### Residence Address

[REDACTED]

Is public officer's mailing address different than the residence address?

Yes

### Mailing Address

[REDACTED]

### Statement (200 words or less)

VOTE NO ON THIS RECKLESS RECALL

As your State Representative, I'm proud of my record standing up for working families, the environment, protecting access to reproductive health care, and prioritizing investments in our community. I fought successfully to raise the minimum wage, establish paid sick time, improve workplace safety laws and ensure fair pay for farm workers.

One disgruntled union launched this recall after I asked questions about their proposed legislation. Because our attorneys said it would violate federal law, I decided to not support it. Their retribution is spending a fortune on a smear campaign to place this recall on the ballot. No other union or organization has joined them.

This recall would overturn a fair election result from less than a year ago. Recalls should be used when elected officials commit crimes or major ethical abuse, not when one special interest gets upset because their bill didn't pass.

Please Vote NO.
