Oregon elections are SAFE: Secure, Accurate, Fair, and Efficient.

My fellow Oregonians,

As your Secretary of State, my number one priority is making sure every eligible Oregonian can exercise their right to hold their government accountable through free and fair elections. Here's what you need to know to be an informed and prepared voter this year:

- **Start researching your choices now:** don't wait until your ballot arrives.
- **Fill out your ballot correctly:** read the instructions carefully and clearly mark your choices.
- **Sign your ballot envelope:** your signature should match the one you used to register to vote or at the DMV.
- **Return your ballot on time:** mail it at least 7 days before Election Day, or better yet, use a secure drop box (locate a drop box near you at oregonvotes.gov/dropbox). You can also vote in person at your county clerk's office. Ballots must be postmarked by 8:00 PM on November 3, 2026.
- **Track your ballot at oregonvotes.gov/myvote:** see when your ballot is on its way to you and received by your county clerk.

MAIL YOUR BALLOT AT LEAST 1 WEEK BEFORE ELECTION DAY

Due to delays at USPS, if you haven't mailed your ballot at least 7 days before Election Day, use a drop box or go directly to a post office and ask for a manual postmark before you place it in a collection box.

Once you've cast your ballot, you can trust the system that counts it. Voter rolls are cleaned and updated daily. Vote-tallying machines are certified, locked down, and never connected to the internet. Counties publicly test equipment before and after every election. Each ballot return envelope has a unique identifier that is tied directly to the voter, so no one can vote more than once, and all signatures on those envelopes are verified. All votes are cast on paper ballots, which can't be hacked. If there's ever a question about voter intent, trained reviewers from different political parties must agree on the result. And after the election, all ballots are preserved by counties so they can be audited down the road. This is what election integrity looks like, and it's built into every step of our process.

If you ever have questions about Oregon elections, rely on trusted sources: the Secretary of State's office (oregonvotes.gov) and your county clerk (oregonvotes.gov/counties).

Follow the results: Unofficial results will begin to post at results.oregonvotes.gov shortly after 8:00 PM on November 3, 2026. If it takes time for results to be finalized, that's because elections officials are working to deliver the accurate results Oregonians deserve. The deadline for the results to be official and for the election to be certified is December 10, 2026.

Be prepared. Stay informed. Vote.

Sincerely,

Tobias Read
Oregon Secretary of State

Voters' Pamphlet Translations Making Voting Accessible

ORS 251.026, ORS 251.167, ORS 251.170, ORS 251.173 & ORS 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure professional translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of the State Voters' Pamphlet are available in Arabic, Simplified & Traditional Chinese characters, Farsi, French, German, Hmong, Japanese, Khmer, Korean, Marshallese, Nepali, Russian, Somali, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese. Where do I vote?

In Oregon, we vote by mail. You can vote from anywhere you choose.

If you're registered to vote by **October 13**, your ballot will be mailed between **October 14** and **October 20**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **October 30**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote. To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the Voters' Pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Simplified and Traditional Chinese characters, Farsi, French, German, Iu Mien, Japanese, Khmer, Korean, Marshallese, Nepali, Russian, Somali, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. [Follow the instructions!](#)

What if my ballot is damaged?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. You are not required to vote on every candidate or measure for your ballot to be counted.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

Return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

No postage needed. Use the return envelope provided with your ballot.

Mail your ballot from your home mailbox, a USPS Blue Box, or your nearest post office.

Plan ahead: Mail your ballot at least 1 week before Election Day.

Mailing close to election day? Don't risk your vote not being counted. Visit a USPS office for a free manual postmark.

County elections offices are open on Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

No. If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After your signature is verified, your ballot is separated from the ballot return envelope before it is unfolded and counted.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results will be released beginning at **8 pm, November 3** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change as vote counting continues.

Results are not final until the election is certified and the official abstract of votes are published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined, you have the right to request a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been violated, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "Get Involved" section.

Political Party Statements

At the General Election, a statewide political party may file a voters' pamphlet statement that argues for the success of its principles and the election of its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2026 General Election**:

- No Labels Party of Oregon
- Working Families Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2026 General Election** is:

S, K, B, G, P, I, W, Y, V, C, M, D, N, X, Z, J, E, H, T, O, Q, A, U, F, L, R.

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot.

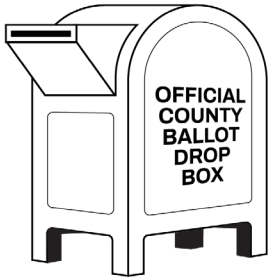

Statements are arranged in the following manner:

- partisan candidates, by position, in ballot order
- nonpartisan candidates, by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the State Voters' Pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Using Official Ballot Drop Boxes

Save Yourself the Worry: Don't Wait, Vote Early.

The Secretary of State's office strongly recommends voters begin researching their choices early, fill out their ballot quickly upon receipt, and use official ballot drop boxes to ensure their ballot gets to a county elections office by Election Day.

Using Oregon's safe and secure drop boxes

First, make sure you filled out your ballot correctly, read the instructions carefully, and fully fill in your choices.

Make sure you sign your ballot envelope; your signature should match the one you used to register to vote or at the DMV.

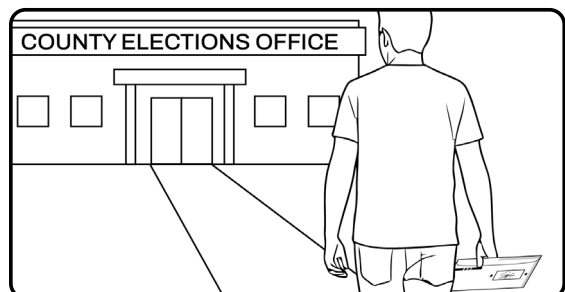

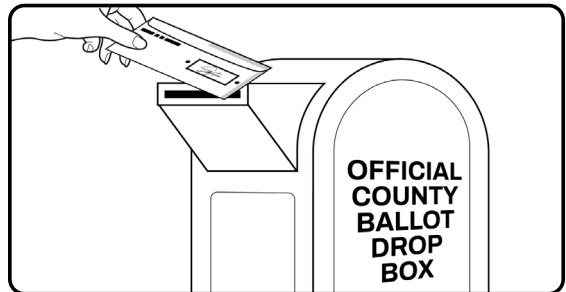

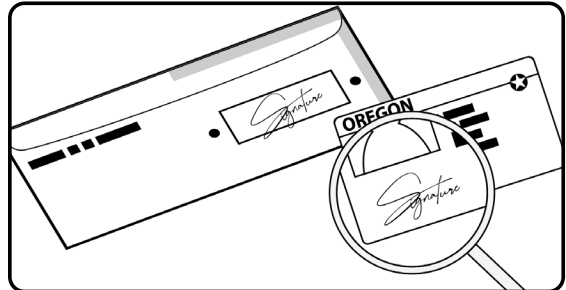

Dropping off your ballot at an official drop box is the best way to avoid any mail delays.

Find the ballot drop site nearest you on your county election website or go to oregonvotes.gov/dropbox.

Drop boxes are available 24/7 from the time ballots are mailed until 8 p.m. on Election Day.

You can also vote in person at your county clerk's office. Check your county elections website for their hours.

County elections offices are open 7 a.m. - 8 p.m. on Election Day.

Democratic Party of Oregon

THE DEMOCRATIC PARTY OF OREGON IS FIGHTING FOR PROGRESS, DEFENDING OREGON VALUES, AND WORKING TO ELECT DEMOCRATS ACROSS THE STATE.

Oregonians are working hard, but the cost of living keeps making it harder to get ahead. Donald Trump is driving up the cost of gas, groceries, housing, health care and other essentials, putting real pressure on family budgets. Democrats believe our economy should work for everyone, not just the wealthy and well-connected, and that government should focus on practical solutions that make it easier to earn a good living and build a secure future.

We believe in freedom: the freedom to make our own reproductive choices, to vote in fair elections, to breathe clean air and to live and love as we see fit.

We are a Party of nearly a million Oregonians, from every region and all walks of life. **That diversity is our strength** and reinforces the core beliefs that bring us together.

Democrats believe that **we are better off when we work together**: when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. We're committed to strong public schools, affordable health care, good jobs, affordable housing, protect-
ing Oregon's natural beauty, and equal opportunity for all.

We believe Oregon should be a place where people can put down roots, raise a family, start a business, join a union, care for their neighbors, and have a real voice in the decisions that shape their lives. We believe in strong communities, accountable government, protected public lands, and an economy that rewards work instead of wealth. We believe every Oregonian, no matter their ZIP code, deserves to be seen, heard, and represented.

That's why Democrats led the charge to:

- raise the minimum wage for more than 100,000 workers and their families,
- reduce student loan debt,
- allow Medicare to negotiate lower prescription drug prices,
- pass paid family and medical leave,
- advance the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2040,
- and ensure our schools have the resources to help every student find success.

Oregon Democrats are united to:

Protect Oregonians and continue moving the state forward by electing **Tina Kotek** as Governor. Tina will never stop fighting to make life better for all Oregonians by tackling rising costs, defending Oregon from President Trump's attacks on our communities, protecting reproductive rights, addressing the housing crisis, and improving access to health care and mental health services.

Deliver victories to protect our Democracy, defend civil rights, protect reproductive rights, and ensure everyone has access to housing, healthcare, education, and living wage jobs by gaining Democratic majorities in the U.S. Senate and House. To do so, we need to elect **Sen. Jeff Merkley** and our great Democratic Congressional team: **Rep. Suzanne Bonamici, Rep. Maxine Dexter, Rep. Val Hoyle, Rep. Janelle Bynum, Rep. Andrea Salinas, and Chris Beck.**

Build our Democratic majorities in the Oregon **House** and **Senate** to deliver on better schools, lower costs for our families, and fight to protect Oregon from the Trump administration's overreach.

Elect local Democrats to key positions across Oregon.

We invite all Oregonians to join us in defending our state from Trump's attacks on our freedoms and our democracy. Together, we can ensure Oregon is a place where hard work pays off, where communities thrive, and where the doors of opportunity are open to all.

Read more about the Democratic Party, what we stand for, and how to get involved at www.dpo.org.

Independent Party of Oregon

INDEPENDENT PARTY OF OREGON

Are you tired of extremism and polarization?

**And being manipulated by politicians who say one thing to get your vote
and then do something else?**

If so, then maybe the Independent Party of Oregon is for you. A 2025 Gallup poll found that 62% of Americans want a viable third party and that the Democratic and Republican parties "do such a poor job representing the American people that a third party is needed."

The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address real problems.

Government reform: We work to restore integrity by achieving real campaign finance reform and voting reforms that make our democracy more representative. We are founding members of the [Honest Elections Oregon](#) coalition that persuaded the Oregon Legislature's 2024 session to limit campaign contributions and require that the true sources of campaign funds be disclosed and revealed in political ads ("taglines").

But then the Democrats and Republicans in the 2026 Legislature reneged and destroyed the contribution limits and disclosure requirements with loopholes. The League of Women Voters of Oregon said it was "a complete betrayal of the deal made in 2024."

People centered policies: We work on reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 153,000 members since 2007 (5% of Oregon's registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We're highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.

Today, government policies in Oregon are crafted largely by and for powerful corporations, large unions, and the wealthy. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities for Oregonians.
- Protect the environment and the climate effectively.
- Protect Oregonians from ripoffs and abuse, including medical billing, cryptocurrency, excessive utility rates.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

2025-27 PLATFORM

Our platform (indparty.com/platform), based on our member surveys, addresses health care, education, campaign and ethics reform, and environmental and many other policies. See our past Voters' Pamphlet statements at indparty.com/vp.

2026 CANDIDATES

Check indparty.com for our 28 candidates for federal, state, and local offices.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas and account for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and the \$57 million spent on lobbying in Oregon in 2024 (a typical year).

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment:

- In 2024, we helped confront the Oregon Legislature with 100,000 voter signatures in persuading them to adopt their first political campaign contribution limits ever. But getting those limits and disclosure requirements implemented is a never-ending battle with the big money politicians.
- We helped achieve campaign finance reform in Multnomah County (2016) and Portland (2018) by passing charter amendments limiting campaign contributions to \$500 each and requiring that political ads prominently name their 5 largest funders.

OREGON BALLOT MEASURES:

There are zero Oregon initiatives on the ballot this year. Establishment politicians have finally succeeded in making the Oregon initiative process too difficult and costly. They want complete power for themselves.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party of Oregon

The Libertarian Party of Oregon is the only political party that consistently defends individual liberty, limited government, free markets, and the right of every Oregonian to live free from unnecessary coercion.

We challenge the idea that government knows better than you how to **run your life, spend your money, or protect your rights**. While the two major parties expand the size and power of the state, Libertarians work to reduce it.

Your Rights Come First

We defend the Second Amendment as a fundamental individual right. Law-abiding Oregonians should not be disarmed by politicians who fail to address violent crime. Gun ownership is part of a free society, and we will continue to oppose new restrictions that punish the innocent. We directly oppose any legislative action or measure, including Measure 114 and HB 2572 that impact our second amendment rights.

Taxes and Spending

Oregonians already pay enough. We have actively opposed new and higher taxes, including additional gas taxes that hit working families and rural residents hardest. The **“No Gas Tax Oregon”** effort reflects a simple principle: government should live within its means instead of constantly demanding more. We support real tax relief and ending the cycle of higher spending followed by higher taxes.

Due Process and Property Rights

No one should lose their property without first being convicted of a crime. The Libertarian Party of Oregon helped coordinate a multi-state amicus brief to the U.S. Supreme Court challenging abusive civil asset forfeiture. Government should not seize first and force citizens to prove their innocence later. Due process must come first.

Deregulation and Opportunity

Oregon's thicket of rules and occupational licensing makes it harder to start a business, keep a job, or simply live independently. We support reducing unnecessary regulation so entrepreneurs, workers, and families can thrive without asking permission from distant bureaucracies. Freedom to innovate and compete is the foundation of prosperity.

Restoring Balance

One-party dominance has produced higher costs, more rules, and fewer real choices. Oregon needs genuine competition of ideas. The Libertarian Party of Oregon exists to give voters a clear alternative, **candidates and policies that put individual liberty and limited government first.**

We envision an Oregon where people keep more of what they earn, start businesses without endless permission slips, and live free from unnecessary government interference, a state that **trusts its citizens more than its bureaucracy.**

When you vote Libertarian, you vote for freedom, personal responsibility, and a government that stays within its proper limits.

Join us. Register Libertarian. Vote Libertarian.

Pacific Green Party

Together we stand at the precipice of an unavoidable decision. Do we continue the course laid out by oil executives and techno-fascist oligarchs, or embrace a true alternative to capitalism, seeking not just platitudes of “change” but transformation into a true grassroots community driven fight for our future? The devastating effects of climate change cannot be ignored, as the forests we cherish burn, we *feel* the consequences around us. While the Trump administration guts environmental protections, strips our basic human rights, and wages horrific wars the Democrats paved the way for, the people yearn for liberation, seeking the bare minimum of healthcare, housing, and human rights. There are alternatives, and ours is Eco-socialism.

Are you frustrated with this reality and tired of the two party system that has long held sway over the hearts and minds of Americans? It's time to break away, and wake up from this false sense of freedom based on exploitation. Need inspiration? Within the last two years the Green Party in England has helped break the populace from an electoral system that Conservatives and Labour have held in a stranglehold for nearly a century. **There is still hope.**

The Pacific Green Party is the largest progressive party in both Oregon and the nation. Everyone loves our coastlines and mountain ranges, holds fond memories of their time outside, and hopes to protect that. The Green Party embraces connection with the earth because we understand it unites people. We keep us safe. We need each other. Eco-socialism unapologetically represents these values, with respect to indigenous communities, hand in hand with workers that are exploited in service of the ultra wealthy, fueling the war machine and lining the pockets of both Republican and Democrat donors. We are a quarter million strong and growing nationwide. There are currently more than 150 Greens in elected office – **the Green Party is that alternative.** We need working class solidarity in coalition towards a general strike.

The path forward is simple.

Don't vote for a party that endorses authoritarian actions domestically.

Don't support a party that cozies up to techno-fascist and helps Israel commit genocide.

Vote for a party that condemns authoritarianism, opposes the surveillance state, and vehemently condemns genocide.

Embrace a party that envisions a future where our children live free from oppression.

Organize with the Greens.

Building the **Green Movement**:

- **Grassroots Democracy:** Control decisions affecting our lives locally through ranked choice voting, campaign finance reform, public campaign funding, and nullifying *Citizens United*.
- **Equal Opportunity:** Confront historical and current injustices, for **all** people both citizens and non-citizens through reparations, the abolition of ICE, and supporting LGBTQ + reproductive rights.
- **Ecological Wisdom:** Accept we are part of nature, and nature is a part of us. Promote sustainable stewardship of native flora and fauna.
- **Non-Violence:** Fight imperialism, support mutual nuclear disarmament, demilitarize, yet defend those in danger within our communities.
- **Community-Based Economics:** Organize against capitalism, encourage employee ownership, workplace democracy, a living wage, housing & healthcare for all, public ownership of resources and utilities.
- **Feminism & Gender Equity:** Replace cultural ethics of dominance and control with cooperation, mutual aid, and a new generation of visionaries.
- **Respect for Diversity:** Value cultural, ethnic, racial, sexual, age, and religious diversity across society.
- **Personal Responsibility:** Join with people and organizations around the world to foster peace, economic justice, and planetary health by combating climate change.

Progressive Party

FIGHTING FOR HONEST ELECTIONS, ECONOMIC JUSTICE, HUMAN RIGHTS, ENVIRONMENTAL PROTECTION, GRASSROOTS DEMOCRACY

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), reproductive choice, and \$24 minimum wage.

WE OPPOSE: the domination of elections and governments by big money; the incredible corruption of Trump and his cronies; bloated military spending and absurd foreign wars and attacks; "corporate personhood"; "free trade" deals that let corporations override labor, consumer protection, and environmental policies; and the takeover of media (and resulting censorship) by massive corporate violations of antitrust laws.

OUR CANDIDATES

Chris Henry	U.S. Senate
Justin Filip	U.S. House CD 4
Roy Kaufmann	Oregon House, District 18
Stephanie Terrio	Oregon House, District 26
Tammy Carpenter	Oregon House, District 27
Sharon Meieran	Multnomah County Chair
Sara Duncan	Marion County Commissioner #1
Maria Hinojos Pressey	Marion County Commissioner #2

REAL CAMPAIGN FINANCE REFORM

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the 2018 record and quadruple the 2014 record). Candidates in a single race for the Oregon Senate spent \$5 million, over \$80 per vote.

The Oregon Legislature had never set limits on campaign contributions, until March 2024--when the Democrats/Republicans were forced to adopt limits because the Honest Elections Oregon coalition (including us) had gathered over 100,000 signatures for a stricter campaign finance reform initiative.

But the Democrats and Republicans in the Legislature in 2026 both reneged on the compromise and destroyed the contribution limits and disclosure requirements with loopholes. The League of Women Voters of Oregon said it was "a complete betrayal of the deal made in 2024." Common Cause Oregon said the Legislature acted "in bad faith" and "created loopholes for big money, reducing transparency, and undermining enforcement." See Honest Elections Oregon website. The Oregonian editorialized against it.

WE ARE VERY DIFFERENT FROM THE ESTABLISHMENT PARTIES, WHICH DO NOT SUPPORT ANY OF THESE POLICIES (EVEN WHEN THEY CLAIM THEY DO):

- Real campaign finance reform, particularly in Oregon
- "Improved Medicare for All" comprehensive health care
- End wars against Iran and Gaza
- Slash military spending (now \$1 trillion per year) and reduce our military bases in 80 countries
- Create a State Bank to invest state funds in Oregon projects and jobs, instead of sending Oregon funds to Wall Street and then borrowing it back at enormous fees (over \$1 billion per year) and high interest rates
- Increase minimum wage to living wage (\$24 or more) now
- Tax billionaires more and ordinary workers less; reduce Oregon income tax on families living below or near the poverty level
- Tax emissions that cause climate change; invest in clean wind and solar energy
- Stop government promotion and purchases of cryptocurrencies (Ponzi schemes)
- Strictly regulate toxic air pollution, including diesel emissions and aerial spraying of pesticides
- Enable grass-roots efforts to effectively use the Oregon initiative and referendum
- Ban fossil fuel exports from Pacific Northwest ports and exports of raw logs
- Enlarge the United States Supreme Court to 13 members, with term limits
- Make data centers use wind and solar power and not raise our electric rates
- Stop state promotion of gambling (a hidden, regressive tax)

INVEST IN OREGON

Oregon should devote its \$116 billion of long-term investment funds to public works and jobs for Oregonians, instead of paying over \$1 billion in fees every year to Wall Street and hedge funds to invest in businesses outside Oregon, including oil companies and makers of spyware. Oregon governments also pay Wall Street huge fees and high interest rates to float about \$6 billion of bonds annually.

See our testimony on hundreds of bills at the Oregon Legislature:progparty.org/leg

OREGON BALLOT MEASURES

There are zero Oregon initiatives on the ballot, because the establishment politicians have finally succeeded in making the initiative process too difficult and costly. They want complete power for themselves and no power for the voters.

Oregon Republican Party

DEMOCRATS HAVE FAILED OREGONIANS

Oregon should be one of the most prosperous, safe, and opportunity-filled states in America. Instead, too many Oregonians are struggling—**and it doesn't have to be this way.**

After years of Democrat-party control, the results are clear. **Oregon now ranks among the worst in the nation** on several key measures that directly impact families and communities.

Oregon ranks as the **5th least affordable state**. Oregon also has one of the nation's **highest individual income tax rates**, and its **corporate tax system ranks among the least competitive** in the country. Oregon remains **below the national average in job recovery**. These policies make it harder for families to get ahead and businesses are fleeing Oregon.

Oregon ranks among the **worst states in the nation for homelessness**, including ranking **first for unsheltered homelessness among families with children**. Oregon also ranks **near the top nationally for drug use and addiction**, and its **property crime rate remains well above the national average**.

Oregon ranks **7th worst for the cost of doing business and business friendliness**, while CNBC now ranks Oregon **42nd overall for business—down from 17th in 2017**. Population growth, employment growth, and GDP growth all continue to **trail national averages**. Additionally, Oregon is the **7th most heavily regulated state**, increasing costs for businesses and families while discouraging investment, job creation, and economic growth.

Meanwhile, our **education** system ranks among the **worst in the nation**. Oregon's public education system has fallen from a national leader to **one of the country's poorest performers**. Student achievement in math and reading now ranks among the **lowest in the nation**. Chronic absenteeism remains among the **nation's highest**, and the state **ranks near the bottom in instructional time**, leaving students with fewer opportunities to learn. And yet **Oregon spends more than the national average on K–12 education, but its academic outcomes lag many states that spend the same or less**.

These outcomes are not inevitable. They are the result of policy choices - **and it's time for a new direction.**

Oregon Democrats will claim this is all "Trump's fault." But the reality is Oregon's decline was in place **well before** Trump's term.

The blame falls **solely** on Oregon Democrat leaders who have held the majority in Oregon for **too long**.

The Oregon Republican Party believes in restoring **common-sense leadership and accountability**. Government should serve the people, not control them. We support **lowering the cost of living** through tax relief, responsible spending, and regulatory reform that allows **individuals, families, and businesses to thrive**.

We believe in **economic opportunity and job growth**. Oregon's workers, farmers, and small businesses are among the best in the nation, but they are being held back by burdensome taxes and regulations. We support a thriving, free-market economy where innovation is encouraged, jobs are created, and **people can keep more of what they earn**.

We believe in **strong schools and empowered families**. Our goal is to restore **excellence** in education and ensure every child has the opportunity to succeed.

We believe **public safety must be a priority**. Every Oregonian deserves to feel safe in their home and community. We need to address crime, addiction, and homelessness with policies that **deliver real results, not continued decline**.

We believe in **secure elections**, so Oregonians can have confidence in the systems that serve them.

We believe in **responsible stewardship of Oregon's natural resources**, balancing environmental protection with economic vitality and local control.

The truth is simple: Oregon is falling behind while other states are moving forward.

It doesn't have to be this way.

With better leadership, practical solutions, and a renewed focus on the needs of everyday Oregonians, **we can turn things around**. We can make our communities safer, our economy stronger, and our future brighter.

Oregon Republicans are committed to that path forward.

We invite you to join us in building a better Oregon. **It's time for Oregonians to thrive again. VOTE REPUBLICAN.**

Working For You! Serving Oregon First!

As a third-generation resident and small businessman from Southwest Oregon, David has spent his life serving his community and standing up for the people who live and work here. Our beloved Oregon is in peril, and as he continues to help lead the efforts for real solutions for our working families, their communities and the businesses that support them, more can and will be done. He's fought for you in the Oregon State Capitol in Salem, and he will continue to put you first in the U.S. Capitol in Washington.

- **Making Oregon Affordable:** We need common-sense solutions that incentivize job growth in our communities, supporting local small businesses. David fought Kotek's-Gas-Tax, stopped new tax-hikes, and continues his work on eliminating fraud, while reducing unnecessary government spending.
- **Ending the Homelessness Crisis:** We need drug and mental health treatment that works! David has and will continue to fight for treatment and accountability, and bring an end to permanent street camping. We need strong elected leaders who will represent the homeowners, businesses and residents across Oregon.
- **Preventing Data Centers from Driving Up Costs:** David is concerned data centers strain Oregon's water, farmland, energy costs, and communities. Economic development must help residents, not burden families. David will ensure data centers are accountable, protect natural resources, and prevent their costs from being shifted onto Oregon households.

Occupational Background: Habitat for Humanity; National Security Analyst; Small Business

Educational Background: David Douglas High School; B.A., Int'l Affairs; Masters in Public Policy

Prior Governmental Experience: State Representative; Oregon House Speaker

Jeff is the son of a union mechanic, attended public schools, was the first in his family to go to college, and lives in the same blue-collar neighborhood he grew up in.

Jeff's vision: "Families thrive, and the rich pay their fair share."

But the mega wealthy are making that vision harder to achieve. The people have the ballot box, but billionaires have lawyers and lobbyists, media campaigns, and unlimited secret campaign donations. And they have Trump, who is building a strong-man state with the mission of "families lose, billionaires win."

There has never been a more important moment to fight back.

End Trump's strongman state: No more ICE agents operating as secret police; no operations at schools or warrantless home raids. Full accountability for every civil rights violation.

End political corruption: No more stock trading; no more exchanging government favors for investments in Trump's companies. The Supreme Court needs reform and a binding code of ethics.

Save our elections: Stop gerrymandering. Require paper ballots. End secret campaign funding. Expand vote-by-mail. Block Trump's election rigging.

Strengthen the foundations for families to thrive: Housing. Health care. Education. Good-paying jobs! Stop drug companies from price gouging. Ban hedge funds from buying single-family homes. Create affordable daycare and debt-free opportunities for trade school and college.

Meet the climate chaos challenge: Rapidly transition from dirty, expensive fossils to cheaper, cleaner, renewables.

Create opportunity across Oregon: Jeff holds a town hall in every county, every year and champions every corner of Oregon: rural broadband; clean water; and investments in mental health, schools, ports, transportation, agriculture, and mills.

Endorsements: Oregon State Fire Fighters Council; OR Labor Federation, AFL-CIO; Planned Parenthood Action Fund; Oregon League of Conservation Voters; and others.

I support working people, publicly-funded education from pre-K to trade guilds and higher education, strong workplace safety, real campaign finance reform, and protecting the environment and climate.

CUT MASSIVE U.\$ MILITARY

End Pointless Wars. U.S. military has 128 foreign bases in 51 countries and operations in 29 more, consuming 50% of federal discretionary spending, including over 90,000 troops in Japan and Germany alone. National debt is \$40 trillion.

HIGHER WAGES, BETTER WORKING CONDITIONS, LOWER PRICES

Stop ludicrous tariffs and "free trade" deals that let corporations override labor, consumer and environmental protections. Triple the \$7.25/hour minimum wage, same since 2009. Tax oil company excess profits due to the Iran war. Enforce antitrust laws to reduce prices. Convert essential infrastructure from giant corporations into democratically-accountable public utilities.

MEDICARE FOR ALL

All other 37 industrialized economies have universal healthcare. Even with the most expensive healthcare system in the world, over 30 million Americans have no health insurance.

END AMAZING TAX BREAKS FOR BILLIONAIRES

40% of the benefit of the latest Trump tax breaks go to the top 1% of households, not to mention the massive tax exemptions for cryptocurrency and other scams.

PREPARE FOR THE CASCADIA MEGA-QUAKE

Create a federal "**Shaky Day Fund**" to prepare Oregon for the inevitable Cascadia Subduction Zone mega-earthquake and other catastrophic disruptions. Increase local wind and solar energy.

END DARK MONEY IN POLITICS!

Jeff Merkley's campaign has spent \$1.9 million, with \$6.8 million in the bank. Donors include corporate lawyers/lobbyists, financiers, operators of hedge funds and gambling, and \$1 million from out-of-state donors. See OpenSecrets.org. No special interests are funding my campaign.

My working-class family had access to good public schools, reliable transit, union jobs and affordable housing. Every Oregonian deserves the same opportunities that I had to build a better life.

As a mother and a physician, I know trust is earned by listening, showing up and putting people first. That's the kind of representative I'll continue to be for Oregon.

In Congress, I'm fighting to lower costs, protect our freedoms and build an economy where everyone has the opportunity to succeed. In my first term, I have:

- Heard from Oregonians at 50+ town halls,
- Secured \$14M for community-led projects,
- Helped Oregonians recover millions owed to them by the federal government,
- Fought to release 14 neighbors from ICE detention,
- Became the first freshman House Democrat to pass a bill into law.

I will continue fighting for:

- **Working families, not billionaires:** Good schools, living wages, union jobs, affordable housing and childcare.
- **Healthcare is a human right:** High quality, accessible and affordable care for all. Keep politicians out of exam rooms and let science guide care. Abortion, vaccinations and gender-affirming care are healthcare.
- **No one is above the law:** Impeach Trump, abolish ICE, release the Epstein files.
- **Peace and planet:** No more wars. Restore humanitarian aid. Expand legal immigration. Protect clean air and water. Hold polluters accountable. Invest in clean, affordable, renewable energy.
- **Democracy:** Protect voting rights. End corruption. Defend our communities from authoritarianism. Get dark money out of politics.

Educational Background: B.S., Florida A&M University; M.B.A., University of Michigan

Prior Governmental Experience: U.S. Congress (2024-present), State Representative (2016-2024)

A mom of four and local businesswoman, Congresswoman Janelle Bynum knows what Oregon's families are up against, because she's living it too. She is a proven leader in the fight to lower costs, bring good paying jobs, and improve our schools.

In Washington, Janelle refuses to play partisan games that block real progress. She knows the system is rigged and Oregonians are not receiving a fair return for their taxes. Janelle puts results over politics and will work with whoever is serious about tackling problems from affordability to rebuilding our democracy. She believes we need an economy that works for us so every Oregonian can have control over their lives and their wallets.

"While Trump treats your tax dollars like his piggy bank, I am fighting for every Oregonian to have control over their own education, housing, health, and money." -Congresswoman Janelle Bynum

Janelle is delivering on the issues that matter most for our families:

- **A K-30 platform to ensure hard work translates to opportunity** – Janelle is fighting for young Americans' education, jobs, and to bring down the cost of housing.
- **Fighting for affordability** – Janelle is focused on lowering costs, from groceries to housing to healthcare, and pushing back against the Trump administration's efforts to gut the Oregon Health Plan.
- **Standing up to Trump and ICE** – Janelle will not stand for a federal takeover of our communities. She was the loudest voice calling out Donald Trump's version of ICE for what it is: a collection of goons who are rounding up people based on the color of their skin and kidnapping them off the streets.

Occupation: Deschutes County Commissioner, Small Business Owner

Occupational Background: Accountant

Educational Background: B.A., History- University of Oregon; B.S., Accounting- Central Washington University

Prior Governmental Experience: Deschutes County Commissioner (2019-Present)

AN OREGON-FIRST FIGHTER

"I am running for Congress to help make healthcare more accessible and affordable for working-class families, to support sustainable management of our natural resources, address rising electricity costs, and to support policies that help businesses and families thrive in Oregon. The 5th District needs a proven problem-solver in D.C, not an extreme partisan like our current Representative. Throughout my career, I have always focused on uniting people to deliver solutions to the problems facing our community."

A PROVEN TRACK RECORD

As a Deschutes County Commissioner, Patti has consistently delivered. She has stood up for our veterans, worked alongside law enforcement to improve public safety, supported small businesses, and fought to eliminate wasteful spending.

She spearheaded Deschutes County's veterans' village, a program that helps struggling veterans get back on their feet. She also helped secure two new circuit judges for Deschutes County and saved Worrell Wayside Park in Bend from becoming the county headquarters parking lot.

Patti's Priorities:

- Ban Members of Congress from being paid during government shutdowns
- Ban Members of Congress from committing insider trading
- Propose legislation that requires Big Tech to be transparent about the impacts data centers have on air quality, water quality, and electricity costs
- Make no tax on tips, overtime, and Social Security permanent, and increase the limits
- Increase the Child Tax Credit limit

Janelle Bynum's Record:

- Voted against funding SNAP and Head Start
- Repeatedly voted to shut down the government
- Voted against the bipartisan Stop Insider Trading Act
- Voted against extending the statute of limitations for sexual assault survivors
- Voted present while an overwhelming bipartisan majority voted to denounce socialism

The Protest Vote

Protest

Vote

To Independents, third-party and unaffiliated. It's you that will make or break this race. It's you that will challenge the status quo. Whoever you vote for will win. It's that simple. You are the majority.

To the young and disillusioned. To those that have watched protest after protest fail to deliver results. To the ones who have had their futures taken from them and told to work harder. Protest here. Protest now. If you believe voting is pointless let us see.

To the vulnerable. I may not be the arbiter of your cause, but you are the core of society. You are the metric that we must be judged by. I believe that society must protect its most vulnerable as a default function not as an option.

This is my pledge to you.

- Corruption, negligence and accountability. A full audit of our systems and tax code by independent contractors. We cannot move forward until we establish trust and we cannot establish trust without accountability
- Prosecution of any and all persons found to be at fault for any corrupt, negligent or treasonous actions against the people of Oregon
- Healthcare for all. We have the money
- No unconstitutional surveillance
- A permanent moratorium on data centers
- A constitutional amendment to state no Oregonian will be drafted into a war not sanctioned by Congress
- Defend the guard
- Bolster the Oregon Civil Defense Force
- Subsidies for local businesses and ranchers. Not corporations

Oregon can be a catalyst for change.

Or we can continue down the path of the lesser of two evils.

I have done what is in my power to do and when the question gets asked.

"What did you do?" I can answer honestly. "Everything I could"

Educational Background: University of Oregon, University of

Fighting for Us. Always.

Tina Kotek has never been satisfied with the status quo. She started her career at Oregon Food Bank because she believes no one should go hungry. Tina has raised the minimum wage, passed paid family leave, and expanded health insurance coverage.

Defending Oregon.

Oregon faces tough challenges, made even harder by President Trump's agenda. Tina hasn't backed down.

When President Trump tried to starve Americans during the shut-down, Tina declared a food emergency, went to court, and reinstated food assistance for Oregon families.

When President Trump wanted to militarize Portland, Tina blocked his unlawful attempt to deploy the National Guard on our streets.

And while Christine Drazan sponsored bills to take away abortion rights, threaten to jail abortion providers, and stop vote-by-mail, Tina's focused on protecting our basic rights.

We still have things to do. Tina will keep pushing forward.

Tina supports moratoriums on new data centers and signed landmark legislation that protects us from having their massive energy costs show up on our utility bills.

Tina's fighting back against the rising cost of housing which is why she's cutting red tape to build more affordable homes and helped Oregon outpace the nation in new housing production.

Tina is fighting for more learning time - not shorter school years. She got cellphones out of classrooms, made record investments in reading, and is charting a path to statewide universal preschool.

Tina declared a housing emergency, increased shelter and treatment beds, she will continue the fight to reduce homelessness.

OREGONIANS DESERVE LEADERSHIP THAT PUTS THEM FIRST

"I am an Oregonian, and my life is an Oregon story. I grew up in a family that faced hard times because politicians in Salem and Washington, D.C. did nothing while jobs disappeared. I'm running for governor to fight for families like mine and yours—to make life more affordable and deliver results. Our problems are not partisan problems; they are leadership problems. Oregon can live up to the promise of a brighter future."

—Christine Drazan

DELIVERING ACCOUNTABILITY AND RESULTS

Christine Drazan will make government work for the people of Oregon so our state is a place where families can afford to put down roots, find a good-paying job, receive a world-class education and feel safe in their neighborhoods. Christine has a record of delivering bipartisan results and fighting for commonsense solutions that make life more affordable and safer and expand opportunity for Oregon families.

THE DRAZAN PLAN

Oregonians deserve better. As governor, Christine Drazan will put families and communities at the center of every decision in her administration. On day one, Christine will order state agencies to repeal rules, fees and mandates driving up the cost of housing, energy, food, transportation, childcare and healthcare. The Drazan Plan will:

- **Lower the cost of living**
- **Bring back jobs and businesses**
- **Break the cycle of homelessness and addiction**
- **Make it faster, simpler and less expensive to build homes**
- **Restore graduation requirements and fix our schools**
- **Audit spending and deliver results**

Families, workers, and small businesses are being crushed by rising prices, tariffs, and taxes. Career politicians in both parties aren't delivering results.
I am not a politician. I've spent decades as an advocate and business owner **growing companies from the ground up, creating jobs right here in rural Oregon, protecting our natural resources, and building an economy that works for everyone.**

I'll bring long-overdue accountability to Salem and stand up for hard-working families and small business owners.

An Affordable Economy for Oregon

Our economy isn't working for us. I'll take on corporate consolidation and policies that drive up the cost of rent and essentials and defend against big tech overreach. I'll champion policies that create good-paying local jobs that invest back into our community.

Lower Healthcare Costs

Everyone deserves access to healthcare. I'll collaborate to create more affordable and accessible healthcare options, protect access to reproductive healthcare, and oppose cuts that threaten our rural hospitals.

Career-Ready Education

Our students deserve top-quality local schools. I'll support increased funding for career and technical education, smaller class sizes, and more mental health support so students graduate ready to pursue higher education, vocational training, and careers here in Oregon.

Responsible Stewardship of Natural Resources

Protecting our natural resources strengthens Oregon's economy and way of life. Our land and water support tourism, agriculture, and our communities. I'll prioritize wildfire prevention, support first responders, and invest in proven solutions that keep people, land, and homes safe.

GETTING OREGON BACK TO BASICS

Salem has lost focus on the basics. Too many political experiments have made life harder and more expensive for Oregon families.
As your State Representative, I stood up and got results. When Measure 110 failed, I helped lead the bipartisan effort to re-criminalize hard drugs and restore accountability. I opposed major tax increases, including the gas tax, and fought policies that increase costs for working families.
You deserve a problem-solver who stands up for common sense and gets results. That's getting Oregon Back to Basics.

MAKING OREGON MORE AFFORDABLE

Housing, groceries, energy, insurance, and taxes all come out of the same paycheck. I will continue fighting unnecessary tax increases, wasteful spending, and policies that make it harder to live, work, and raise a family in Oregon.
A strong economy means making Oregon a place where farms and businesses can grow, hire, and create good-paying jobs.

LOWERING ENERGY COSTS

Families, farms, and businesses need reliable, affordable energy. We need balanced policies that lower costs, protect good-paying jobs, and provide the power Oregon needs to grow.

RESTORING EDUCATION STANDARDS

Students deserve high standards and an education that prepares them for what comes next: a career, the skilled trades, military service or college.

PRIORITIZING PUBLIC SAFETY

After twenty-five years in law enforcement, I know safe communities require accountability. I will support law enforcement, hold offenders accountable, and keep our communities safe.

Fighting corruption. Fighting for our future.

Hank Sanders learned at a young age that there are people and corporations that stand to gain from destroying rural Oregon. When a large corporation tried to put a gas pipeline through his backyard, his community fought the project — and won.

As a reporter, Hank uncovered mismanagement of COVID relief funds and exposed corruption. He'll stand up to both parties and fight for our community. That's why Hank is nominated by the Independent Party of Oregon.

Hank's priorities:

- **Lowering housing costs** by cutting red tape and supporting workforce developments.
- **No new data centers in our community.**
- **Protecting our public lands** from wildfires and fighting the federal government's efforts to roll back protections for our community.
- **Making Oregon more affordable** by taking on monopolies that drive up the prices of groceries, utilities, and healthcare.

I'm running to help restore opportunity, strengthen our economy, and ensure our families can afford to live and work in the communities they love.

Experience Makes a Difference

My 16 years as a Wasco County Commissioner have given me an understanding of the diverse communities across House District 52. I know the challenges we face and the opportunities ahead. I will bring that experience to Salem to advocate for practical, common-sense solutions that benefit our communities.

Thriving Economies Mean Thriving Communities

Strong local economies create the resources that fund essential services. Throughout my career in engineering, economic development, and public service, I've worked to support job creation and responsible growth. As your Representative, I will support our agricultural, manufacturing, and recreation industries, stand up for local businesses, and oppose unnecessary regulations that harm employers and workers.

It's Time for Common Sense

Oregon should be a place where families and businesses can succeed. We must improve our public education, reduce the cost of living and make things more affordable, and stop policies that drive businesses and families out of state. I'll bring practical leadership and common sense to Salem to deliver results for HD52.

ABOUT VIKKI BREESE IVERSON

Vikki is a 5th generation rancher from Prineville. The Breese Family has been ranching in Crook County for generations; raising bulls, cattle, and hay crops. She raises her two boys; Alex and Brit with her husband Bryan on the same ranch she was raised on.

FIGHTING FOR REAL WILDFIRE SOLUTIONS

2026 became the worst wildfire season in Oregon history — over two million acres burned statewide, with fires ripping through Deschutes, Jefferson, and Crook Counties forcing evacuations and sheltering displaced neighbors. Thousands of acres for grazing and trees ready for the mill - gone.

As House Minority Leader, Vikki led the fight to repeal the state's flawed wildfire hazard map — punitive maps drove up insurance costs and stripped rural property rights. Now she's fighting to actively manage our forests again — thinning overgrown timber, restoring responsible harvest, and returning our federal forests to hands-on, local management that stops catastrophic fire *before* it starts.

"We can't let poor management decisions destroy our lands and communities anymore." — **Representative Vikki Breese Iverson**

RURAL OREGON'S CHAMPION — SAVING FAMILY FARMS

Vikki passed landmark legislation in 2024 protecting rural "Farm Stores" — letting our family farms sell goods directly to you, while saving the produce stands and pumpkin patches that make Central Oregon awesome. She's stood up to Salem for water rights, private property, and the working families who feed our state.

"Our voices would not be heard in the halls of Salem without Vikki Breese Iverson. If there's one vote that matters to me - it is keeping Vikki going to Salem representing us." — **Tom Norton, Norton Cattle Company**

I feel !NOW-IS-THE-TIME! for House District #59 representation to join the majority party contingent in the Oregon Legislature. This would carry considerable POSITIVE ramifications in the legislative influence of this district. Our District #59 [Crook and Jefferson counties, and the northern portion of Deschutes] is culturally and economically diverse, with strong rural and agricultural highlights of concern. I am a son of a farm and foresting family, and consider it to be the strongest influence to this day of who I am -- and is reflected in my core values and concerns. Too, not to be overlooked, the legislative influence of a majority party representative has impact on small business owners in the myriad ways that government influences, impacts, and protects that critical and intertwined element of our district. And, I fully recognize and appreciate the DIVERSITY of our district's residents and workforce.

The Oregon State Legislature has become the critical primary barrier to undue federal influence on our state's programs, responsibilities, and protections - a protective blockade from federal east-coast (and non-rural) ideology intrusion. In having a State Representative of the 'controlling' majority party of the legislature (this being a change from the current Republican party representation, and all that Republican party ideology has come to represent) - the importance, value, and on-the-ground impact of our voting Representative would be considerably enhanced.

I ask for your vote this General Election, feeling in full confidence that (A) Now is a critical juncture for change in representation of District #59, and (B) Certain that my experience, capabilities, studied knowledge, and force of conviction could well-serve everyone I would diligently represent.

Educational Background: University of Nevada, Las Vegas

Prior Governmental Experience: None

Community Service: Leadership Team and Budget Team, Shiloh Ranch Church; Board Treasurer, Redeemer Ministries; Youth Sports Coach, CCPRD.

I grew up in rural Oregon, in a family with longstanding ties to our state's logging, farming, and ranching industries. When my husband and I chose Crook County in 2018, we knew this was where we wanted to raise our children—a community that values family, stewardship of our lands, honest work, and helping our neighbors. These are values worth preserving for the next generation.

As a CPA and former financial advisor, I have built my career helping individuals and businesses make sound financial decisions, understand complex financial information, and protect what they have worked hard to build. Today, I have the privilege of doing that work right here in Crook County, serving the people and businesses of the community my family is proud to call home. That experience has prepared me to bring knowledgeable financial oversight to the Treasurer's office.

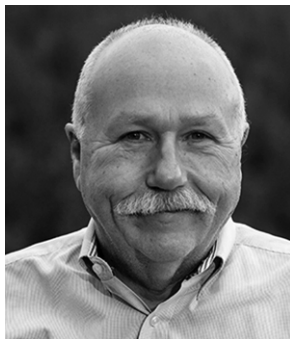

My priorities are simple: financial transparency, responsible stewardship of taxpayer dollars, and accountability for government spending. Every dollar entrusted to Crook County belongs to its taxpayers. You deserve confidence that appropriate safeguards are in place, public funds are being handled responsibly, and someone accountable to YOU is paying attention.

I never imagined I would enter the world of politics. But the stability of Crook County's financial future is too important to leave to someone else simply because qualified people are busy. At some point, you have a choice: wait until something goes wrong to demand accountability, or raise your hand, step forward, and help make sure it's done right.

I'm raising my hand.

Experienced Financial Leadership for Crook County

Crook County is growing, bringing incredible economic opportunities and challenges. Crook County is the rural heartbeat of Oregon, and I'm proud to call it home. We are ranchers, farmers, veterans, loggers, small-business owners, families, and retirees. We value independence, hard work, and looking out for our neighbors.

I'm running for Commissioner to protect our way of life and to make sure Crook County's future is decided by the people who live here. As Commissioner, I will lead on the issues that matter most to our communities.

Reduce wildfire risks. Wildfire is personal for me. This year, I lost my home to a wildfire backburn operation. I will push for responsible fuel reduction on federal lands and ensure communities like Juniper Canyon have safe evacuation routes when fire threatens.

Support responsible growth and local jobs. I will stand with agriculture, forestry, and small businesses while encouraging growth that respects our rural character—not growth that sacrifices it or covers our landscape with inappropriate development.

Listen to the people. Government should work for the citizens, not the other way around. I will fight to keep local government responsive and, when Salem stops listening, I'll take the fight to them.

Stand with our neighbors. I will stand with veterans as they access the health care, mental health resources, and services they earned. I'll also stand up for seniors and working families facing difficult times and rising costs.

We must protect our past, prepare for the future, and meet real challenges without unnecessary overregulation. I will bring good horse sense, respect for our history, and a willingness to roll up my sleeves and get to work.

Over the past several years, I have been actively attending county meetings, particularly surrounding issues such as water contamination and mining in our area. These experiences have deepened my understanding of the challenges facing our county and inspired me to step forward and serve our community at a higher level.

I am running for county commissioner because I am deeply passionate about the future of agriculture in our county. I do not agree with EFU farmland rezoning when we already have land designated & available for industrial use. Once farmland is gone, we don't get it back. I believe in responsible growth shaped by the people who live here, while preserving Crook County's local character, natural resources, and quality of life.

Community input is essential to good governance, and I am committed to listening, engaging, and advocating for the voices of our residents. I think our county needs to do a better job at involving & informing the public in the decisions that are being made by being more transparent & proactive. Residents deserve to know what plans are being considered before decisions are made. The county needs to step up how it communicates using social media, modern technology and clearer outreach- so people can stay informed and involved in issues that directly affect their homes, land & livelihoods.

I bring common sense, honesty, integrity, and a strong commitment to doing what is right for our county today and for future generations.

Wasco County faces real challenges and I am ready to get to work! As your County Commissioner, I will focus on expanding housing opportunities, improving access to clean water, and strengthening wildfire preparedness in every community.

After nearly a decade serving as Wasco County Clerk, I know how county government works and how to bring people together to turn concerns into practical solutions. I have built trusted relationships throughout our county, and I understand that what works in one community may not work in another.

You deserve leadership you can trust to listen, follow through, and put people before politics. My goal is simple: every resident should feel safe, heard, represented, and confident that no community is left behind.

Real Challenges. Real Solutions. A Stronger County Starts Here.

Wasco County faces serious challenges that require practical leadership and responsible solutions. I bring a business perspective to the commissioner position that vets how your tax dollars are being spent. I believe public money should not compete with private business. We need to take the windfall tax collections to help create family wage jobs that can buy homes, autos, boats, RV's and ATV's and pay taxes to support out county.

We have had many politicians that have a lifetime of public service perspective and we are starting to look like a Portland suburb. I see it every day and it is getting worse, not better. After years of concern about how our tax dollars are being spent, I have determined it is time for a private business perspective to help make transparent and common sense decisions.

All this requires of you is to get out and Vote!!!! Even though I am the only candidate on the ballot, make your vote count. I need to know that I am representing the majority of Wasco county residents so make your vote count!
