Guidelines and Requirements

ORS 251.026, 251.049 and 251.170

The Elections Division publishes a voters' pamphlet for each Primary and General Election, as well as for any state special election. One copy is mailed to every household in the state. The Elections Division also produces an abbreviated online, translated pamphlet in multiple languages for these elections.

County Elections Officials may also produce a voters' pamphlet containing information about local candidates and measures. Eligibility of local elected officials to appear in the State Voters' Pamphlet is determined by whether a county produces a voters' pamphlet. Contact your county election official for information as to whether the county is publishing a voters' pamphlet for a given election.

 View a list of [County Elections Offices](http://www.oregonvotes.gov/counties) at www.oregonvotes.gov/counties. Included in the voters' pamphlet is information about candidates, measures, recognized political parties and any assemblies of electors. It also includes instructions for marking the ballot, a complete list of federal and state candidates and other information on the voting process.

ORESTAR

ORS 251.014

Oregon election law requires all State Voters' Pamphlet statements, arguments and translations to be filed electronically.

 ORESTAR is a secure web-based electronic reporting system for voters' pamphlet filings.

A filer must register in ORESTAR by creating a user account before submitting a voters' pamphlet statement or argument. For further detail on how to file a voters' pamphlet filing using ORESTAR:

 See the [ORESTAR User's Manual: Voters' Pamphlet Filing](#) available at www.oregonvotes.gov.

 The Elections Division will reject any statement not filed electronically in ORESTAR.

Designated Filer for Specified Committees

The following committees and groups must supply written notification to the Elections Division of the ORESTAR account username, first and last name and contact information for the person chosen to file the statements or arguments electronically:

- Legislative Committee responsible for drafting argument in support of legislative referral;
- Explanatory Statement Committee;
- Legislative Counsel Committee;
- Financial Estimate Committee;
- Political parties;
- Assembly of electors;
- Citizens' Initiative Review Commission; and
- Oregon Criminal Justice Commission.

Notification of designated filers must be delivered to the Elections Division no later than 10 business days prior to any filing deadline. See the individual processes outlined in this manual on pages 15-23 for more detail.

Translated Submissions

ORS 251.065, 251.167 and 251.170

Translated State Voters' Pamphlet

The abbreviated online, translated pamphlet prepared by the Elections Division includes non-partisan voting information and ballot measures in 13 languages. Candidates running for federal or statewide offices and filers of state measure arguments may submit their own translations of their English filings in multiple languages. Submitted translations must be consistent with the meaning of the original version.

The Elections Division highly recommends that filers submitting translations of their English filings work with professional translators. The quality of translations influences voters' perceptions of a campaign and translation errors may confuse voters, sound awkward or be offensive to voters.

Translations Best Practices

- ✓ Machine translation is a tool for specific, limited use and is not suitable for pamphlet statements. The absence of the human editing process may result in contextual errors in vocabulary and tone.
- ✓ Bilinguals speak two languages fluently but may not have the specialized skills of professional translators to produce official written documents that read like native text, using correct grammar, terminology, syntax, style, and formal tone-register.
- ✓ Professional translators have years of experience, relevant educational background, translation credentials and work references. They also abide by professional standards and codes of conduct.
- ✓ Professional translators often promote their business through international professional associations like the [American Translators Association](#) or the [Institute of Translation and Interpreting](#). Translation agencies also offer professional services.
- ✓ The Elections Division highly recommends that translators reference the [Secretary of State Glossary of Elections Terminology](#), available in 13 languages.

Statements of Endorsement

ORS 251.049

If the name of a person or organization is used in a statement or argument as supporting or endorsing the candidate or measure, the filer must either submit a completed and signed [SEL 400, Statement of Endorsement](#) form for each person or organization identified or include a publicly disseminated quote identified by source and date.

Form SEL 400 Statement of Endorsement

A Statement of Endorsement is completed and signed by the person or by an authorized person on behalf of an organization, consenting to the use of their name or the name of the organization they are speaking for. An organization's name should only be used if the organization is endorsing the argument or statement. A spokesperson for an organization may not list individual names of members of the organization without an accompanying [SEL 400](#) for each of those individuals. The form requires the following for completion:

- 1 the applicable election date;
 - A Statement of Endorsement is only valid for the election it is filed for.
- 2 the statement or argument filing type;
- 3 the name of the candidate, political party, assembly of electors or person who filed the argument; and
 - A Statement of Endorsement is only valid for the statement or argument it is filed for.
- 4 Endorsement information; select **Option 1** or **Option 2**.
 - **Option 1** allows the statement or argument filer to decide how a person's name, applicable title, name of the organization the person represents, if any, and other biographical information will appear in the statement or argument.
 - **Option 2** requires the statement or argument filer to reproduce the person's name, applicable title and name of the organization the person represents, if any, exactly as it appears on the completed and signed [SEL 400](#).

 A quote made by the person or by an authorized person on behalf of an organization does not have to be written on the SEL 400 or attached to the completed and signed form.

Filing Statements of Endorsement

The recommended way to file Statements of Endorsements is to:

- 1 compile all Statement of Endorsement forms into a single PDF document;
- 2 name the scanned document with the statement or argument filer's last name; and
- 3 upload electronically using ORESTAR.

See the [ORESTAR User's Manual: Voters' Pamphlet Filing](#) available at www.oregonvotes.gov.

Endorsements may also be hand delivered, mailed or faxed to the Elections Division.

Publicly Disseminated Quote

The name of the person or organization with a quotation made by the person or by an authorized person on behalf of an organization may be included if the quote:

- ✓ has been publicly available prior to its inclusion in the statement or argument; and
- ✓ is identified by its source and date in the statement or argument.

This includes, but is not limited to, appearing on a website.

Forms are available online at www.oregonvotes.gov.

Formatting of Voters' Pamphlet Material

A statement or argument may only include:

- words and numbers (charts and graphics may not be used);
- numbered or bulleted lists on consecutive lines;
- italic, bold or underlined text;
- block quotes (function within the ORESTAR formatting tool);
- centered, left justified or right justified text; and

 a table to ensure two-column formatting To avoid formatting issues when copying and pasting into ORESTAR, filers should use the text editor in ORESTAR to draft and format their statement or argument. Translations of English statements or arguments must be submitted in PDF file format. The Elections Division will edit English statements or arguments that do not follow the requirements listed above.

The Elections Division will apply standard formatting to all voters' pamphlet statements and arguments. Standard formatting includes:

- numbered and bulleted lists on consecutive lines, indented with hanging bullet or number;
- font size;
- smart quotation marks;
- vertical spacing between paragraphs;
- single spacing after punctuation and between words;
- plain text for candidate statement required information;
- URLs and email addresses will be underlined and changed to hyperlinks;
- first line indents, superscript, subscript, small caps, table borders and cell padding are not allowed and will be removed.

 Examples of the standard format applied to voters' pamphlet filings are on [pages 37-38](#).

 The Elections Division may make additional text or format changes to English submissions to comply with space and word count limitations or to facilitate the use of assistive technology. Word limitations and format changes do not apply to translated candidate statements and arguments. Statements and arguments will not be returned to filers for proofreading before or after the printing of the voters' pamphlet.

Measure Arguments

ORS 251.255 and 251.170

A ballot measure argument is a statement supporting or opposing a measure on the ballot. Any person or organization may file an argument in favor of or in opposition to a state measure for inclusion in the voters' pamphlet. Filers may also submit translations of their argument for the online translated pamphlet. A measure argument and translation must be filed by the individual who will be listed as furnishing the information in the Voters' Pamphlet.

The Elections Division assigns a number to each argument filed in favor of or in opposition to a measure and uses it to randomly order all arguments filed for the measure within a category. Arguments in favor of a measure appear first, followed by arguments in opposition to the measure and are printed in the State Voters' Pamphlet in the randomly generated order.

A random number generator program will be used to assign the order.

Included Information

In addition to the arguments supporting or opposing a state measure the Elections Division includes and translates the following information for each measure:

- ballot title;

- estimate of financial impact;
- explanation of the estimate of financial impact, if determined to be necessary by the committee;

County Measure, Community College District Measure relating to bonding or Metropolitan Service District Measure

ORS 251.285

A county measure, community college district measure relating to bonding or metropolitan service district measure may only appear in the State Voters' Pamphlet in the following circumstances:

- county is not producing a voters' pamphlet;
- a ballot title and explanatory statement are drafted;
- an ordinance is adopted and followed that provides a review procedure for the ballot title and explanatory statement;

 Arguments are filed with the county elections official or executive of the metropolitan service district who is responsible for compiling and submitting the required information and all arguments to the Elections Division by the filing deadline.

Contact the [county elections official](#) for further information including how to file arguments.

City Measure in State Voters' Pamphlet

There is no provision under state law that allows a city measure to appear in the State Voters' Pamphlet.

Filing Statements and Arguments

All statements, arguments and translations must be filed electronically using ORESTAR. The filing must be accompanied by the required filing fee or a completed voters' pamphlet petition having the required number of signatures in lieu of the filing fee. Translated submissions of original filings do not require an additional fee. The signature sheets for a completed voters' pamphlet petition are filed by paper.

Voters' pamphlet filings are filed while logged into the Private Workshop page in ORESTAR.

See the [ORESTAR User's Manual: Voters' Pamphlet Filing](#) for detailed instruction on filing electronically.

Deadline and Filing Fees To ensure a statement for a state candidate or an argument for or against a state measure appears in the voters' pamphlet, filers may submit a prospective petition and pay the filing fee. The fee must be paid prior to the filing deadline. If the voters' pamphlet petition is filed with the Elections Division by 5:00:00 pm on the filing deadline and it has the required number of signatures, the filing fee will be refunded.

Filing by Fee

After launching the Voters' Pamphlet Filing entry pages:

- 1 select Fee as the filing method in the Filing Information Tab;
- 2 complete all required fields in the Filing Information Tab and Statement Tab;
- 3 use the Upload Tab to attach any Statements of Endorsements or a photograph of the candidate; and
- 4 pay the required filing fee using eCheck, VISA or MasterCard.

An eCheck is an electronic version of a paper check used to make payments online. It allows filers without a VISA or MASTERCARD to electronically pay the required filing fees.

If an eCheck is returned due to insufficient funds and the filing deadline has not passed, contact the Elections Division at 503 986 1518 for instructions on resubmitting payment.

Any statement or argument paid for with an eCheck that is returned due to insufficient funds after the filing deadline will not appear in the voters' pamphlet.

ORESTAR may become slow to respond due to increased activity approaching the filing deadline. Filers are **strongly** encouraged to complete their filings, including payment, early. Completed filings may still be amended up until the deadline.

Filing by Petition

After launching the Voters' Pamphlet Filing entry pages, do the following:

1 Prospective Petition

- select Petition as the filing method in the Filing Information Tab;
- complete all required fields in the Filing Information Tab and Statement Tab;
- use the Upload Tab to attach any Statements of Endorsements or a photograph of the candidate; and
- click Submit Filing.

2 Approval to Circulate

The Elections Division reviews the prospective petition and, if complete, will give written approval to circulate that includes the required number of signatures, the filing deadline and:

signature sheet template

- with a copy of the statement or argument that must be attached to or copied onto the back of the signature sheet template.

After receiving approval to circulate the statement or argument may not be amended unless the filer begins the petition process again.

3 Format of Petition Signature Sheets

Each signature sheet must meet the following requirements:

- standard 8½ x 11 size paper or equivalent;
- printed on at least 20-pound uncoated paper or equivalent; and
- have the statement or argument either copied on the reverse or attached to the signature sheet.

No more than five petition sheets may be attached to a single copy of the statement or argument.

4 Gathering Petition Signatures

Review the legal requirements and guidelines for circulating the petition with circulators before collecting any signatures.

- To ensure the petition has enough valid signatures, filers should collect more than the required number of signatures.

Failure to comply with the legal requirements and guidelines may result in rejection of those sheets.

5 Guidelines for Circulation

To ensure compliance with circulating requirements filers must educate circulators on the guidelines for circulating the statement or argument and monitor their activities.

Circulator Requirements

Each circulator must:	What this means:
→ Personally witness each signature collected.	✓ Watch the person sign the petition. ⓘ It is not sufficient to merely be present in the same room or vicinity.
→ Complete the circulator certification after witnessing all signatures collected on a sheet.	✓ Sign the certification using a legal signature. ⓘ A legal signature is defined as a signature having obvious and predominantly matching characteristics to signatures on file from a paid circulator's registration, signatures in the Oregon voter registration file or the signature on an official government document. ⓘ Initials, signature stamps, illegible or printed script are not sufficient unless verified by exemplar.
→ Supply the date when the certification was signed.	✓ The date must be in month, day, year order if written in all numbers.

! A circulator's failure to follow these requirements may result in the rejection of the petition signature sheets and a felony conviction for the circulator.

Circulator Prohibitions

It is against the law for circulators to knowingly:

- circulate a petition containing a false signature;
- attempt to obtain the signature of a person who is not qualified to sign the petition;
 ⓘ Only active registered voters in the candidate's district or who would be eligible to vote for the measure may sign a petition.
- make false statements to any person who signs the petition or requests information about it;
- offer money or anything of value to another person to sign or not sign the petition; and
- sell or offer to sell signature sheets.

Signer Requirements

Each petition signer must:	What this means
→ Signers must supply an original signature but are encouraged to also supply their printed name, date signed and address.	✓ Petition signers must sign the petition using a signature contained in their voter registration record.
For candidate statements → Signers must be active registered voters and able to vote for the candidate.	✓ Information in the voter registration record is up to date and the signer would be able to vote for candidates for the office at a general election or for the measure.
For state measure arguments → Signers must be an active registered voter.	

Signature Date

If no date is supplied by the signer, the signature is only considered valid if the signer:

- ✓ was an active registered voter between the petition's approval to circulate date and the circulator's certification date or
- ✓ originally registered to vote on or after the date the petition's approval to circulate date and was an active registered voter between their original registration date and the circulator's certification date.

i This standard also applies to any signer that provides an ambiguous date such as a date of birth or a date that has not yet occurred at the time of verification instead of the date they signed the petition.

Signer Prohibitions

It is against the law for signers to knowingly:

- sign another person's name under any circumstances;
- sign a petition more than one time; or
- sign a petition when not qualified to sign it.

! Only active registered voters may sign a petition. If the signer is not registered to vote or an active voter, then the signature will be rejected unless a completed registration card is received by a designated voter registration agency or elections filing officer before 5:00:00 pm the day the petition is signed or 11:59 pm if completed electronically online at www.oregonvotes.gov.

6 Certification of Signature Sheets

OAR 165-014-0270

After all signatures on a signature sheet have been collected, circulators complete the certification by signing their legal signature with a minimum of a first-name initial and full last name and by supplying the date when the certification was signed.

i If additional signatures are gathered after the circulator certification has been signed and dated, the circulator must re-sign and re-date the certification.

If the circulator certification is incomplete or insufficient the signature sheet may be rejected. Prior to submission for signature verification the circulator may correct the following defects:

Circulator Signature Defects

If the circulator has:	Then the circulator should:
→ signed using only initials; i Unless verified by exemplar.	✓ re-sign and re-date certification with legal signature;
→ signed using a signature stamp; i Unless a signature stamp approved under ORS 246.025.	✓ re-sign and re-date certification with legal signature;
→ signed using an illegible signature; i Unless verified by exemplar.	✓ re-sign and re-date certification with legal signature;
→ photocopied or carbon copied the certification; or	✓ sign and re-date certification with legal signature; or
→ signed in a manner that the signature, printed name and address are all illegible.	✓ re-sign and re-date certification with legal signature.

Certification Date Defects

If the date is:	Then the circulator should:
→ missing;	✓ re-sign and date or date and initial correction;
→ crossed out;	✓ re-sign and re-date or re-date and initial correction;
→ overwritten with a different date;	✓ re-sign and re-date or re-date and initial correction;
→ earlier than all petition signers; <i>i</i> Does not apply if the circulator and the only signer are the same person.	✓ re-sign and re-date or re-date and initial correction;
→ earlier than some, but not all petition signers; <i>i</i> Only those signatures dated on or before the date of the certification will be accepted.	✓ re-sign and re-date or re-date and initial correction;
→ partial or ambiguous; or	✓ re-sign and re-date or re-date and initial correction; <i>i</i> Date must be in month, day, year order if written in all numeric characters.
→ obscured in any way by white out or other correction fluid or adhesive tape;	✓ re-sign and re-date or re-date and initial correction.

The following defects in the circulator certification cannot be corrected and any signature sheet submitted that has one of these defects will be rejected:

Incurable Defects

→ the original signature of a circulator has been crossed out and a different circulator's signature is inserted; <i>i</i> This does not apply if the original signature is that of an individual whose signature appears on the same signature sheet as a signer.
→ two individuals sign and date as circulator; or <i>i</i> This does not apply if the only signers and the circulators are the same people.
→ white-out or other correction fluid or adhesive tape appears on the signature line.

ex Illustrated examples of circulator signature and date defects are available in the [Circulator Training Manual](#) located at www.oregonvotes.gov.

7 Signature Verification and Completing the Petition

Filers submit signature sheets having at least 100% of required number of signatures to the proper election official for verification against the voters' registration record, allowing sufficient time for the verification process to be completed prior to the filing deadline.

! The Elections Division will not accept signatures for verification or certified signature sheets prior to the first day to file by fee or completed petition.

? See [Filing Requirements](#).

i The elections official is not required to begin verification until the raw number of signatures submitted is equal to or exceeds the required number of signatures.

Before filing the signature sheets for verification, statement and argument filers must ensure each signature sheet certification is signed and dated by the circulator.

Verification Conducted by Elections Division

If the Elections Division is the elections official that will conduct signature verification, the filer must also complete and turn in with the signatures:

Form SEL 338 Petition Submission – Candidate, Voters' Pamphlet

Verification Conducted by County Elections Official

To complete the petition process, a statement or argument filer must submit to the Elections Division:

Completed form SEL 338 Petition Submission – Candidate, Voters' Pamphlet

- signature sheets, certified by the county elections official, that have the required number of valid signatures.

8 Signature Tally

The Elections Division reviews each signature sheet and removes the sheet if:

- the signature sheet was not approved for circulation;

Unapproved petition sheets and those that do not meet legal requirements and guidelines will be rejected.

- the circulator did not sign and date the certification;
- the circulator signed the certification before all signers on the signature sheet;
- the circulator certification has an incurable defect; and
- any sheet that does not comply with [OAR 165-014-0275](#).

After tabulating the number of signatures contained on the accepted signature sheets the Elections Division notifies the filer of the final tally.

If the petition does not contain the required number of valid signatures and the filing deadline has not passed, additional signatures may be submitted.

Amending a Filing

Statements, arguments and translations may be amended in ORESTAR until 5:00:00 pm on the filing deadline day for the election. Filers may change the statement, argument or translations, provide SEL 400s or replacement or substitute photographs.

If the filer submits signatures in lieu of the filing fee, the statement or argument may not be changed unless the filer begins the petition process again or pays the required filing fee.

See the [ORESTAR User's Manual: Voters' Pamphlet Filing](#) for detailed instruction on amending a voters' pamphlet statement or argument electronically.

Withdrawing a Filing

Statements, arguments and translations may be withdrawn in ORESTAR until 5:00:00 pm on the filing deadline day for the election. Once withdrawn, the filer cannot reactive the statement or argument but can refile if the filing deadline has not passed. Any signatures collected in lieu of the filing fee for the withdrawn statement or argument are void. The Elections Division will refund filing fees.

Candidates that withdraw their candidacy in accordance with the [State Candidates Manual](#) or [County, City or District Candidates Manual](#), but after the voters' pamphlet filing deadline, will not appear in the voters' pamphlet and any filing fee paid will be refunded.

Compliance

Review of Statements

After the deadline the **Elections Division** reviews each statement to ensure:

- ✓ the statement begins with the required information, which includes occupation, occupational background, educational background and prior governmental experience;
- ✓ the photograph, if filed, complies with the requirements of ORS 251.075 and of page 12 of this manual;
- ✓ the statement and translation, if any, do not have any obscene, profane or defamatory language; incite or advocate hatred, abuse or violence toward any person or group; or have any language which may not legally be sent through the mail; and

- ✓ the translations, if any, accurately and completely convey the English statement without changing the intended meaning.

Translations

Submitted translations of candidate statements are reviewed for compliance with [ORS 251.055](#) and [251.170\(4\)\(a\)](#) with the assistance of the Secretary of State Translation Advisory Council. Translated candidate statements must be accurately and completely consistent with the English statement's meaning. There are no other reviews for translated terminology, syntax, style, register or grammar accuracy. The Elections Division rejects any translated submission which has been advised to be inconsistent in meaning with the English statement or argument.

The Elections Division will contact the filer to give the reasons why the material does not comply with applicable statutes.

See [Noncompliant Translation Examples](#) on page 39.

Statement of Endorsement Agreement

The **Elections Division** resolves conflicts between the **SEL 400** and the statement or argument in the following manner:

- When reviewed, if both Option 1 and Option 2 are selected on the **SEL 400** and nothing has been entered in the Required Reproduction box, the **SEL 400** will be accepted as if only Option 1 had been selected.
- When reviewed, if both Option 1 and Option 2 are selected on the **SEL 400** and the endorser has entered information in the Required Reproduction box, the **SEL 400** will be accepted as if only Option 2 had been selected.

- The statement or argument governs variations in punctuation, abbreviations and capitalizations.
- The statement or argument may include geographic identifiers and other descriptors such as occupation not listed in the Required Reproduction box on the **SEL 400**.

The Elections Division will administratively revise and bring into compliance any statement identified as not in compliance with the Required Reproduction box on the Statement of Endorsement forms submitted if:

- ✓ the statement, after revision, does not exceed 325 words or 30 square inches of space and
- ✓ the revision maintains the format of the statement.

The Elections Division will contact the filer of a statement not administratively revised to give the reasons why material does not comply with applicable statutes and provide the deadline to file requested corrections.

Review of Arguments

ORS 251.170(4)(a)

After the deadline, the **Elections Division** and, if applicable, the Translation Advisory Council, review each argument to determine if an error was made in:

- identifying the measure number to which the argument relates or
- designating that the argument supports or opposes the measure, or
- a translation which does not accurately and completely convey the English statement, changing the English argument's intended meaning.

 The Elections Division also reviews each argument for statement of endorsement agreement and will make any necessary changes to correct or bring the material into compliance.

Translations

Submitted translations of arguments are reviewed for compliance with ORS 251.055 and 251.170(4)(a) with the assistance of the Secretary of State Translation Advisory Council. Translated arguments must be accurately and completely consistent with the English statements' meaning. There are no other reviews for translated terminology, syntax, style, register or grammar accuracy. The Elections Division rejects any translated submission which has been advised to be inconsistent in meaning with the English statement or argument.

The Elections Division will contact the filer to give the reasons why the material does not comply with applicable statutes.

 See [Noncompliant Translation Examples](#) on page 39.

Correcting Material after Deadline

If corrections to a statement, photograph, statement of endorsement, or argument are necessary, the Elections Division will try to contact the filer using the phone number provided in the filing. The Division does not make Standard Corrections to bring translated material into compliance. Rejected translations may not be revised after the filing deadline.

If the Elections Division is unable to speak with the filer, an email will be sent to the email address provided in the filing. The email will identify and provide:

- material that requires correction or violates statutory provisions;
- reasons why the material does not comply;
- instructions on how to correct or bring the material into compliance, if allowed; and
- deadline to file corrections.

 Additional changes to the statement or argument that were not identified by the Elections Division cannot be made.

Argument in Favor

Oregon Rivers

Oregon is richly endowed with rivers that din through canyons and mountains and whisper through the valleys.

They flow deep through our consciousness for they have carried our discoverers and pioneers, watered our good earth, slaked our thirsting cities, turned the wheels of industry and provided a wealth of fishing and recreational pleasure.

We have harnessed many of these streams for navigation, power and water supply and crowded their courses with highways and business.

Oregon Wild and Free

Considering the demands of the future we have not yet made adequate provision to keep at least a small stock of our finest and still wild rivers in their free-flowing setting.

In a state as bountifully endowed with rivers as Oregon we still have time to claim a few of these free-flowing streams which are outstanding for scenic, fishery, wildlife, geologic, botanic, historic and recreational values. These still wild rivers can be part of Oregon's future if we act to protect their character.

The Oregon Scenic Rivers Measure

The measure would:

- permit pastoral uses of the land and compatible timber harvesting
- stop dams
- allow highways, industrial, business or commercial developments within a quarter-mile of either bank of the scenic waterway if they would not impair the natural beauty of the scenic waterway

Water Rights

Rights to the beneficial use of waters from the designated rivers, and all present uses by the adjoining landowners, are not affected as spelled out in the measure. It protects all existing water rights.

Designated Rivers

Portions of six rivers representing some of the wildest, most beautiful waterways in Oregon — both forested and desert — have been designated for inclusion under the measure. They are the:

1. Owyhee
2. Rogue
3. Illinois
4. main stem John Day
5. Deschutes
6. Minam

Alternative uses are rapidly taking our remaining wild rivers. Their numbers diminish as the recreational need for them grows. It takes but one harness to change a river's character forever.
