**Agency**  Dept. of Public Safety Standards and Training (DPSST)

**Section:** Board on Public Safety Standards and Training, Executive Committee & Policy Committees, Subcommittees and Advisory Committees/Workgroups of the Board on Public Safety Standards and Training

**Program Description**

The Board on Public Safety Standards and Training (BPSST) exists to develop talented individuals into public safety providers who are culturally competent; ethically, physically and emotionally fit, and well trained, highly skilled and responsive to the needs of their community. The Board promotes the safety, efficiency, effectiveness, self-sufficiency and competence of public safety agencies and professionals, supports collaboration among public and private security, law enforcement, fire service, telecommunications and corrections organizations, the related organizations with whom they work and the interests of the communities they serve. The Board is responsible for adopting or approving all policies, standards and minimum requirements relating to the police, corrections, parole & probation, OLCC regulatory specialist, criminal justice instructor, telecommunications (9-1-1), emergency medical dispatch, fire, private security, private investigator and polygraph disciplines. The BPSST consists of 24-members who serve by virtue of their position, or are appointed by the Governor and confirmed by the Senate. Board member terms are three years with a possible reappointment for another three-year term, unless serving by virtue of position.

The Corrections, Police, Telecommunications, Fire and Private Security Policy Committees serve as recommending bodies to the BPSST and exist to develop policies, requirements, standards and rules relating to its specific discipline(s). Policy Committee members are appointed by the BPSST and serve two-year terms, with the possibility of a reappointment for an additional two-year term.

The Executive Committee (also created by statute) consists of the chairs of the BPSST and of the Policy Committees. The Executive Committee is responsible for reconciling inconsistencies in policies between the Policy Committees and to consider time sensitive matters such as legislative concepts, budgets, grants and other matters that arise between regular BPSST meetings.

The DPSST, BPSST or a Policy Committee may, at any time, form a Subcommittee or Advisory Committee/Workgroup to review specific policies or issues. The role of any Subcommittee or Advisory Committee/Workgroup is to develop recommendations to be submitted to the relevant Policy Committee(s) and BPSST. Subcommittee and Advisory Committee/Workgroup members may be appointed by the BPSST, Policy Committee or Department personnel.

Organizational Placement
Agency: Dept. of Public Safety Standards and Training (DPSST)
Division: Administration and Support
Section: Director's Office

Program Description
The Director is responsible for overseeing the Department of Public Safety Standards and
Training, the executive branch agency charged with developing professional standards and
providing quality training to Oregon’s providers of public safety and private security services.
The Director also has responsibility over the administration of Oregon’s Public Safety Memorial
Fund, the Law Enforcement Memorial Trust Fund, the Governor’s Commission on the Law
Enforcement Medal of Honor and fiduciary responsibility for the Oregon/Idaho High Intensity
Drug Trafficking Area Program. The Director serves as the agency’s Public Information Officer
responsible for the coordination of media contacts as well as the information and outreach efforts
by DPSST through press releases, publications, advertising campaigns, as well as the
organization of public events and public comment opportunities. Target audiences may include
agency staff, public and private safety providers in Oregon, elected officials, and the general. The
Director’s Office is also responsible for legislative coordination, including the development of
agency legislative concepts, tracking, research, testimony preparation and correspondence
relating to legislative issues.

The Governor appoints the Director who serves as the executive secretary to the Board on Public
Safety Standards and Training. Board members annually evaluate the Director's implementation
of policies, standards and minimum requirements for public safety certifications and training, and
the results of this evaluation are reported to the Governor. With the approval of the Governor, the
Director may appoint a Deputy Director, who serves at the pleasure of the Director.

Program Description
The Oregon-Idaho High Intensity Drug Trafficking Areas (HIDTA) program seeks to reduce drug availability in federally designated high-impact drug trafficking areas. Federal grants fund the program, which allocates federal funding to specific initiatives, sanctioned by a multi-jurisdictional Executive Board comprised of federal, state and local law enforcement executives that establishes policy direction for all of the initiatives. Department of Public Safety Standards and Training (DPSST) support’s the Oregon-Idaho High Intensity Drug Trafficking Areas (HIDTA) program, by acting as the fiduciary agency for federal funds granted to the program by the White House, Office of National Drug Control Policy (ONDCP). The HIDTA Training Initiative section produces and maintains the HIDTA program training initiative records.

Organizational Placement
Agency: Dept. of Public Safety Standards and Training (DPSST)
Division: Facilities, Information and Human Resources
Section: Information Services (IS)

Program Description
The Information Services (IS) program is responsible for the planning and development, maintenance, support, and protection of the Department of Public Safety Standards and Training (DPSST) computer systems. Responsibilities include installation, performance monitoring, back-ups, scheduling, inventory management, and diagnosing and correcting user problems. The IS program supports database systems that provide subsidiary records for agency programs. Program staff may also conduct formal or informal training for users and may participate in various work groups related to information system issues.

The program also recommends policies and procedures for and provides technical assistance to agency staff for assembling and installing software. Information Services also troubleshoots personal computers and ensures the agency computer system operates smoothly.

Additionally, the program maintains and troubleshoots the telephone system, cellular phones, audio-visual equipment and copiers. Program staff coordinates the installation of additional/replacement hardware, work with vendors to troubleshoot systems problems, and perform other maintenance functions as needed.

Agency: Dept. of Public Safety Standards and Training (DPSST)
Division: Professional Standards
Section: Criminal Justice Standards and Certification

Program Description

The Criminal Justice Standards & Certification section is responsible for the certification of public safety professionals in Oregon, to include police, corrections, parole and probation officers, criminal justice instructors, OLCC regulatory specialists, telecommunicators and emergency medical dispatchers. Certifications are issued upon demonstration that a public safety professional meets the established minimum standards established by law and administrative rule. This section ensures the compliance of public safety professionals and public and private safety agencies, and investigates instances of non-compliance, which may result in the imposition of a civil penalty or the denial, suspension or revocation of public safety professional certifications. This section maintains Criminal Justice Professional Files for applicants and persons certified pursuant to OAR 259, Chapter 8(1) which include forms related to the training and certification, written waiver requests, written time extensions requests, and memos or information required to be submitted with these forms, training records, final staff report and final staff recommendation created as part of a Professional Standards Case by Standards and Certification and final orders by the Board or Department denying, revoking, suspending, accepting a surrender or other final disposition affecting the status of an application or certification.

This section is also responsible for reviewing waivers of minimum standards, determining eligibility to be a candidate for the office of Sheriff and grants arrest authorizations for federal officers.

**Program Description**

The Certification program is responsible for the certification of fire service professionals in Oregon. Fire Certification is a voluntary program for professional development of fire service personnel. This program manages the records, generates reports and statistics and supports the Fire Policy Committee and Fire Task Force Advisory committees. Certificates are issued to fire fighters, fire prevention officers, fire investigators, public education officers, fire service instructors, fire apparatus drivers and operators, hazardous materials responders, fire officers, technical rescuers, urban search and rescue and wildland fire operations positions. Certification is based on completion of performance objectives and job experience. Some certificates require skills testing or completion of a task book. Fire certification standards address both basic and specialized training.

The Fire Certification program also certifies courses and instructors internal and external to DPSST, examines their credentials and performance to ensure that they meet statutory standards. The program also has the authority to deny and revoke the certification of Fire Service Professionals or instructors as prescribed by statute or regulation.

*Agency:* Department of Public Safety Standards and Training (DPSST)  
*Division:* Professional Standards  
*Program:* Private Security

**Program Description**
The Private Security program's primary function is to administer the certification and licensure processes for Oregon private security providers.

Program staff process requests from constituents, perform routine administrative audits, and contact certificate and license holders to verify and update information. Staff also conducts background checks of applicants on the Oregon State Police's Law Enforcement Data System (LEDS) and processes applicant fingerprints through Oregon State Police and Federal Bureau of Investigation. Staff conducts compliance checks, performs administrative investigations as well as direct investigations of licensees and certificate holders to ensure compliance.

These individuals are required to maintain specific standards outlined in law and rule to retain their certification or licensure. These individuals may not commit certain crimes and must keep current in their training. Violations of standards may result in civil penalties, denial or revocation of the license or certificate. Fees are charged for certification and licensure and must be renewed every two years.

Program: Academy Training Logistics

Program Description
This program provides the logistics for the delivery of all training at the Oregon Public Safety Academy (OPSA). The logistics include the detailed coordination and scheduling of multiple and concurrent instructors, classes, classrooms, venues, equipment and supplies needed for the day to day operations and external constituents using OPSA facilities. The logistics include coordination of class materials, the proper set up of venues and their related equipment as well as ongoing website training schedule updates.

This program also includes managing instructors; their assignments based on need and skillset, their timekeeping and travel expenses and related personnel updates. Instructors include volunteers, agency loaned instructors as well as employees.

This program includes tracking of training deficiencies and remediation of those deficiencies.

Section Tactical Training

Program Description
The Tactical Training Section is responsible for the oversight, coordination and delivery of tactical training programs which include Emergency Vehicle Operations (EVOC), vehicle stops, building searches/tactical movements, DUII wet labs, and all scenario-based training for basic mandated classes. This “hands-on” training familiarizes students with the specialized skills they will use in their careers. In scenario-based training students are dispatched to simulated, real time calls and evaluated on a full range of scenario-based elements including problem solving, application of the law, ethics, survival skills, community policing and diversity.

Within these programs this section is responsible for assessing training needs, designing or modifying course content, and evaluating the effectiveness of training. The tactical skills programs maintain documentation of student performance during their basic academy and schedules and provides remediation of students with deficient performance after their basic academy. Agency part-time trainers, agency loan instructors and volunteers assist with the instruction related with these training programs.

This section maintains an inventory of equipment, weapons and ammunition to support all programs within this section.

Agency: Department of Public Safety Standards and Training (DPSST)  
Division: Training  
Section: Tactical  
Program: Regional

Program Description  
The Regional Training program is responsible for directing regional delivery of training statewide for all public safety providers. The state's public safety providers trained by this program include police officers, regulatory specialists, fire, corrections and parole and probation officers, telecommunicators, and emergency medical dispatchers.

The program also works to establish effective lines of communication with agency heads and managers of public safety agencies, board members, advisory committee members, legislators, city, county, state and federal officials, presidents of colleges and universities, community groups, and private citizens regarding training related issues.

**Organizational Placement**

**Agency**  Department of Public Safety Standards and Training (DPSST)

**Division:** Training

**Section:** Survival Skills

**Program Description**

The Survival Skills Section is responsible for the oversight, coordination and delivery of survival skills training programs which include Firearms, Defensive Tactics, Confrontational Simulation, MILO (use of force simulator), and Health and Fitness for basic mandated classes. Within these programs, this section is responsible for assessing training needs, designing or modifying course content, and evaluating the effectiveness of training. This “hands-on” training familiarizes students with the tools and skills they will use in their careers and allows them to demonstrate their knowledge learned in the classroom in areas such as law and use of force.

The Survival Skills programs maintain documentation of student performance during their basic training, schedules and provides remediation of students with deficient performance after their basic training. Agency part-time trainers, agency loan instructors and volunteers are used to assist with the instruction.

This section maintains an inventory of equipment, weapons and ammunition to support all programs within this section.

Organizational Placement
Agency: Dept. of Public Safety Standards and Training (DPSST)
Division: Training
Section: HIDTA Training Initiative
Program: High Intensity Drug Trafficking Area (HIDTA) Program

Program Description:
The mission of the Oregon-Idaho HIDTA Training Initiative is to enhance the effectiveness and efficiency of Oregon-Idaho HIDTA initiatives by securing and providing targeted, high priority training and an information sharing forum that directly enhances their effort to measurably disrupt and/or dismantle drug trafficking organizations, money laundering operations and related violent crime groups in support of the Office of National Drug Control Policy (ONDCP) National Drug Control Strategy and the Oregon-Idaho HIDTA Counter Drug Strategy.

DPSST conduct a needs assessment and survey to identify the training requirements of the Oregon-Idaho HIDTA participants. The results of the survey - as well as the advice of an advisory committee comprised of Oregon-Idaho HIDTA participants from federal, state, local and tribal agencies – is instrumental in the creation of a training strategy that brings relevant, high quality, effective and cost efficient courses to a larger number of Oregon and Idaho law enforcement officers thus enhancing their training opportunities. In addition to bringing courses to Oregon and Idaho, initiative funds are used to send Oregon-Idaho HIDTA participants to specialized training that is not available in the HIDTA region.

DPSST utilizes a national HIDTA database - HIDTA HOTT - to track the outputs and outcomes achieved by the Oregon-Idaho HIDTA Training Initiative. The Director’s Office provides administrative support for the HIDTA program.

Agency  Department of Public Safety Standards and Training (DPSST)
Division:  Training
Section:  Center for Policing Excellence

Program Description
The Center for Policing Excellence (CPE) develops basic and leadership training curricula that promotes the building public trust and confidence, decreasing crime or disorder, and increasing offender accountability. CPE provides leadership development programs both on-site and regionally, and facilitates collaborative efforts between researchers and practitioners to support evidence based decision making.

CPE is also responsible for ensuring DPSST’s criminal justice training programs reflect the needs of Oregon’s public safety communities, utilize effective educational strategies, and accurately assess learning and performance. Duties include, but are not limited to: facilitating curriculum development work groups; developing and maintaining curricula and materials; developing and maintaining written examinations, skills evaluations, and other achievement measures; developing and maintaining field training manuals. Curriculum and testing records are maintained for DPSST’s mandated courses.

Agency: Department of Public Safety Standards and Training (DPSST)
Division: Training
Section: Fire Training
Program: Training

Schedule number: 2016-0004

Program Description

The Fire Training program assists in training course delivery for Oregon's fire professionals. Fire training in Oregon follows the National Fire Protection Association (NFPA) standards for content and proficiency. Fire training is presently voluntary in the State of Oregon.

The program staff provides a variety of training opportunities throughout the state. In addition, the staff develops, distributes, and coordinates course applications and registrations for seminars, National Fire Academy Outreach, Fire Institute classes (college level courses offered by Eastern Oregon University), and other training opportunities on a regional level.

Program staff also provides clerical and training support to the Fire Advisory Committee and fire task forces.
