unnecessary government spending.
- **Ending the Homelessness Crisis:** We need drug and mental health treatment that works! David has and will continue to fight for treatment and accountability, and bring an end to permanent street camping. We need strong elected leaders who will represent the homeowners, businesses and residents across Oregon.
- **Preventing Data Centers from Driving Up Costs:** David is concerned data centers strain Oregon's water, farmland, energy costs, and communities. Economic development must help residents, not burden families. David will ensure data centers are accountable, protect natural resources, and prevent their costs from being shifted onto Oregon households.

Jeff is the son of a union mechanic, attended public schools, was the first in his family to go to college, and lives in the same blue-collar neighborhood he grew up in.

Jeff's vision: "Families thrive, and the rich pay their fair share."

But the mega wealthy are making that vision harder to achieve. The people have the ballot box, but billionaires have lawyers and lobbyists, media campaigns, and unlimited secret campaign donations. And they have Trump, who is building a strong-man state with the mission of "families lose, billionaires win."

There has never been a more important moment to fight back.

End Trump's strongman state: No more ICE agents operating as secret police; no operations at schools or warrantless home raids. Full accountability for every civil rights violation.

End political corruption: No more stock trading; no more exchanging government favors for investments in Trump's companies. The Supreme Court needs reform and a binding code of ethics.

Save our elections: Stop gerrymandering. Require paper ballots. End secret campaign funding. Expand vote-by-mail. Block Trump's election rigging.

Strengthen the foundations for families to thrive: Housing. Health care. Education. Good-paying jobs! Stop drug companies from price gouging. Ban hedge funds from buying single-family homes. Create affordable daycare and debt-free opportunities for trade school and college.

Meet the climate chaos challenge: Rapidly transition from dirty, expensive fossils to cheaper, cleaner, renewables.

Create opportunity across Oregon: Jeff holds a town hall in every county, every year and champions every corner of Oregon: rural broadband; clean water; and investments in mental health, schools, ports, transportation, agriculture, and mills.

Endorsements: Oregon State Fire Fighters Council; OR Labor Federation, AFL-CIO; Planned Parenthood Action Fund; Oregon League of Conservation Voters; and others.

I support working people, publicly-funded education from pre-K to trade guilds and higher education, strong workplace safety, real campaign finance reform, and protecting the environment and climate.

CUT MASSIVE U.\$ MILITARY

End Pointless Wars. U.S. military has 128 foreign bases in 51 countries and operations in 29 more, consuming 50% of federal discretionary spending, including over 90,000 troops in Japan and Germany alone. National debt is \$40 trillion.

HIGHER WAGES, BETTER WORKING CONDITIONS, LOWER PRICES

Stop ludicrous tariffs and "free trade" deals that let corporations override labor, consumer and environmental protections. Triple the \$7.25/hour minimum wage, same since 2009. Tax oil company excess profits due to the Iran war. Enforce antitrust laws to reduce prices. Convert essential infrastructure from giant corporations into democratically-accountable public utilities.

MEDICARE FOR ALL

All other 37 industrialized economies have universal healthcare. Even with the most expensive healthcare system in the world, over 30 million Americans have no health insurance.

END AMAZING TAX BREAKS FOR BILLIONAIRES

40% of the benefit of the latest Trump tax breaks go to the top 1% of households, not to mention the massive tax exemptions for cryptocurrency and other scams.

PREPARE FOR THE CASCADIA MEGA-QUAKE

Create a federal "**Shaky Day Fund**" to prepare Oregon for the inevitable Cascadia Subduction Zone mega-earthquake and other catastrophic disruptions. Increase local wind and solar energy.

END DARK MONEY IN POLITICS!

Jeff Merkley's campaign has spent \$1.9 million, with \$6.8 million in the bank. Donors include corporate lawyers/lobbyists, financiers, operators of hedge funds and gambling, and \$1 million from out-of-state donors. See OpenSecrets.org. No special interests are funding my campaign.

US Representative, 1st District

Barbara J Kahl

Republican

Occupation: Veterinarian

Occupational Background: 40 year career Business/Medicine

Educational Background: OSU Doctorate

Prior Governmental Experience: Written legislation and testimony

My family has been in NW Oregon over a century; this is my home. We have a choice: continue Oregon's status quo, or bring in new ideas for real growth. There are no sides to livability.

I have served NW families as a veterinarian, business owner, mom, and military family ombudsman, not as a career politician. My experience: two decades in corporate accounting, finance, purchasing, and high-tech administration, two decades in veterinary medicine, from delivering foals at 2 a.m. to supporting 4-H kids and working overseas. I was appointed by the OR Dept. of Agriculture as a public member of its CAFO Advisory Committee, bringing a veterinarian's voice to how we regulate our farms and ranches. I've testified before the Legislature for a better Oregon.

Common sense has been missing too long in Washington DC. Families face skyrocketing costs, kids' education is failing, and businesses, from tech startups to fishing fleets, struggle to survive. It's time for people first.

Education: Restore top standards in reading, math, STEM, civics, and the trades so every child has a future.

Economy/Affordability: Cut redundant federal regulations and taxes, revive our timber, tech, agriculture, and maritime industries, and restore attainable housing.

Fiduciary Accountability: Track taxpayer dollars, no more blank checks for NGOs or special interests.

I'm running for families balancing rising costs, farmers growing for our communities, fishermen working our coast, parents demanding safe schools, and every neighbor who wants to thrive here.

This election is personal. It's about leaving our children real opportunity instead of decline. I have spent my life in service to our community. Now I ask for the honor of carrying that commitment to Congress on your behalf.

Neighbors, the time for change is now. I humbly ask for your vote on November 3, 2026. Let's restore common sense and rebuild livability in Oregon.

Occupation: U.S. Representative

Occupational Background: Consumer Protection Attorney, Mom

Educational Background: Lane Community College, AS; University of Oregon, BA, JD

Prior Governmental Experience: Oregon State Legislator; Federal Trade Commission

Suzanne Bonamici Strong Leadership, Oregon Values

Suzanne worked her way through community college, university, and law school, so she knows what it's like to struggle to make ends meet. She worked at Legal Aid and as a consumer protection attorney. Volunteering in public schools inspired her to run for office; now she is fighting every day for a better future.

Defending Oregon Values:

- We face serious challenges as the authoritarian Trump administration attacks democracy, marginalized communities, and constitutional rights. Suzanne will never stop fighting for you.
- ICE is terrorizing communities. Suzanne is leading legislation to end the abuse and is working to pass humane immigration reform.
- Suzanne advocates for peace and opposes Trump's immoral war and military budget.
- We must restore trust and accountability in government by banning Congressional stock trading and passing campaign finance reform.
- Data centers shouldn't be able to raise costs or exploit Oregon's natural resources for profit. Suzanne will keep fighting for clean, renewable energy.

Fighting for a Better Future:

- We need an economy that works for everyone, but too many Oregonians are struggling while Trump and his family profit and big corporations and billionaires get tax breaks. Suzanne is working to raise wages and help Oregonians afford housing, groceries, prescriptions, and more.
- Our health care system is too expensive and complicated. Suzanne supports lowering skyrocketing premiums, Medicare for All, and access to contraception and abortion care.
- Education is a good investment. Suzanne is a champion for affordable child care, well-rounded public education, registered apprenticeships, and debt-free higher education.
- Food stamps helped Suzanne get through college; now she's fighting Trump's cuts to SNAP and Medicaid.

Independent

Occupation: U.S. Congresswoman

Occupational Background:

Advocate

Educational Background:

University of California, Berkeley, BA

Prior Governmental Experience: Oregon State Representative, Oregon Complete Count Committee, PEBB Member, Oregon Commission on Hispanic Affairs

As the daughter of a Mexican immigrant whose father worked in the fields before serving in the military, Andrea knows that change can happen in a generation through hard work. Her family's story is the American dream. She is running for Congress to defend that opportunity for future generations by:

Addressing the affordability crisis – From health care to housing, groceries to child care, Andrea knows too many Oregonians are struggling with expenses. Instead of giving tax breaks to billionaires, she fought to secure federal funding for housing projects, passed the Housing for the 21st Century Act, prioritized our public infrastructure over corporate-owned data centers, and fought for tax relief to middle-class families.

Fixing our health care system – Affordable, high-quality health care continues to be out of reach for many, and that is unacceptable. Andrea is fighting to cap the cost of prescription drugs, strengthen price transparency at hospitals, and improve accessibility for our rural communities. Andrea is also a leading advocate in Congress for improving access to mental and behavioral health services, especially for our firefighters and first responders.

Defending our democracy and the rule of law - The paramount responsibility of members of Congress is to defend American rights and freedoms. She is committed to protecting free speech and voting rights, fighting executive abuses of power, and protecting our communities from ICE's violent overreach.

Fighting for reproductive freedom and LGBTQ+ rights - Andrea will always fight to protect abortion access and LGBTQ+ rights. She helped pass the nation's strongest reproductive rights law in Oregon and sponsored legislation in Congress to protect the LGBTQ+ community from discrimination.

Oregon deserves representation that works for the people, not the system.

Our government has continuously grown more powerful while families, businesses, and rural communities have been pushed aside. Regulations pile up, costs rise, and unelected bureaucrats make decisions that impact Oregon lives. That is not representative government.

My highest priorities are **God, the Constitution, and You.**

Nearly every issue Oregon faces today can be traced back to a government that has drifted away from moral responsibility, constitutional limits, and accountability to the people.

As a **business owner and Mayor**, I have balanced budgets, cut red tape, and stood up to bureaucracy. I have lived the consequences of government overreach and the damage it causes to employers, farmers, loggers, ranchers, and working families. I will fight to return power where it belongs: **with the people.**

Oregon's economy has been weakened by policies that treat production, land management, and resource industries as problems instead of strengths. I support **domestic manufacturing, responsible forest and agricultural management, fair markets, reliable infrastructure, and affordable energy.** These things should be controlled locally, not by Washington, DC.

Congress has surrendered too much authority to bureaucracies that operate outside of Constitutional law. I will work to end back-door rulemaking and rein in agencies that impose policies without voter consent or legislative approval.

I believe in **protecting life, strengthening families, parental control of education, supporting veterans, and defending individual freedom.** These are not extreme ideas. They are the foundation of a free and stable society.

If you believe **rural Oregon matters**, families should be able to pass their assets to the next generation, and that government should serve the people, not control them, **I ask for your vote.** Together, we will restore accountability, prosperity, and real leadership to Oregon and the USA.

The Protest Vote

Protest

Vote

To Independents, third-party and unaffiliated. It's you that will make or break this race. It's you that will challenge the status quo. Whoever you vote for will win. It's that simple. You are the majority.

To the young and disillusioned. To those that have watched protest after protest fail to deliver results. To the ones who have had their futures taken from them and told to work harder. Protest here. Protest now. If you believe voting is pointless let us see.

To the vulnerable. I may not be the arbiter of your cause, but you are the core of society. You are the metric that we must be judged by. I believe that society must protect its most vulnerable as a default function not as an option.

This is my pledge to you.

- Corruption, negligence and accountability. A full audit of our systems and tax code by independent contractors. We cannot move forward until we establish trust and we cannot establish trust without accountability
- Prosecution of any and all persons found to be at fault for any corrupt, negligent or treasonous actions against the people of Oregon
- Healthcare for all. We have the money
- No unconstitutional surveillance
- A permanent moratorium on data centers
- A constitutional amendment to state no Oregonian will be drafted into a war not sanctioned by Congress
- Defend the guard
- Bolster the Oregon Civil Defense Force
- Subsidies for local businesses and ranchers. Not corporations

Oregon can be a catalyst for change.

Or we can continue down the path of the lesser of two evils.

I have done what is in my power to do and when the question gets asked.

"What did you do?" I can answer honestly. "Everything I could"

Fighting for Us. Always.

Tina Kotek has never been satisfied with the status quo. She started her career at Oregon Food Bank because she believes no one should go hungry. Tina has raised the minimum wage, passed paid family leave, and expanded health insurance coverage.

Defending Oregon.

Oregon faces tough challenges, made even harder by President Trump's agenda. Tina hasn't backed down.

When President Trump tried to starve Americans during the shut-down, Tina declared a food emergency, went to court, and reinstated food assistance for Oregon families.

When President Trump wanted to militarize Portland, Tina blocked his unlawful attempt to deploy the National Guard on our streets.

And while Christine Drazan sponsored bills to take away abortion rights, threaten to jail abortion providers, and stop vote-by-mail, Tina's focused on protecting our basic rights.

We still have things to do. Tina will keep pushing forward.

Tina supports moratoriums on new data centers and signed landmark legislation that protects us from having their massive energy costs show up on our utility bills.

Tina's fighting back against the rising cost of housing which is why she's cutting red tape to build more affordable homes and helped Oregon outpace the nation in new housing production.

Tina is fighting for more learning time - not shorter school years. She got cellphones out of classrooms, made record investments in reading, and is charting a path to statewide universal preschool.

Tina declared a housing emergency, increased shelter and treatment beds, she will continue the fight to reduce homelessness.

OREGONIANS DESERVE LEADERSHIP THAT PUTS THEM FIRST

"I am an Oregonian, and my life is an Oregon story. I grew up in a family that faced hard times because politicians in Salem and Washington, D.C. did nothing while jobs disappeared. I'm running for governor to fight for families like mine and yours—to make life more affordable and deliver results. Our problems are not partisan problems; they are leadership problems. Oregon can live up to the promise of a brighter future."

—Christine Drazan

DELIVERING ACCOUNTABILITY AND RESULTS

Christine Drazan will make government work for the people of Oregon so our state is a place where families can afford to put down roots, find a good-paying job, receive a world-class education and feel safe in their neighborhoods. Christine has a record of delivering bipartisan results and fighting for commonsense solutions that make life more affordable and safer and expand opportunity for Oregon families.

THE DRAZAN PLAN

Oregonians deserve better. As governor, Christine Drazan will put families and communities at the center of every decision in her administration. On day one, Christine will order state agencies to repeal rules, fees and mandates driving up the cost of housing, energy, food, transportation, childcare and healthcare. The Drazan Plan will:

- **Lower the cost of living**
- **Bring back jobs and businesses**
- **Break the cycle of homelessness and addiction**
- **Make it faster, simpler and less expensive to build homes**
- **Restore graduation requirements and fix our schools**
- **Audit spending and deliver results**

Occupational Background: High School French/Spanish Teacher
Educational Background: Pacific University, MAT; University of

Oregon, BA; Tigard High

Prior Governmental Experience: State Representative (2019-2025), State Senator (2025-current)

As your State Senator, I'm pushing back against federal overreach and policies that benefit only the ultra-wealthy. I'm standing up for a fair economy, strong democracy, and clean energy solutions. I have successfully fought for consumer protections, immigrant and family justice, housing, and ratepayer affordability. As an educator and parent, I'm dedicated to improving our education system, preventing gun violence, protecting our natural resources for future generations, and ensuring healthcare for all.

Access to care and services is essential to well-being.

I will keep fighting for what Oregonians need to stay safe, healthy, and thrive, including:

- Comprehensive reproductive healthcare
- Affordable, high-quality childcare
- Disability services and caregiving workforce supports
- Tenant protections and food assistance
- Addiction treatment and recovery pathways

Preparing students for the jobs of tomorrow requires investment in strong schools.

I am committed to fully funding our education system and prioritizing:

- Special education funding and staffing
- Safe buildings for teaching and learning
- Reasonable class size and caseloads for educators
- Affordable higher education opportunities
- Apprenticeships leading to family-wage jobs

Everyone deserves a safe and affordable place to call home.

I am listening to our communities, looking to Oregon's future, and delivering results for our district. My work has brought investments to the Sherwood Pedestrian Bridge, I-5 Bridge planning in Wilsonville, local broadband, sewer lines to support housing infrastructure needs, and more.

Occupation: Retired Business Owner, Electric Utility Industry
Occupational Background: Co-Founder, Stephens, McCarthy & Lancaster LLC, manufacturers' representative firm serving electric

Educational Background: Engineering Studies, Somerset Institution of Technology (Somerset, NJ); Business Administration Studies, Centenary University (Hackettstown, NJ).

Prior Governmental Experience: Precinct Committeeperson; County Special Committee Chair; State Party Delegate.

I love this district and state. Anna and I built our life here and proudly call Wilsonville home. From Tigard and King City to Sherwood and the vineyards of Yamhill County, I know this district. For over forty years I worked in the electric utility industry, co-founding a company serving utilities across the state, nation, and overseas. I know how to fix systems that aren't working.

My opponent's record:

Higher Costs: Courtney voted for HB 3991, which included a six-cent gas tax increase and higher registration and title fees. Oregon voters rejected those increases by more than four to one. Salem is already discussing another transportation funding package for 2027.

Failing Schools: Courtney carried SB 744, which suspended Oregon's requirement that students demonstrate proficiency in reading, writing, and math to graduate. Whatever Salem calls it, removing a proficiency requirement lowers the standard.

Soft on Crime: Courtney voted for SB 48, which eliminated certain mandatory minimum bail requirements and expanded Oregon's pretrial-release system. Washington County's district attorney warned the changes made our community less safe, and repeated-release cases have been documented.

Oregon's decline is a choice, not destiny. Decades of one-party dominance brought us here.

It's time to Fix What's Broken.

As your Senator, I'll stop the next tax increase and protect your kicker refund. I'll put reading, writing, and math back at the center of your child's education. I'll strengthen pretrial-release laws and make sure violent criminals are held accountable. I've spent forty years fixing what wasn't working, and I'm not stopping now.

I'm Glenn Lancaster, and I'm humbly asking for your vote.

I cannot abide what has happened to Oregon. I am done sitting on my hands as people with a far different view of what our society should look like are elevated by default to positions of authority. Oregon's controlling Democrat Party is far out of touch with the good people of this state. We must replace their madness with some common sense.

My legislative goals:

- Restore High Academic Standards
- Reduce Government Regulation
- Restore Respect for the Rule of Law
- Eliminate Assessment-based Property Tax
- Uphold the US and Oregon Constitutions

That voters will know who I am, the principles I support and the ideas I oppose, I offer this brief list:

- I support TERM LIMITS for National and State elected office;
- I support Nationalized Health INSURANCE, extending our current Medicare to cover ALL citizens.
- I support personal accountability and oppose abortion.
- I support parent's rights. Parents have the responsibility to raise their children to be good citizens, therefore have the RIGHT to do so without government interference.
- I support traditional family values so I oppose DEI in its current embodiment. Our National and State constitutions guarantee equality, as do our state and federal statutes. Regulations, enacted by unelected and unaccountable bureaucrats pushing for special rights and privileges for the few, only serve to subvert our march to a truly egalitarian society.
- I oppose lowering the voting age. I would support efforts to repeal the 26th Amendment to the US Constitution.
- I oppose Vote-By-Mail (VBM). A system that can be corrupted, will be. There are too many ways to implement fraud under VBM. Voting in person at the polls after showing valid picture ID will restore confidence in our elections.

Protecting Our Rural Northwest Oregon Way of Life

Portland Politicians always seem to find another way to threaten our values. They neglect our schools, close our mills, come after our wallets, and conform us to *their* priorities.

I live the rural way of life every day on our sixth generation family farm, where my husband Derek and I are raising our three kids. For almost 20 years, I've worked with students of all ages in this community.

Standing up to Portland Politicians is not new to me.

When I first ran for County Commissioner, I took on a far-left Portland politician. We face the same choice in this election.

I've followed through on my promises to back law enforcement, end the childcare desert working families faced, and stop Tina Kotek's \$4.3 billion gas tax. While the politicians in Salem have pushed regulations that kill jobs and slow housing development, I've continued to fight back and be your voice.

I'll never stop protecting what matters.

Rachel grew up helping her single mom raise her three siblings. She understands the struggles rural working families like ours face, and she's tired of Salem politicians who talk a big game but don't deliver. Rachel is ready to roll up her sleeves and get to work.

Mike Brosius, Clatsop County Commissioner-Elect

Erin Skaar, Tillamook County Commissioner

STOP THE SQUEEZE ON RURAL WORKING FAMILIES!

Rachel is running to hold Salem accountable. She will:

- Fight back against nickel-and-dime policies that raise costs for rural working families
- Create good-paying jobs and make sure our small businesses thrive
- **ALWAYS** defend our God-given rights to hunt, farm, and fish!

"I trust Rachel to defend our rural values. As State Senator, she **championed the Private Forest Accord** so people in timber and logging jobs are still going to work today." — *Paul Langner, Rainier City Councilor*

- Expanded healthcare for rural veterans
- Protected our rural pharmacies from harmful corporate taxes
- Funded food banks and senior meal programs

Occupation: Client Care Surveyor

Occupational Background: Ten years of public service

Educational Background: Associate degrees in Criminal Justice and Paralegal Studies;

Prior Governmental Experience: Ten years of public service

After a decade in public service, I've learned that real work doesn't happen under bright lights or behind a podium. It happens in the places where the problems are real.

As an Independent Party candidate, I believe District 16 has an opportunity to show Oregon what independent leadership looks like: practical, local, and not owned by the usual political playbook. Independent voters make up a huge part of this district, and your voice matters. When you vote Independent, you're choosing representation that isn't tied to party pressure or donor expectations.

I am not seeking endorsements, and I am not accepting money from groups who expect a vote in return. That doesn't mean I lack support — it means I'm not indebted to anyone but the people who elect me. Independence gives me the freedom to listen, think, and vote based on what actually helps this district.

We need practical work on the issues people talk about at the grocery store, at work, and on the drive home: safer travel, roads that need more than another temporary patch, housing that people can actually afford, stronger emergency services, and infrastructure that helps small businesses grow instead of making them wait in line forever.

District 16 includes coastal communities, farms, small towns, working families, and local businesses. Representation should belong to the people who live here — not to whoever has the loudest megaphone or the deepest pockets.

I am committed to working with anyone, from any party or background, when it helps the people of this district. I'm not running to be another slogan in Salem. I'm running to show up, listen, do the work, and make state government useful for District 16.

Prior Governmental Experience: State Senator, Lake Oswego School Board**Our State, Our Future**

Having grown up in Oregon and raised my four kids here, our state's future is personal for me. As your State Senator, I prioritize things that are most important to our community and state: education, jobs and workforce training, environment and parks, health care, public safety, housing, and quality of life.

As Senate President, I work hard for Oregonians in every corner of our state. That includes helping lead the statewide response to budget cuts and chaos from Washington, DC.

Environment and Parks

As we fight climate change, we must protect our clean air, land, and water; build resilience amidst wildfires and heat waves; and defend our natural places. I've visited 100+ Oregon state parks; the beauty of our state never fails to amaze me. And I led the fight to open Willamette Falls for generations to come.

Access to Health Care

As Trump slashes access to doctors and medicine, we must protect health care for Oregonians, including seniors, low-income families, and children; and ensure that Planned Parenthood provides preventive and reproductive health care, including legal abortion and screening services.

Investing in Oregon

We must invest in Oregon: education, infrastructure, public safety, jobs, and economic development; and make sure those investments achieve their goals of helping Oregonians build a better life.

As a mother who adopted children from foster care, protecting kids and strengthening families is personal. I've worked to combat human trafficking, support survivors, mentor women in prison, and serve foster youth. I understand how decisions made in Salem reach real kitchens, classrooms, and neighborhoods across our communities. Yet under the current Senate leadership, public safety has declined, taxes and the cost of living have soared, and families and businesses are leaving the state.

As your next State Senator, I will prioritize:

- **Public safety:** putting victims first, supporting law enforcement, and holding repeat offenders accountable.
- **Fiscal responsibility:** reining in wasteful spending, demanding transparency, and delivering meaningful tax relief so working families can keep more of what they earn.
- **Education:** focusing on strong academics, curriculum transparency, parental involvement, and real opportunity for every student.
- **Economic growth:** making Oregon a place where small businesses thrive so the cost of living no longer pushes families out.

I believe government should serve people, not the other way around. Leadership that listens, acts with integrity, and puts community first can restore balance and hope.

I'm ready to bring servant leadership to the State Senate. Together we can build a safer, stronger, more affordable Oregon for the next generation.

We ALL know how we successfully stopped the Gas Tax. That effort clearly pointed out how little that our government is listening to the People of our State. Not listening is what mail in balloting is all about. The only way to get our government to listen to American Citizens again is in-person voting with photo ID. I support mailing out the ballots: We must go to the polls to deliver and sign for your vote.

Toll roads are the next example of NOT listening to the People because tolls are only necessary to fund government, not our roads.

Our government has also found ways to "deficit-spend" with fees, taxes, and regulations on all new construction of housing. New construction is forced to borrow money to pay the State only to have the buyer pay for many years to increase the size of government.

It is hard to believe that increasing the size of government is a reward to our current elected leadership. I grew up believing that Representing the People was a responsibility, not a career.

A vote for Bob Niemeyer is a vote to return to responsible leadership. It will be a long road back to the prosperity Oregon had 40 years ago. That road back begins with honest voting and our government listening to the People.

Vote for Bob Niemeyer, District 25 House of Representatives.

I was born and raised in Oregon, and learned the value of hard work and personal responsibility. I worked multiple jobs to support my family and worked my way up from receptionist to Vice President/ Co-Owner of a successful business. As a mom, I understand the challenges Oregon families face because I live them every day. When I saw the direction our state was heading, I decided it was time to be part of the solution.

Cost of Living & Small Business

Oregon families are struggling with rising costs, and small businesses are burdened by excessive regulations. I will fight to lower costs, reduce red tape, and help businesses create jobs so families can get ahead.

Education & Workforce Development

Every student deserves an education that prepares them for success. I support strengthening academic achievement, supporting teachers, and expanding career/technical education so students are prepared for college, careers, or the trades.

Government Accountability

Taxpayers deserve transparency and results. I will advocate for responsible budgeting, audits of underperforming programs, and greater oversight to ensure government is accountable for how it spends taxpayer dollars.

Transportation

We need safer roads, reliable infrastructure, and practical transportation solutions that deliver results. I was glad to see Governor Kotek's costly transportation tax referendum defeated, which Sue Rieke Smith voted for, because Oregon families are already paying enough. I will work to ensure transportation dollars are spent efficiently on essential infrastructure.

With common sense, accountability, and a focus on working families, we can build a better future for our communities. Let's get to work.

Oregon's working class must feel represented.

I'm running for House District 26 because we the people deserve legislators who do more than listen. My generation is watching as dark money influences our public servants to write legislation that benefits corporations over citizens, treating the planet we'll inherit as an afterthought. Americans are taxed to fund a system that doesn't work for us. We are overworked, and burdened by rising costs and stagnant wages. With no availability for us to discuss our concerns, many succumb to the rat-race feeling of "clock in, go home, repeat." This is not the future Americans want. Our home is not a playground for the wealthy to build on. We are stewards of this earth and our public servants must act as such.

Rent and mortgage costs have outpaced wages for years. The Faircloth Amendment passed two decades ago, freezing public housing. Meanwhile individual homes are bought by corporations and conglomerates. The same neglect has affected our veterans. Across Oregon, U.S. veterans struggle to reach the housing and care promised to them for their service. Without our intervention, the consolidation of housing, healthcare, and media will continue to harm us all. We must de-monopolize.

I treat everyone with dignity, grace, and understanding. My work in veterinary medicine, customer care, volunteering, and automotive tech has fueled my passion for communication and service. I'll champion real campaign finance reform to eliminate dark money in politics. Change starts with showing up and talking. It's time the working class gets real representation through bold public servants who call out corruption consistently, and deliver the solutions we were promised.

I'd be honored to earn your vote.

Sue knows that families are struggling and is fighting to **bring down the cost of living on everything from health care to housing and make sure jobs pay a family wage.**

- **Building an Economy That Works:** Dr. Sue stood up to Trump's tax loopholes for the ultra wealthy and **cut taxes for over 200,000 working families** by making big corporations pay their fair share. She's fighting for quality jobs, thriving local businesses, and for prosperity that reaches all of us.

Tax the Rich, Invest in People

Friends, we did something incredible this spring. Our campaign knocked on over 37,000 doors in House District 27. It is clear - people in Oregon, and across the country, are demanding that their elected leaders do more to help the working class, NOT the billionaire class.

I am running for the Oregon State Legislature to stop Trump's authoritarian regime and put working families **FIRST**. Join me in the fight for **PEOPLE** over profit and:

- Tax the rich and corporations to fund public services
- Guarantee universal healthcare for all Oregonians
- Fund high-quality education and make college free
- Expand public transportation
- Freeze rent and build renter power
- Pass a Green New Deal for Oregon
- Put a moratorium on data centers
- Abolish ICE and make Oregon safe for immigrants
- Divest Oregon from war and genocide

My campaign is powered by a movement of parents, students, seniors, immigrant families, community organizations, and union members. We know that the status quo is not working for us and we believe that every human being deserves to live with dignity.

When I moved to Oregon nearly 30 years ago, this was a place where the future felt bright—for families, for small businesses, and for people willing to work hard and build something.

I still believe in that Oregon. But today, too many families are struggling with rising costs, businesses face growing regulation, schools are not producing the results our children deserve, and too many communities are dealing with crime, addiction, and homelessness.

This is not the time for government to demand more from taxpayers.

It is time for government to demand more from itself.

The Democratic Socialists of America advocate higher marginal income-tax rates, changes to Oregon's kicker, and increased taxes on large corporations. I reject that approach. Oregon should first spend tax dollars wisely, control costs, reduce waste, and make government accountable for results before asking families and employers for more.

As a veterinarian, small-business owner, veteran, and longtime Oregonian, I have spent my career solving problems, managing budgets, and serving others. I will bring that practical experience to Salem.

- I want small businesses to succeed, responsible development to create opportunity, and good-paying jobs to grow here.
- I will work for better school outcomes by supporting students, teachers, academic basics, and career readiness. **More spending without accountability is not enough.**
- I will support law enforcement, behavioral-health resources, and practical solutions to homelessness and addiction that restore safety and compassion to our communities.

My approach is independent and Oregon-focused. I believe good ideas can come from anyone. I will work with people who want results, fiscal discipline, and stronger communities.

Government can work better without simply becoming bigger and more expensive. Oregon has strength and potential.

I will work hard every day to help Oregon move forward.

Working Together to Build a Better Oregon

As a **firefighter**, I've dedicated my life to serving our community and tackling tough challenges.

As a **mom and neighbor**, I see the challenges Oregonians are facing as costs rise on everything from childcare to groceries.

As your State Representative, I fight every day to level the playing field so every Oregonian has a fair shot.

We have accomplished a lot together:

- **Record infrastructure, housing, and economic development investments right here in our district.**
- **Fighting back against utility price increases by ensuring data centers pay their fair share.**
- **Gun violence prevention and protecting reproductive rights.**
- **Transformative climate policy and improved first responder capacity.**
- **Standing up for the dignity of labor, building a better future for working families.**

...AND there's much more work to do:

- Climate change is here. I'll continue fighting for innovative legislation to **keep Oregonians safe and communities resilient.**
- Struggling Oregonians deserve generational stability, **and safe, affordable places to call home.**
- I'm **fighting for the neighborhood schools** our kids deserve, ensuring needed funding and accountability to deliver results.
- **A fair economy** is essential for our prosperity. Innovation in workforce development and small business supports ensure **a level playing field for all.**
- As federal policies raise the costs on our gas, health care and groceries, I'm determined to **make Oregon more affordable** by putting money back in the pockets of working families.
- **Corporations and the ultra-wealthy must pay their fair share. No more tax breaks that don't benefit working Oregonians.**

With bravery, determination-- and clear-eyed accountability-- let's redefine what's possible for Oregon.

Oregon can be a place our children and grandchildren can afford to stay.

Government overreach, tax increases, and new fees are outpacing what SW Portland families earn. Statewide, 72% of voters now say they pay too much in taxes for what they get back. Despite record spending on education, our kids test near the bottom of national rankings. Billions spent fighting homelessness have coincided with more people on the street, not fewer.

Policy must support working families.

Education: Prune bloated administrative growth and free good teachers from one-size-fits-all mandates from Salem. Set high standards for graduation, and students will rise to meet them.

Safer Streets: Handing out tents and cash-loaded cards to addicts hasn't worked - most Oregonians now say decriminalizing hard drugs made things worse. Sobriety centers and detox should be required, not optional, for those cycling through our streets. Portland's police and OHP were among the best-trained in the nation. They deserve real community support and adequate funding.

Stronger Economy: Salem keeps adding taxes, fees, and regulations and good employers keep continuing quietly to leave for states that want their jobs. Oregon can downsize its government at the ballot box, or watch family out-migration and a shrinking private sector do it for us.

We can fix what we broke: Building software helped me learn to work with complexity. While working in rural emergency rooms, actions had to be taken even when preferred resources weren't available. I believe our children and our businesses would prefer to stay, and I believe what is broken can be fixed with resources at hand.

Government should work as well as the people it serves.

As a Councilor, I see firsthand where state policy impacts people's lives—and where implementation, funding, and local realities do not align.

Good intentions are not enough. Before passing another mandate, we should understand its cost to implement, fund it responsibly, work with the people closest to the work, and ensure it actually improves people's lives—urging legislative accountability.

I'm running for State Representative to bring an implementation-focused approach to Salem:

- Strong schools with stable funding
- Lower costs for working families
- Housing people can afford
- Safe and inclusive communities
- Support for local businesses
- Accessible transportation
- Resilient infrastructure
- Responsible use of taxpayer dollars

My time in office will reflect the same independent and determined leadership demonstrated as a city councilor, business owner, and community leader—focused on maximizing outcomes.

My approach to effective governance is to work with people across the political spectrum to make policy work, without surrendering independent judgment or principles.

As a state representative, I am committed to expanding economic opportunities for all Oregonians and protecting our rights.

Affordability: I grew up in poverty and experienced the struggles that many people are enduring. I have championed bills on affordability for consumer loans and utility rates. Now I want to continue this work on affordability for auto / home insurance and retail pricing.

Consumer Protection: I have devoted my career to consumer protection. In 2025, I chief sponsored bills to crackdown on dishonest car dealers, eliminate hidden fees in online sales, and remove medical debt from credit reports. In 2026, I chief sponsored a bill to stop online lenders from charging customers triple-digit interest rates on loans. Now I want to stop crypto scams and hold insurance companies accountable if they treat people unfairly.

Housing: My family has experienced the burden of ever-rising rents and the feeling that home ownership is out of reach. I co-sponsored a bill to help families buy a home by preventing hedge funds from purchasing single-family homes within 90 days of them going on sale. Now I want to protect people from needless eviction lawsuits.

Helping Small Businesses: I am a small business owner and spent years as a volunteer ambassador with the Washington County Chamber. I chief sponsored a bill to assist entrepreneurs from disadvantaged backgrounds. Now I want to cut regulatory red tape to make it easier for small businesses to grow and thrive.

Rooted in Northwest Oregon. I grew up in District 31, raised my family here, and built a small business here. I understand firsthand the pressures of rising costs, concerns about safety, and the importance of stewardship. I stepped up to serve because I wanted to solve real problems in our community and make sure the voices and values of Northwest Oregon families are heard *and* prioritized.

Protecting Our Communities. This term, I helped pass legislation that will protect students and law enforcement from dangerous false emergency reports, reduce fire risks and secondhand smoke exposure in apartment housing, keep syringe service programs away from schools and childcare facilities, ban AI tools from hostile foreign companies on state systems, and cut unnecessary red tape so families can rebuild homes lost to disasters more quickly.

Delivering Where It Counts. I helped secure funding for important local services like the Banks Fire District and expansion of the Amani Center, which provides critical advocacy and assessment services for children and families facing abuse.

Defending Our Way of Life. I also passed a law helping family forestland owners keep their land across generations instead of being forced to sell to pay estate taxes—and I will always defend the farming, timber, hunting, and fishing traditions that define rural Northwest Oregon.

It is an honor to represent you, and I respectfully ask for your vote so I can keep fighting for the families, businesses, and communities we proudly call home.

Prior Governmental Experience: Banks School District Budget Committee, since 2012

I've seen communities in Northwest Oregon struggle to balance the legacy of their agricultural and natural resource economies with needs from new industries and more people. There's room for both here, not letting the perfect be the enemy of the better. I'll bring people together to collaborate and seek solutions that work for everyone.

My family began moving to Oregon in 1880, with my great-grandparents and my great-granduncle Simon Benson. Benson transformed the local logging industry, replacing oxen and railroads with Steam Donkeys and Cigar Rafts (AKA tractors and barges). He donated his timber wealth for Benson Bubblers, Benson Polytechnic School, and Multnomah Falls. An Army brat, I live rurally (gravel road, limited Internet, septic tank, well). I went to Hillsboro High when it was the only high school in town and Hillsboro had just 16,000 people.

I will work to protect us from Federal overreach like ICE, vote-by-mail suppression, and tax breaks for the rich. Incumbent multimillionaire and Koch Brothers beneficiary Darcey Edwards sponsored GOP's out-of-touch initiatives like bills to undermine medical judgment and women's freedom managing pregnancies (HB4087); gut environmental protections (HB3103); and raise utility rates and give hundreds of millions of dollars in tax breaks for data centers and big tech in North Plains (SB1586). I'm a big "No" to all that.

As a legislator, I will be a workhorse, not a show horse. I won't sponsor legislation or spend my time in committees yelling at the clouds, virtue signaling, or arguing with the referees. I'll work with my 59 colleagues to focus on what we can do for you - for more jobs, for fully funded education, for rural transportation, and for your happiness.

I'm Ciatta Thompson. Like many Oregonians, I know what it's like to reach the grocery checkout and worry whether your card will go through. When rent, groceries, utilities, and transportation keep rising, working people feel every dollar.

I live in Northwest Portland and have worked in downtown Portland hotels since 2021. I've watched businesses close, friends and neighbors move away, and people struggling with addiction and mental illness left to languish on our streets—all while taxes and fees keep rising.

WE CAN DO BETTER.

We can have compassion **and** accountability.

We can fully staff first responders and build a world-class behavioral health system focused on treatment, recovery, and measurable outcomes.

PUBLIC SAFETY AND PUBLIC HEALTH ARE THE FOUNDATION OF ECONOMIC RECOVERY.

Businesses won't invest and families won't stay where they don't feel safe. Workers and customers won't return to commercial districts overwhelmed by untreated addiction, mental illness, and persistent disorder. When businesses close and jobs disappear, we lose the tax base that funds schools, treatment, first responders, and other essential services.

These aren't partisan ideas. They should be Oregon priorities.

I got involved in politics because I care deeply about people and want the best for our communities. We all see the challenges around us.

Good intentions aren't enough.

If you're frustrated with the results, it's time to expect more from your government. I'm asking for your vote because it's time to get serious about solving the very real problems facing our community.

We can, and must, ensure every Oregonian is healthy, housed, and safe in their community. The current economy benefits the ultra-rich, but a better world is possible.

Tax the Rich: Last session, I fought for critical legislation to preserve the state budget. We can do more to protect and expand critical services. As a democratic socialist, I know we must raise revenue for universal programs by requiring large multinational corporations and the top 1% of wealthy individuals pay their fair share so we can ALL thrive.

Protecting Oregonians from Federal Overreach: I spearheaded legislation in February requiring law enforcement to unmask and clearly identify themselves, and added safeguards to help local government better defend Oregonians when information is requested by the federal government. Next year we fight for further protections.

Housing and Healthcare are Human Rights: I've helped secure funding to create affordable housing units in Beaverton. I also sponsored successful legislation maintaining reproductive and gender-affirming healthcare funding. We must continue fighting to keep all Oregonians housed and healthy and for universal single payer healthcare.

Educational Background: University of Portland B.A.

Thank you for stopping to read my candidate profile page. If you are happy with the direction Oregon, Washington County and HD 36 have been heading for decades, there is no reason to read further. But if you are looking for lower taxes, strong schools and public safety please continue.

Friends and family asked why I'm running since I am not a politician. The reason is simple: if I hadn't stepped up, there would be no Republican or conservative candidate to run against the current representative. I wanted District 36 voters to have a genuine choice-not just more of the same or not voting at all. I'm the underdog, but I'm running because I believe you deserve better.

Many of you, whether Democrat or non-affiliated, care about the same everyday concerns-housing costs, schools and safety. I'm running on these three core issues: lower taxes and fees to ease the burden on working families, stronger education by putting more hours and days in the classroom, restoring meaningful graduation standards, and protecting fairness in girls' and women's sports; and standing for law and order by backing the blue and refusing to defund the police.

We live in a two-party system, and I believe voters deserve a real choice. I'm ready to listen to all voices in District 36 and work with anyone willing to find practical solutions. I'm not asking you to change your party-I'm asking you to give a different kind of candidate a chance to deliver the change you've been waiting for. If you want real results instead of more of the same, I hope you will vote for me on November 3.

Thank you, Michael Orth Republican for House District 36

State Representative, 37th District**Chad Parker**

Republican

Occupation: Small Business Owner**Occupational Background:** President, Haloumi Creative & Always Outdoors; Producer, Nickelodeon Television**Educational Background:** University of Oregon, School of Journalism**Prior Governmental Experience:** Clackamas County Roads Advisory Board; Clackamas County Parks Advisory Board; River Grove PTO

We are lucky to live in one of Oregon's greatest communities. Yet for years, families and small businesses in West Linn, Tualatin, and Rivergrove, have lacked a representative laser-focused on our priorities.

The incumbent Jules Walters record speaks for itself:

- Voted for HB 4037, stripping your right to a public hearing on major development decisions in your own community
- Voted for HB 3991, raising gas and payroll taxes that hit working families the hardest
- Stood by while our friends and neighbors left for states with lower costs and better opportunities

You deserve better. We ALL do.

As a Rivergrove dad raising five boys, I am running on Optimism in Action, practical solutions that put our community first. This year you can elect a representative who actually listens TO neighbors, votes FOR neighbors, not the political machine.

As your next Representative, I will:

- **Focus on Home:** Raise reading proficiency so every child has a real shot, and clear barriers so small businesses can grow.
- **Reject Division:** Build trust across the political spectrum to cut inflations bite, strengthen public safety, and protect the quality of life that makes Oregon special.
- **Put Optimism into Action:** Deliver real tax relief for working families, fund reliable roads without new tax increases, and champion the Oregon we love.

Oregon is so much more than the rankings reflect. We can do better.

If you are comfortable with a 95% voting record aligned with the policies that got us here, vote for Jules Walters. If you want someone who puts people over party, I would be honored to represent you.
